Carstarphen & Co. will let you have it on a guarantee.

**POSITIVE PROOF**  
Mr. F. S. Randall of No. 20 East Main Street, Leroy, N. Y., writes that "Bloodine Ointment" has proven efficacious in a stubborn case of Piles and Rectal Fisures where every thing else has failed. Bloodine Ointment costs but 50c a box.

### No People Ever Great who were Not Law-Loving

One great tendency in the South that we need to guard against is the tendency to take the law into our own hands. No lynching nor any other form of mob violence is ever justifiable. You may hear some sort of excuse for it, but you may always be sure that there are stronger reasons against it than for it.

We work through the day to lay up some sort of property for the future, and at night we lay down in peace to sleep, and only because we know in both cases that law in America is usually strong enough to protect both our lives and the property we try to accumulate.

Remember, then, that every time you tolerate any form of mob violence or lawlessness, you weaken that respect for law on which all public peace and security must rest.

Lynching, night-riding, white-capping—all these things let down the gap for reckless men to kill and plunder, and no Southern farm boy should ever countenance any of them.

Right now, for instance, while the South is bent upon the task of developing a sober citizenship, the work is made difficult by lawless men who too often have the sympathy of other men who ought to know better. Whatever the cities may do, however, the farming people of the South are going to stand for curbing the evil of intemperance, and this means that the country boys will have clearer heads, stronger bodies, and will be happier and more successful men than would otherwise be possible—Raleigh (N. C.) Progressive Farmer.

### A. G. Allen's Minstrels Coming

A genuine old-fashioned southern Minstrel show by real southern darkies. Allen's big Minstrel under canvas.

This is the first Minstrel company in the United States to appear under canvas. Mr. Allen is the originator of the idea. The interior of his tent is arranged with a mammoth stage and scenery the same as an opera house, but of course on a much larger scale. Owing to the large seating capacity of the tent, which is two thousand, the company is enabled to show for the extremely low price of 25 and 35 cents, thus guaranteeing the largest Minstrel production in the world at the lowest price of admission.
