ABSOLUTELY PURE

ROYAL BAKING POWDER CO., NEW YORK.

Gen. Kuroki has set a mighty wholesome example for the distinguished men of this country. He has turned down all the most tempting offers to contribute articles to the magazines.

For a cold or a cough take Kennedy's Laxative Cough Syrup. It is better than any other cough remedy because its laxative principle assures a healthy, copious action of the bowels and at the same time heats irritation of the throat, strengthens the bronchial tubes and allays inflammation of the mucous membrane. Contains Honey and Tar, pleasant to take. Children like it. Conforms to the National Pure Food and Drug Law. Sold by S. R. Biggs, Williamston, N. C. Slade Jones & Co. Hamilton, N. C.

That southern judge who has fined a railroad \$50,000 for accepting \$100,000 worth of rebates evidently does not want to be too precipitate about breaking up the practice.

A Narrow Escape

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by S. R. Biggs, Druggist, 50c and \$1.00. Trial bottle free.

Reuf and Schmitz seem unable to convince the public as to which of them was the wicked partner.

Artists have no trouble in securing models. The famous beauties have discarded corsets and have become models in face and form since taking Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. J. M. Whittier & Co. at Robersonville N. C.

The Inland Waterways Commission will continue its investigation in New York Harbor or Wall Street?

Cascasweet for babies is the best remedy for colic, summer complaint, diarrhoea and sour stomach. It is especially good in cases of teething when irritation affects the stomach and intestines. Cascasweet is a pleasant, safe remedy, containing neither opiates nor narcotics; all the ingredients are printed plainly on the wrapper. Endorsed by mothers because it acts so quickly. Sold by S. R. Biggs, Williamston, N. C., Slade Jones & Co. Hamilton, N. C.

If Mexico is ultimately forced to whip Guatemala, she will have the sympathy of this country. We know by experience just what the European powers will say about "overwhelming brute force."

Relief From Rheumatic Pains

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by S. R. Biggs.

It looks as though the officials of the Pennsylvania railroad had not grafted many suburban lots at any rate.

My Best Friend

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at S. R. Biggs, Druggist.

President Roosevelt could get almost any job in American public life he wanted except a chance to serve on the Hayward jury.

Don't Pay Alimony

To be divorced from your appendix. There will be no occasion for it if you keep your bowels regular with Dr. Ling's New Life Pills. Their action is so gentle that the appendix never has cause to make the least complaint. Guaranteed by S. R. Biggs, druggist. 25c. Try them.

Now that Lawyer Abe Hummel has been consigned to jail for perjury, the question will be asked as to how many of his undiscovered victims in New York are paying alimony under false pretenses.

Wonderful Eczema Cure

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at S. R. Biggs Drug store, 50c.

How Prohibition Works in Durham.

Frequent published references to the temperance situation in Durham have appeared, stating the worst facts, half truths, exaggerations and some things that are altogether untrue, implying thereby that there is more drunkenness and crime in our town now under the prohibitory laws and the whole state of things worse than it was when he had bar-rooms. These misrepresentations have been republished by other papers in this and other states, and used against the cause of temperance in campaigns elsewhere, thus injuring the cause of temperance and doing an injustice to the good people of Durham. In view of this, on last Monday, at a regular meeting of the Ministers' Association which is composed of the pastors of Durham of all denominations, a committee of three was appointed to examine the court records of Durham carefully to secure and publish the facts accurately as they are. We feel that a just and fair comparison of the situation under the old administration when we had bar-rooms and that of the new under which we have prohibition can be made by showing the number of arrests made during a given period in each for all causes, and how many of those were for drunkenness, as follows:

During the year 1903, the last year in which bar-rooms were allowed to exist in our town, there were, according to the report of the chief of police, 1,635 arrests for all causes, and 674 of them for drunkenness. During the year 1904, the first year under prohibition, there were 1,010 arrests for all causes, and 200 of them for drunkenness. That is, under prohibition in Durham, crimes of all kind were reduced from 1,635 to 1,010 for the first year, arrests for drunkenness were reduced from 674 to 200 for the same time. Or to put it in another way, there were only 72 crimes of all kinds under prohibition to 100 when bar-rooms were open and only 29 arrests for drunkenness under prohibition to 100 when we had bar-rooms. When bar-rooms existed drunkenness constituted 41 per cent of all the arrests. Under prohibitory laws drunkenness constituted only 19.45 per cent of all arrests.

