A CORRECTION

In the last issue of THE ENTERPRISE a grave mistake occurred. Our compositor made us say something that we did not intend to say. In setting up some editorial squibs the compositor made one paragraph where two was written and intended. For fear that some may take the wrong view of the article, we make this statement. We reprint the articles as intended to appear last week.

Only two dissenting voices in the Convention—well, you find knockers in every walk of life.

The second, and one that in no way was intended to bear upon the first, was:

Frank, open criticisms are many and commendable, and should be invited, but, attacks in the dark are mean—dispicable even in politics.

The candidates for the various county offices are putting in lots of work these days.

We are glad to note that editor Lee of the Benson Spokesman is again able to take charge of his paper.

The editor of the Greenville Reflector has our sympathy. We know what it is to be laid up with a bad foot, and we hope he will soon be all right again.

Mr. Plenny Peel has an article in this issue that is of importance to every citizen of the county. He hits the nail on the head when he says Martin County should have a competent man to look after road making and bridge building. If any of our readers have any ideas along this line let us have them. We will gladly publish letters on this subject.

We have received word from Mr. N. T. Riddick, who is touring the West and especially the State of Oklahoma, that he cannot furnish us any more "write-ups" of his trip. In a letter to Mr. J. W. Perkins of Everetts he says that should he write about the country he is now in and tell of things as he sees them, he fears his friends here would doubt his veracity. Mr. Riddick speaks in glowing terms of the West.

The nomination of Hon. John H. Small by the congressional convention of this district at Plymouth Thursday, for the sixth consecutive term, was a well merited honor to that distinguished gentleman and shows how highly he is esteemed by the people of his district. He is truly a most faithful representative, and the people have learned that it is to their interest to keep a man in congress who is able to do something for them.—Greenville Reflector.

Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life.—William H. Strolling, Carbon Hill, Ala. There is no doubt but this remedy saves the lives of many children each year. Give it with castor oil according to the plain printed directions and a cure is certain. For sale by All Druggists and Dealers in Patent Medicine.

Heat prostrates the nerves. In the summer one needs a tonic to off-set the customary hot weather Nerve and Strength depression. You feel better in 48 hours after beginning to take such a remedy as Dr Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get intirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless spiritless feeling will quickly depart when using the Dr. Shoop's Restorative. It will strengthen the weakened Kidney and Heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by all dealers.

When Governor Glenn is nominated for President by the Prohibition party the Charleston and Columbia papers will set about to prove that he was not born in North Carolina. That is a way they have about them.—Charlotte Observer.

Just Exactly Right

"I have used Dr. King's New Life Pills for several years, and find them just exactly right," says Mr. A. A. Felton, of Harrisville, N. Y. New Life Pills relieve without the least discomfort. Best remedy for constipation biliousness and malaria. 25c. at All Druggists.

Never suspect a friend of doing you wrong until the proof of it is as plain and as clear as the sun at noon on a cloudless day, and then, —yes, even then do not accuse or censure until you have heard from his own lips his version of the supposed wrong. If you were ever a friend to him he is certainly entitled to that much forbearance and consideration. If this rule was practiced, many a misunderstanding would be averted, and many a heartache spared.—La Grange Sentinel.

Williamston vs Robersonville

Yesterday afternoon at the ball park the second team of Williamston crossed bats with the boys from Robersonville the home boys winning by score of 8 to 6 in a seven inning game. The game being called in the seventh inning in order that the visitors could catch the 4:30 train.

The Remedy That Does

"Dr. King's New Discovery is the remedy that does the healing others promise but fail to perform," says Mrs. E. R. Pierson, of Auburn Centre, Pa. "It is curing me of throat and lung trouble of long standing, that other treatments relieved only temporarily. New Discovery is doing me so much good that I feel confident its continued use for a reasonable length of time will restore me to perfect health." This renowned cough and cold remedy and throat and lung healer is sold at All Druggist, 50c. and \$1.00. Trial bottle free.

The County Commissioners

The time has come when we should consider who shall handle the finances of Martin County; and another matter to consider is who is qualified to be a County Commissioner.

