LAYMEN'S MISSIONARY MOVEMENT

Receives an Impetus Here Monday Evening -- Enthusiastic Addresses by Rev. R. W. Hogue and Others -- Organization Started and Members Enrolled.

Williamston, with other towns in the State, has entered the campaign inaugurated at Greensboro last week by laymen for the evangelization of the world in this generation. Delegates from here to the convention returned, and prepared to have the great meaning of the movement made known to the people, and to this end secured the presence of Rev. R. W. Hogue, rector of the Episcopal Church at Chapel Hill, who is taking a prominent place among the religious workers of the State.

The meeting was called Monday night at 7:30 at the Masonic Opera House, and was led by W. C. Manning, who is one of the most enthusiastic laymen in the town and county. A good crowd of interested people was present, and yet there should have been a much larger number considering the percentage of church members in the four churches of the town. Rev. C. L. Read, of the Methodist Church, opened the meeting with prayer, and the entire audience joined heartily in the singing of missionary hymns. Short talks were made by W. C. Manning, Rev. W. J. Gordon and J. E. Pope. The address of Rev. R. W. Hogue was full of earnest plea for the movement and replete with information of the workings of missionaries in foreign lands. Mr. Hogue is regarded as one of the strongest preachers in the State and no man has better pleased Williamston people than did he. At the close of his address, he explained the plan of an organization of laymen, and members were enrolled. The next meeting will be held on Monday night next. It is earnestly hoped that there will be many men who can feel their duty and pleasure to grasp this opportunity to hasten the coming of the Kingdom of Christ.

Saved At Death's Door

The door of death seemed ready to open for Murray W. Avers, of Transit Bridge N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 pounds, growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine Electric Bitters cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles they're supreme. 50c. at All Druggists.

Barnhill-Riddick

(Reported)

Wednesday morning, January 19th., at 8:25 o'clock, at the residence of the bride's father in Everetts, N. C., Mr. J. B. Barnhill led to the bridal altar Miss Lucy, the pretty and popular daughter of Mr. and Mrs. N. T. Riddick. Misses Blanche Waters, Fannie Woolard, Eugenia Riddick and Berta Gardner preceded the bride and groom to the altar and stood while the groom in conventional black, and the bride gowned in strawberry silk with hat to match, answered the vows given by Rev. Geo. J. Dowell. Mrs. John L. Rodgerson sweetly played the strains of Mendelssohn's Wedding March. The groom is a young business man of Everetts.

The happy pair left on the morning train for Baltimore and other Northern cities.

Card of Thanks

When fire came and took from me my dwelling place and most of my household goods, the people of Williamston and community lent their aid in helping to rescue and in other ways. For these favors I am not unmindful, and wish to thank the public for personal interest and help.

Boy's Corn Clubs

As has already been announced, the Board of Agriculture at its December meeting appropriated \$500 for premiums to Boys' Corn Club contestants. The contestants are to be between the ages of 12 and 17 years. Any boy becoming 12 years old by June first will be eligible, and any who is now 17 but will be 18 not later than August first will be eligible to enter the contest. The rules governing the contest will be about as they were last year, except that any boy will be permitted to get any person to break his land for him. I do this because the younger boys are not heavy enough to handle a large two horse plow in heavy land, but after the land is broken each boy must do the remainder of the work himself. If it is known that any boy permits another person to do the work or to help in the work after the land is broken until all cultivation is finished, he will be ruled out of the contest. Only \$10 worth of commercial fertilizers may be used on each acre. The plot of land must be a full acre. Less than an acre will not be considered. The plot of land must not be less than a half acre in width. Square plots are preferred. Only boys living on the farm can compete for these prizes. The plot of land must be a part of some regular field in the farm, and not a garden spot, a town lot, or a plot belonging to some city or other corporation. The contestant may use all the home raised manure he can get. Cotton seed, cotton seed meal, city garbage, fish or fish scrap will be considered as commercial fertilizers.

Avoid Harsh Drugs

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty person.

They come in two size packages 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store.—The Rexall Store. The S. R. Biggs Drug Co.

Horse Severely Damaged

The horse drawing the delivery wagon of M. I. Brown & Company, became frightened Monday on Brogden Street, and ran away throwing the driver out. The animal, which is blind but very spirited, injured itself dangerously, knocking out an eye, crushing the frontal bone and cutting one front knee. Death would have been the humane ending of the beast. It is supposed to have been hit by a shot from an air rifle, as that was the cause of another runaway last week. The attention of the town authorities has been called to the pernicious habit that the small boy has of shooting, not only passing teams but people.

Endorsement of The Candidacy of R. G. Allsbrook, Esq. for Solicitor of the Fourth Judicial District

To The Voters Of The Fourth Judicial District:—

The Bar of Edgecombe County hereby announces the candidacy of our fellow townsman, R. G. Allsbrook, Esq., as a candidate for Solicitor of the Fourth Judicial District, to succeed Hon. C. C. Daniel, whom we understand, will not be a candidate to succeed himself.