This is a comparative statement of one year only under each administration.

Taking the whole period of prohibition in Durham, three years (lacking two months), and by adding the figures of the corresponding two months of last year we have three full years, the average number of crimes per year, according to the report of the chief of police, were 1,276 and the average drunks per year were 285, while for the year ending May 1903, when there were about twenty bar-rooms in Durham, the number of arrests for all causes, according to the annual report of the chief of police, was 2,031 and for drunkenness 877. Thus it will be seen that crimes of all kinds have been diminished by prohibition to about one-half, and drunkenness has been reduced more than two-thirds.

These are the findings of the committee, notwithstanding the large increase in our population during the last four years. The moral tone of our city, under prohibition has been higher in proportion to this decrease in crime and the enlargement and prosperity of business has been even greater in comparison—our town is prosperous and growing rich and our people are morally elevated and happy except those who are addicted to drink and their so-called friends who desire to live at the expense of the victims of the alcohol. These figures from the police record furnish a striking proof of the wonderful success of prohibition as compared with the bar-room regime, and at the same time show how unfounded are the reports circulated by the enemies of prohibition to its discredit. We fully recognize that the law is not enforced as it should be, and as the citizens of our town have a right to expect. One of the weaker

points in the enforcement of the law has been the light penalties imposed upon violators. We appeal to our people to use their personal influence and to see to it that those to whom we have entrusted the enforcement of the law, and who are under oath to do it, shall do their duty.

Father and Son in The Confederate Army Both Now Living.

There are perhaps very few instances in which father and son served in the Confederacy and both still live, but there is one such case in Harnett county. Mr. Jacob Holder and his son, Mr. Ripley Holder, entered in Company H, 50th Regiment N. C. Troops. One of them enlisted in 1862, the other in 1863, and both live and are on the pension roll. Mr. Jacob Holder is quite feeble, being near 90 years old. There were several such instances in this county two years ago, but there is only one now. One by one they are passing over; steadily the eternal camp is growing. Ere long—taps—and all will be asleep. Lillington News.

It's too bad to see people who go from day to day suffering from physical weakness when Hollister's Rocky Mountain Tea would make them well. The greatest tonic known. 35 cents, Tea or Tablets. J. M. Whittier & Co. at Robersonville N. C.

Record Breaking Receipts.

There was a record broken in the Postoffice Department last week. The Postmaster General turned in to the Treasury \$22,359,120 the largest amount for one quarter in the history of the office. This was not so remarkable for the Department is growing all the time and the receipts naturally increase. But the amount exceeded the expenditures by \$1,800,815. This is a record sure enough. It indicates a good business administration and as a financial index to the prosperity of the country it is decidedly encouraging. Now that the Postoffice is making an effort to get on even a better business footing, more fully weighing the mails and adjusting railway payments to correspond, there seems a prospect of its becoming actually a self supporting department. This will be cheerful enough news to the general public, but it has a rather ominous ring for the express companies, telegraph and telephone companies and others of the great public utilities now run at immense profit by private corporations and whose constant claim has been in the past that the government could never do such work as they are doing cheaply and at a profit. Postal service is about the cheapest great service the public enjoys, and no one can say that it is not about the best also. It is nevertheless inferior to the Postal Services of England, Germany and France, for it permits a lot of rapacious express companies to skim the cream of the service and skin the people of the United States.
