This fine weather is an excellent time for street cleaning. The back lots in the business section need immediate attention. The health of those who have to stay in the stores demands that something should be done along this line. Let's have that done now while the sun shines, so that there will not be a great deal of sickness later on.

It seems quite certain that the passenger service asked for in petitions to the Corporation Commission sometime ago is an assured fact. This matter will be heard by the Commission next week when both sides will be presented. If sentiment can be aroused to such a degree that people along the line will demand that they be treated fairly and impartially, there will be no doubt. Parties are pushing the matter who say they will not let up until some conclusion is reached. The people and towns should write letters to the Commission making known their interest and they should do so without delay that it may have its effect on the hearing.

HAMILTON NEWS

Mrs. Maggie Calhoun, of Rocky Mount, is on a visit to her mother Mrs. Georgia Johnson.

Dr. Fleming has returned from his home in Greenville, where he spent a few days recuperating from his illness.

Miss Lottie Morriss died last week and the funeral was conducted from the Methodist Church. See article elsewhere in this issue.

Hamilton High School was represented at the Teacher's Association by the principal, Mr. Ray, last Saturday.

Dr. Matthews has his vacation and is spending sometime in town.

Miss Inez Gray has been quite ill, but is a little improved at this writing.

We have had a large number of people sick, but most are now on the road to recovery.

Rev. J. W. Noble, the pastor of the Missionary Baptist Church, is conducting a protracted meeting at his church. He began Sunday morning at his regular appointment, and Rev. S. L. Morgan, of Littleton, came Monday evening to assist him. The singing at these meetings is said to be very good, and we know that the preaching is of the kind that has the best results.

Death of Miss Lottie Morris

Miss Lottie Morris died very suddenly at her home Tuesday afternoon October 16, at 2:30 o'clock. Miss Morris had been confined to her bed for about a week, but her death was not expected.

The funeral was conducted from the Methodist church at that place Wednesday afternoon at 3 o'clock. The service was conducted by the Rev. Chas. W. Ray.

Martin County Teachers' Association

The Teachers Association of Martin County held its regular meeting Saturday Oct. 20. Taking into consideration the rain and muddy roads a surprisingly large number of teachers were present.

Several well prepared papers were read and able talk made by members on the program. There followed lively discussions which showed an unusual degree of interest teachers are taking in matters vital to this work. The writer thinks the paper on the word method read by Miss Mary Hodges, and the remarks on Reading by Miss Meta Liles deserve special mention.

Prof Everett of the Robersonville Graded School was present and as usual was brimfull and running over with enthusiasm. In a teachers meeting Prof. Everett is the embodiment and execution of an entire program within himself. No man in the state is leading a hotter chase upon the trail of illiteracy than Everett of Robersonville.

Prof. Ray of Hamilton Academy in his pleasing manner interspersed the proceedings with pertinent questions. At each subsequent meeting the members of the association will look around for the man from 'high' er up the river.

And then there was present to cheer and to pray Supt. R. J. Peel who both leads and follows every interest looking to the welfare of the schools under his supervision. We love the faith and sincerity of the man who we believe carries upon his heart the life of every child in Martin County.

Mr. A. J. Manning gave some valuable suggestions on how to teach multiplication table and fractions. Mr. Manning is perhaps the foremost mathematician in the county.

Others participating in the discussions were Misses Burrous, Hyman, and Messrs Sylvester Peele and Liles.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are

claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.