I think at least one member of the board of Commissioners should be a man of experience in bridge building and road filling, which is being done in all parts of the County, and which is paid for out of the fund of the County, and generally done by contract, let out to the lowest bidder, and some times the county pays very high prices for the work done, because bidders are scarce and always get the contract whether high or low, because the bidder gets the job at the lowest bid.

Now the point is, we need a man to let out contracts to build bridges and fill roads, that knows the value of the work before he puts it up for bids, and a man that depends on his own judgment in all matters, that come under his supervision and not depend upon the judgment of the men who expect to take the contract. And the Commissioner, or the man that has such work done, should be a judge of No 1 timber, and know what good lumber is when he looks at it, and will not let experienced contractors work in No. 2 lumber when No. 1 was agreed upon, and not allow shoddy jobs done and then receive and pay for same when No. 1 work was agreed upon. I think the contractor should have a fair profit on his work in all cases. But, if the commissioners should have all jobs figured out at what is fair and right, and if they cannot get it at the proper price for the lack of bidders, he should call the bid off and buy the lumber and have the bridge built as it should be with it proper piled and anchored.

We find that it has been a rule for a good long time that the member of the board that lives nearest the point where work is done to go and attend to it whether he be a judge of lumber or experienced in the work or not. In such cases then the county is at the mercy of men looking to their own interest and not the interest of the county. Then we find in other cases when each member of the board seems to doubt the judgment of the other members, or doubts his own judgment, and all go in a body accompanied by the Register of Deeds to write specifications and contracts just to build a bridge and fill a road, which we think very expensive. Now if there is not a member of the board that has the qualifications to have such work done without paying the whole board I think the board should hire a man that is fully qualified to attend to that part of the work and save the ex-

pense of so many men, and probably the work would be more satisfactory to the tax payers of the County.

I would like to hear from some other man, or men, on the subject.

Jamesville, N. C.

Do You Trust Your WATCH?

You've seen people look at their watch and then ask some one else the time of day.

He can't trust his watch.

If yours is that kind, you'd better throw it away.

If you are going to buy a new watch, be sure that you get a trustworthy watch; one that you can swear by; one that you can catch the train by, or keep an engagement by.

We sell trustworthy watches and guarantee them.

War Against Consumption

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. C. C. Chase, S. R. Biggs.

MR. BURRAS' ANNOUNCEMENT

TO THE EDITOR: I was informed by some friends during Court week that the report was being circulated that I would not be a candidate for the office of County Treasurer before the next Convention. I wish to say through your columns that I will be a candidate for renomination, and ask the support of all Democrats.

Very Respectfully,
H. M. BURRAS.

YOU CAN EASILY OPERATE THIS TYPE-WRITER YOURSELF

Don't worry your correspondent. Don't write him anything by hand that takes him time to make out—that may leave him in doubt—that he can't easily read. And don't fill out legal papers or card memos—or make out accounts or hotel menus in your own handwriting. It looks bad, reflects on your standing, makes people think you can't afford a stenographer, and is sometimes ambiguous. You can write out your letters—make out an abstract—fill in an insurance policy—enter your card memos—make out your accounts, or a hotel menu—or do any kind of writing you need, on any size or thickness of paper, and space any way you want on

The OLIVER Typewriter

The Standard Visible Writer. You can write any of these things yourself if you do not happen to have a stenographer. For you can easily learn, with a little practice, to write just as rapidly, and as perfectly, as an expert operator on the OLIVER. Because the OLIVER is the SIMPLIFIED typewriter. And you can see every word you write. About 80 per cent MORE DURABLE than any other typewriter, because it has about 80 per cent LESS WEARING POINTS than most other typewriters.

80 per cent EASIER to write with than these other complicated, intricate machines that require "hobbling"—technical knowledge—long practice and special skill to operate. Then machines which cannot be adjusted to write abstracts, insurance policies, odd size documents except you buy expensive special attachments requiring experts to operate. You can adjust the OLIVER to any reasonable size or thickness of paper, right out to the very edge, without the aid of ANY EXPRESSIVE ATTACHMENT of special skill, and your work will be neat appearing, legible and clear. For the OLIVER is the Typewriter for the doctor, lawyer, the insurance agent, the merchant, the hotel proprietor—or any man who does his own writing.

Write us now for our booklet on the SIMPLIFIED features of the OLIVER.