Mr. Allsbrook has been an active and successful member of the Tarboro Bar for the past ten years. He is a young man of splendid habits, and fine character; a forceful and fluent speaker, a good lawyer, and in every way thoroughly qualified to discharge the duties of the office with credit to himself and satisfaction to the public.

He has so lived his life that he enjoys the respect and confidence of the entire public. He is a Democrat of Democrats, and has rendered the cause of Democracy loyal, valiant, and splendid service, and for the past four years he has been Chairman of the Democratic Executive Committee of the county.

While he has never sought political preferment before, yet, at the unanimous request of his party, he has served as chairman of the Board of County Education for the past eight years. He has given greatly of his time and ability to the cause of Democracy and to the cause of education. In all things pertaining to the welfare of his people his time, his means, and his ability are at their service.

His sympathy is with the plain people of his State; he has a high conception of the duties of the office of Solicitor, and if elected he will, in our opinion, discharge the duties of the office with fairness to all, with credit to himself, and with entire satisfaction to the public.

In recognition of his loyalty to the party, his services to the State and county and his qualification for the office, the undersigned, Democratic members of the Bar of Edgecombe County, hereby heartily endorse his candidacy for the office of Solicitor for the Fourth Judicial District, and request their brethren of the Bar and all the voters of the District to give to Mr. Allsbrook their support for this office.

Respectfully,

Henry Johnston, James Pender, W. O. Howard, G. M. T. Fountain, R. T. Fountain, Marshal C. Staton, H. L. Staton, W. Stamps Howard, Henry A. Gilliam, L. V. Bassett, H. H. Phillips, Paul Jones, James M. Norfleet, John L. Bridgers.

Teachers' Association

The Martin County Teachers' Association held its regular meeting at the Graded School Building, on Saturday, January 15th.

In the absence of Prof. J. W. Parker and Miss Krider, Prof. Allen discussed the first four chapters of Hamilton's "Recitation" in a very practical and helpful manner. Miss Brown with her model class of ten little folks, demonstrated to the pleasure of all present, the phonic method of teaching reading. The bright faces and ready responses of the children spoke eloquently for the success of the training.

There was a very gratifying report from the Betterment Association of the county, several of the teachers having raised funds for libraries and other purposes, others reporting work done on buildings or grounds. The following program was submitted by the committee for the meeting, February 19th:

1. Second four chapters of Hamilton's "Recitation," J. W. Parker and J. D. Lilley.
2. Grading and Promotion, Miss Effie Waldo.
3. Geography in the Primary Grades, Miss Fannie Johnson.

Chance of Greater Longevity

Dr. Wu Ting Fang, the former Chinese minister to the United States, who is now on his way to Europe, said, in making his farewell address at New York for the benefit of the press, that American could not solve the problem of longevity because they worship the almighty dollar too much. Here is hope for more years to the American, then, for the dollar is growing painfully less almighty every day.—Charleston Post.

Resolutions

The grim monster, death, has again invaded our ranks and taken from labor to refreshment one of our oldest, and most faithful members.

William Bryant Lilly was born in Martin County on March 5, 1844, and died Oct. 31, 1909.

He was elected to take the degrees of Masonry in Skewarkee Lodge on July 27th 1899, was made an Entered Apprentice on Sept. 12 1899, passed to the degree of a Fellow Craft on Nov. 14, 1899, raised to the Sublime degree of a Master Mason Nov. 28, 1899.

Brother Lilly was a great sufferer, having been confined to his bed the most of the time for three years, but during that whole time he never forgot his Lodge and his brethren. He would always speak of the joy of meeting his brethren when a member would call to see him.

He attested in his daily life among his brethren the tenets of our ancient order, aiding the helpless, comforting the downcast, and rejoicing with the glad of heart. Among his fellow men he was always known for his honesty of purpose and square dealing.

Resolved: That Skewarkee Lodge sincerely mourns the death of William Bryant Lilly, and that we inscribe upon the records of the Lodge this testimonial of our respect, confidence, and love.

2nd. That we extend to his family our deepest sympathy in this hour of their great bereavement.

3rd. That these resolutions, under the seal of the Lodge, be sent to the widow of our deceased brother, and that a copy be furnished the ENTERPRISE with the request that the same be published.

Respectfully submitted,
A. D. Mizell,
N. T. Perry,
R. J. Peel.

Medical attention was rendered promptly, and the unfortunate man was taken to his home on the Hamilton Road.

Higgs Industrial Institute

This School at Parmele is located in one of the most needy sections of the State. Principal Chance seeks to train the youth of his race to the habits of industry, along which line he will emphasize agriculture, the domestic sciences and mechanic arts. The institute is greatly in need of funds to carry on the work and will appreciate any contribution which may be given to the principal or sent to Mr. J. G.
