**MAN-A-LIN**

THE IDEAL LAXATIVE MADE FROM CORRECTIVE AND ADJUVANTS

**MAN-A-LIN Is An Excellent Remedy for Constipation.**

There are many ailments directly dependent upon constipation, such as biliousness, discolored and pimply skin, inactive liver, dyspepsia, overworked kidneys and headache.

Remove constipation and all of these ailments disappear.

MAN-A-LIN can be relied upon to produce a gentle action of the bowels, making pills and drastic cathartics entirely unnecessary.

A dose or two of Man-a-lin is advisable in slight febrile attacks, in grippe, colds and influenza.

that which their children help sustain. Journalistic talent may be discovered and developed. No person can have the proper interest in his County and not wish the best paper that can be published. Better support will insure a better paper. Let us use the paper as a means of interchanging our thoughts. Your thoughts may become stagnated if you do not put them into circulation. Let your neighbors and friends know what you are doing. John D. Everett, of Robersonville will be glad to receive any thoughts of importance and pass them on to all the readers of The Enterprise. Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is Kodol, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by S. R. Biggs.

**THE PROPOSED PROHIBITION LAW**  
 By State Organizer of the Anti-Saloon League

**1. WHAT IT WILL DO**  
 It will abolish every licensed whiskey and brandy distillery in the State.

It will abolish every saloon and dispensary in the State.  
 It will stop the wine traffic within the State. For wine can be sold only at the place of manufacture in quantities of two and one-half gallons or more and not shipped anywhere in the State.

It will stop the sale of all those chemical mixtures by whatever name known that will produce intoxication.

It will place under the most stringent and binding regulations pharmacists and physicians, who may handle intoxicating liquors for medical purposes only.

It will allow the officials of any county or town to regulate or prohibit the sale of intoxicating liquors by pharmacists in the drug stores.

**2. WHAT IT WILL NOT DO**  
 It will not prohibit the farmer from making cider from fruits grown on his own land and selling the same at home or in his market town.

It will not stop the manufacturer

from making his wine and shipping it outside the State.  
 It will not stop the sale of those medical preparations and essences that may have alcohol in them to preserve them or to hold the medicinal agents in solution, such as camphor, vanilla, etc.  
 It will not repeal existing prohibition laws.  
 It will not prohibit the sale of wine to ministers or church officials for sacramental purposes.  
 If this law fails to be ratified by the people at the polls on May 26th, 1908, it will not affect the present status of any existing prohibition law in the State. In other words, the dry territory will not be changed.

We are sure when you have studied this law you will agree with us that it is fair.

Under this law, Greensboro's voting wet would not make it wet, and Salisbury voting dry would not make it dry. Under local option Greensboro has voted dry, and as a locality she must remain so until the locality assuch votes wet, while Salisbury has voted the other way. This vote on "the manufacture and sale of intoxicating liquors" in North Carolina is quite a different thing from local option.

Again, this law is right. For the influence of liquor is never local. Salisbury or Wilmington citizens, while controlling the sale of the traffic, do not control the dangerous and damaging influence of this traffic. This influence is felt for hundreds of miles around. Every citizen in the State has a right to self-protection against the influence of this traffic, now centered at a few points, and the only way of protection is the abolition of the traffic throughout the State.

**Neighborhood Favorite.**  
 Mrs. E. D. Charles of Harbor Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alterative tonic is sold under guarantee at S. R. Biggs drug store, 50c.

To the banquet habit in this country we are indebted for 90 per cent. of the fine theories of government and public progress.

Foley's Honey and Tar cures the most obstinate coughs and expels the cold from the system as it is mildly laxative. It is guaranteed. The genuine is in the yellow package. C. C. Chase., S. R. Biggs.

**ENGLAND SAYS NO ALUM IN FOOD**  
 and strictly prohibits the sale of alum baking powder—  
**So does France So does Germany**  
 The sale of alum food has been made illegal in Washington and the District of Columbia, and alum baking powders are everywhere recognized as injurious.  
 To protect yourself against alum, when ordering baking powder,  
**Say plainly—ROYAL BAKING POWDER**  
 and be sure you get Royal.  
 Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

**A Pretty Church Wedding**

Hamilton, N. C., Feby. 24, 1908  
 A pretty marriage occurred in the Hamilton Baptist Church on Wednesday, February 19th, at 3:30 p. m., when Miss Clara Salsbury became the bride of Mr. William Z. Morton.  
 Loving hands had perfected artistic decorations; the color scheme being green and white. The entire rostrum was covered with white while immense columns of green and white, with ferns arranged on each, formed the background.  
 Palms, ferns, and other potted plants were arranged with good effect, and to complete the scene there was in front of the rostrum an arch made of white bunting and ivy and a white bell was suspended in the center.  
 Mrs. Paul L. Salsbury presided at the organ and Lohengrin's Wedding March announced the arrival of the bridal party. The ushers, Dr. Major J. Fleming and Mr. Harvey Roberson, entered and were followed by the flower girls, little Mildred and Vella Andrews who stood on the rostrum step one on either end. Then down either aisle came the bridesmaids and groomsmen in single file, and crossing in center they took their places. They were Miss Alice Grimes and Mr. Herbert L. Salsbury, Miss Alma Fleming and Mr. Morton, Miss Rasha Sherrod and Mr. A. R. Dunning. Next entered the maid of honor, Miss Kate Harrison, followed by the ring bearer, Louise Salsbury. Lastly came the bride with her father, Mr. R. H. Salsbury, while the groom entered with his brother Mr. Hubert Morton as best man. They stood under the arch where they were met by Rev. W. A. Ayers, pastor of the first Baptist Church of New Bern, who performed the beautiful and impressive ceremony the bridal party retired to the strains of Mendelssohn's Wedding March. The bride and groom were preceded by the flower girls, then followed the ring bearer and next the maid of honor and best man. The bridesmaids and groomsmen followed in couples, and lastly the ushers.

Amid congratulations and best wishes Mr. and Mrs. Morton left on a trip to Richmond and Chase City, Virginia. On their return they will be at home in Robersonville. The residence of the groom.

The bride was gownned in a suit of blue Panama cloth with Persian and white trimmings, hat and gloves to match and carried a shower bouquet of brides roses. The maid of honor was attired in white net over Nile green taffeta, white gloves and shoes and white picture hat, and carried a shower bouquet of white carnations. The bridesmaids wore white silk dresses with lace trimmings, white gloves and shoes, and carried white carnations. The ring bearer and flower girls were dressed in dainty white dresses and white shoes. The groomsmen wore the conventional black with white ties and gray gloves.

The bride, a daughter of Mr. R. H. Salsbury, is an attractive young woman, highly cultured and accomplished and possesses decided
