A GOOD COMMENT ON POLITICAL ADVERTISING.

RALBIGH, N. C., Nov. 7. The famous Gattis-Kilgo case has been continued by consent to the next term of Wake superior

case wherein Rev. Thos. J. Gattis, of Durham, is suing Dr. J. C. Kilgo, president of Trinity College and Mr. B. N. Duke. of Durham, and Mr. Odell, of Concord, The case has been twice tried and new trials afterwards granted by the supreme court.

The newspapers of the South ere gradually awakening to the impoition that has been practiced upon them for so many weary years by the politicians and professional

The burden which they have borne because of it, here in North Carolina, if footed up at the end of a campaign at regular advertising rates, would appear almost inredible.

The politicians do not presum to ask like "favors" of people engaged in any other business, but have come to the point where they take it for granted that a newspaper must print column after column of purely advertising matter, proper. free and many of them no nger ask it as a "favor," and do ot even say "thank" you in return.

They do not even stop thereome of them. For they are not only unappreciative, but in many ases ungrateful,

Their ingratitude, and worse, is abuse of newspapers.

Especially has this disposition een manifeted in our General Assembly, when a little cross-roads South, as it is now changing in politician who has secured an election to the Legislature through the aid of his county newspaper, arises in the House and brays his 'indig nation" to the Speaker and the lobbies because some newspaper has told the truth about him.

I tion of wide circulation and the ad vertising in its columns is among the most expensive in the country. No doubt the appearance of this court, sitting for the trial of civil advertisement is a signal for the beginning of extensive paid publicity on the part of the Republican national committee. Four or eight

years ago such purchases of space

for political advertisements was

inheard of. Since that time the New York papers have printed nore and more political advertising during their municipal and State campaigns. The speeches of a Democratic candidate, for instance. would be inserted as an advertise ment in a Republican paper. This has become a feature of the cam paigns, and inasmuch as advertisng has come to be u ed for nearly every purpose the natural result has been the advertising of a national Presidential candidate. In our opinion the Republican national committee has shown exce lent judgement. The Democratic committee should not fail to enter on a similar campaign."

Whereupon the Atlanta Journal dds this truthful criticism; "In the South our campaign committees go to work and raise a campaign fund. They spend this fund on stump speakers, and in writing letters mainly. For the same am ble the number of voters through the newspapers. But your Southern politician argues that the news papers will exploit the party nomnees any how; that it is useless to spend money on them. They not only refuse to pay the newspapers not infrequently manifested by an anything for this service, but very often they solicit campaign contri butions from them as well. In time this will be all changed in the

the East." The Journal is correct and the change is coming on more speedily than the language of that pape suggests.

The politicians will soon find it necessary, in the South as in the It is observed, however, that the East, to exploit their own plans, light is breaking—in the east, of and to pay for the newspaper ad-

THE RESULT KNOWN BARLY

The period of suspense that fol-

lowed the closing of the polls was not prolonged. In no election in recent years has the result been definitely know so soon. Hardly had the sun gone down when results in New York began to appear. By 7 o'clock it was evident that the great Empire State had given the republican candidates a majority beyond the predictions of the party managers. So convincing was the story of the bulletins, that at 7:30 August Belmont at Democratic headquarters conceded Roosevelt's election by an overwhelming majority, and half an hour later the Democratic leaders, who had managed the campaign, freely admitted that the Republicans had carried every doubtful State. There was no disposition to hope against hope. As State after State sent in its Republican majority, and the wires told the tale of the ballots bringing even from those Common wealth's upon which they had based their figures of Democratic success, reports of unprecedented Republican majorities, they trankly conceded their defeat and offered no explanation. Soon after Mr. Belmont's admission, Judge Parker aknowledged the situation by tele-

graphing President Roosevelt his congratulations. The perfect weather conditions which prevailed over practically the etire country brought a vote which experienced politicians predict will a record breaker, and in th crease of ballots, the Republicans gained more than their share.

NORTH CAROLINA

IS AS EVER TRUE

The Figures Indicate a Majority For the Entire State Ticket From 50,000 To 60,000.

The returns from the various ounties in North Carolina clearly indicate that the State is Democrat ic by a majority of about 50,000.

Democrats elect ten members of Congress. The returns are complete as to this fact from eight districts, and the news from the Righth and Tenth indicate that both are Democratic by small majorities.

The Democrats will not lose member in either branch of the General Assembly, but will hold the counties giving majorities in 1901, perhaps gaining. In the House there will be at least 101 Democratic members out of 120, and the Senate 44 members out of
