Signs of spring are everywhere. Birds are busily engaged building their nests, the woods are full of flowers, farmers are planting, all night long the mocking bird sits aloft in the moon's rays and sings—but these are not the most significant signs of the glorious season. Are not the streets full of anxious-faced women, eagerly looking for the most becoming creation of the milliner's art? What truer sign than this has nature given us? All womankind is wending her way to the stores of Harrison and Carstarphen. Those who have not had the chance are miserable, and will get there later on.

The Woman's Home

Paint when mixed with 3 gallons of Linseed Oil at 65 cents per gallon makes 7 gallons ready for use. Actual Cost about \$1.20 per gallon. Sold by R. W. Salisbury Bro., Hamilton, & Hardy Hardware Co., Scotland Neck.

"The Piano With the Sweet Tone"

One of the greatest recommendations of the artistic

STIEFF PIANO is that instead of selecting one of the hundreds of cheap and indifferent pianos sold everywhere, people of musical taste who want the best, purchase the sweet toned

STIEFF PIANO. The best equipped Colleges and Conservatories in this country use the STIEFF on account of its beautiful singing tone and wonderful durability.

Don't be deceived by schemes used to sell low grade pianos. No reputable dealers resort them, and they are condemned by the music trades. STIEFF PIANOS are sold strictly on their merits.
