Of New York Appointed Associate Justice

U. S. SUPREME COURT BENCH.

News Had Been Kept Secret-President Taft Pleased-People in Washington City Satisfied - Succeeds Justice Brewer.

Washington, Special. - President Taft Monday issued the following statement: "The President by letter of April 22 tendered .the appointment to the supreme bench to succeed Justice Brewer to Governor Charles E. Hughes of New York. By letter of April 24, Governor Hughes accepted. In the President's letter to Governor Hughes he told him that as the Supreme Court would adjourn its hearings this week the person appointed would not be called upon to discharge any judicial functions until the opening of the October term on the second Monday in October. and that therefore if Governor Hughes could accept he might continue to discharge his duties as Governor until his quali fications on the day of the opening of the court in October next. This was a material factor in Governor Hughes' acceptance. Accordingly, if the nomination is confirmed, as there is every reason to believe it will be, Governor Hughes' qualification will not take place until October.

"I am very much delighted to secure Governor Hughes for the bench. He is a man of wide experience and marked ability and it is a mighty valuable thing to have on the great bench of the Supreme Court a man of affairs. Governor Hughes is fortyeight years of age, I think, and even he should retire at seventy, he will have had twenty-two years of solid usefulness on the bench."

The offer and acceptance comes as a surprise to the nation. The nego-tiations have been carefully guarded. The appointment of Governor Hughes was received throughout Governor Washington with the greatest satisfaction.

Mobile, Ala., Special.-A slender, black-clad, frightened girl stood on a raised platform Tuesday and while six thousand Confederate veterans cheered and while the bands played "Dixie," a score or more gray-headed Confederate general officers passed in review before her and with uncovered heads, kissed her hand. The big tent, which is said to seat comfortably six thousand people, was packed to its topmost tier of seats. The sides had been raised and the throngs outside had pressed in. When the new "Daughter of the Confederacy" was being presented to the convention the old veterans went mad.
