The Doctor's Question.

Some Advice Against the Use of Harsh Purgatives and Physics

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matters and causes ar cumulation of gases which must be removed through the bowels before health can be restor-

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action the force a passage at 5:55 a. m., Oct. 21st; returning leave through the bowels, causing pain Raleigh 7:00 p. m., same date. The repeated use of such treatments causes chronic irritation of the Sand Ridge Poulstomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you try themat our entire risk.
