Resolution on 1907 Cotton Acreage

The following resolution was passed by the great convention of the Southern Cotton Association held in Birmingham.

"In view of the fact that a great many farmers have adopted the intensive system of farming, increasing the yield per acre and new territory each year is being planted in cotton, that heretofore has not grown cotton, thereby increasing the production, therefore in order to maintain satisfactory and remunerative prices, we urge and recommend a full reduction of 10 per cent. of cotton acreage for the year 1907."

"We further recommend that the acreage so reduced be planted in food crops."

"We are sure that unless the farmers unitedly reduce their acreage of cotton that they will be confronted at the end of the season with equally bad, if not worse conditions than they were in 1904, when cotton went down to 6 cents per pound."

Respectfully submitted by the Committee on acreage."

F. G. HUDSON, Chairman, W. S. PHARR, Secretary.

The executive Committee of the North Carolina division of the Southern Cotton Association, earnestly solicit the aid of every farmer, merchant, banker and all men of the State who are interested in maintaining a fair price for cotton to use their influence to reduce the acreage for 1907 full 10 per cent. from the acreage planted in 1906

We also call for help in our effort to produce on every farm in the State, sufficient food and crops for the needs of man and beast on our farms.

Respectfully, C. C. MOORE, Pres.

The San Franciscans have just ordered 800 new pianos. After the earthquake even the piano has no terrors for them.

Brighter Prospects. Increase Your Yields Per Acre. We have many actual photographs of cotton fields on which no fertilizers were used and pictures of fields on which "other makes" of fertilizers were used. Results of these crops were dismal failures. There are much "brighter prospects" ahead for the progressive farmers of the South. Two and three bales to the acre are only ordinary yields where

Virginia-Carolina Fertilizers are used with proper cultivation. Make your cotton mature early, and thus escape the boll weevil and other damaging insects. You can easily do this, as well as increase the number of bolls (and their size) on your plants by plentifully using Virginia-Carolina Fertilizers. This method will "transcendently" increase your yields per acre. Don't be fooled into buying a substitute. Virginia-Carolina Chemical Co. Richmond, Va. Norfolk, Va. Durham, N. C. Charleston, S. C. Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair.

Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

Ayer's. Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

The Thaw trial gives the yellow press the sort of stuff to print without having to invent it.

Skin Disease of Twenty Years Standing Cured

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. I have been treated by several as smart physicians as we have in this country and they did me no good, but two boxes of this salve has cured me.—Mrs. Fannie Griffen, Troy, Ala. Chamberlain's Salve is for sale by S. R. Biggs

The English Admiral, Lord Beresford thinks that a big navy is the best argument for peace. Strange isn't it, that it is always the best argument for war?

What to do When Bilious

The right thing to do when you feel bilious is to take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse the stomach and regulate the liver and bowels. Try it. Price, 25 cents. Samples free at S. R. Biggs' drug store.

If they should ever ship a statue of Secretary Shaw in a "characteristic attitude", it would be that of "relieving Wall street".

Panama Canal—Eric Canal

Machinery is digging the Panama Canal a thousand times quicker than the shovel dug the Erie.

Machinery produces the L. & M. Paint at 50 times less cost for labor, than if made by hand.

The L. & M. gives the best job in the world, because L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years. It only requires 4 gallons of this celebrated paint and 3 gallons of Linseed Oil at 60 cts per gallon, to paint a moderate sized house.

If any defect exists in L. & M. Paint will repaint house for nothing. Sold by S. R. Biggs, Williamston, N. C.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found In Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process develops in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that look like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco you are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.
