On account of the illness of our foreman, Mr. John W. Hassell, and the absence of our compositor, the star performer in the play, "Imogene," and the illness of the editor Wednesday afternoon and night, THE ENTERPRISE makes its appearance late. These circumstances have hindered considerably in getting out the paper we intended, and if there are many items missing our readers will know the reason. The devil is the only one of the force that has been on duty all the week, but, he has had the fishing fever.

Summer complaints and other serious ailments common in hot weather can be traced to the stomach nine times out of ten. Keep the stomach in good order right now by keeping a bottle of Kodol handy in the house all the time, but especially during this month. Take Kodol whenever you feel that you need to take Kodol. Just when you need it: then you will not be troubled with sour stomach, belching, gas on the stomach, bloating, dyspepsia and indigestion. Sold by Chase's Drug Store; Biggs' Drug Store.

TO THE FRIENDS OF PROHIBITION.

The forces of righteousness have prevailed against the advocates of the saloon; and hereafter our fair State is to be free from the legal sale of liquor. This, however, does not mean complete victory. Only a portion of the liquor forces will quietly and freely submit to the law; others must be made to. On the part of some there will be a ready disposition to manufacture, sell and buy liquor in spite of the Prohibition Law.

Therefore it is incumbent upon us to see to the enforcement of this law we have championed. Duty demands that all good citizens defend the law, and oppose law breakers. It is better to protect the law than the lawless. It is wiser to shield the people from criminals than to shield the "blind tigers" from law. Let us, therefore, use our evidence and influence to convict any person who disobey the Prohibition Law of our State. Then the liquor traffic will stop.

I desire further to put you on

Moonstone for August

"Wear Moonstone, or for thee No congenial felicity."
Moonstone received its name by the ancients because it was thought to inclose the image of Luna, one of the forms of the three-fold goddess Hecate.

Moonstone jewelry is very popular with the August born.

Our stock of birthstone jewelry always affords a wide range of choice stones for every month.

The August Birth Flower is the Pond Lilly. Pond Lilly spoons are very appropriate for August birth gifts.

A Faithful Friend

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by All Druggist and Dealers in Patent Medicine.

your guard with reference to representatives in our next General Assembly. I am sure that the advocates of license will leave no stone unturned to carry their points and nominate men who favor license to represent your county. Already they are laying plans to this end. Be wise and cautious and see that only temperance men who favor no-license are nominated and elected. Find the man who will properly fill the position and press him into the race. Only thus can we get the best possible men. By this measure we often get excellent men who would not otherwise become candidates. This is an ALL-IMPORTANT matter. See that your county does the safe and same thing.

If the friends of prohibition fail to use their privileges and sit idly by, while the advocates of license work for, and nominate through, the primaries and county conventions, men of their choice, we can blame only ourselves when we meet reverses in the legislature. Work while it is day. It will be too late after the primaries are over; and this matter is entirely too important to be overlooked. We must give it thought and attention. Some men must become candidates for representatives to the legislature in behalf of civic righteousness, even though it may mean personal and financial sacrifice. Help me to preach this doctrine.

Yours for service,
R. L. DAVIS, Supt.

Wood's High-Grade Seeds.

Plain Talks on Fertilizers
Increasing and Safeguarding the Wheat-Crop

The use of commercial fertilizers on the wheat crop is yearly becoming more general—proof enough that it pays, and pays well.

sufficient amount and you will undoubtedly increase not only the average yields, but your profits as well.

Too many farmers, however, use fertilizers without due regard for the special needs of their soils. Often they buy the cheapest grades. Or they use very small quantities.

That such unscientific use of fertilizers has proved profitable indicates what it can accomplish for wheat growers if used more carefully and intelligently.

Write to the Virginia-Carolina Chemical Company for its new Year Book or Almanac, a costly 180 page book, written by government and private experts. It shows how and why you can increase your crops three or four fold by following modern agricultural methods. A postal to any of the Company's offices given below will bring a copy by mail free of charge.
