## FARMERS TO HOLD MEETING

### To Discuss Best Methods and Good Roads—Congressman Small Will Bring a Corps of Expert Agriculturists—Good Crowd Expected

In no line of industry has progress been so marked as in that of agriculture. The South is the greatest crop raising section in the known world, and to the South are all eyes turned.

Southern Congressmen following the method introduced by Congressman Hobson, have regularly held institutes in all parts of their respective districts. These institutes have made enthusiastic farmers and the result is wonderful.

Representative John H. Small, of the first district, is thoroughly alive to the needs of his people. The institute for Martin county will be held on Tuesday, August 2nd, at the Court House in Williamston. This meeting promises to be a most interesting one and the farmers are asked to spend the day learning from teachers who are prepared to instruct in every phase of farm life. If Martin county forges ahead, the lands must be cultivated by men who know best how to produce good crops. These men must learn the science of farming and the institutes are the Government's schools. Can any farmer afford to neglect this important instruction?

For AUGUST  
(Copyright 1910, by C. H. Rieth.)

Last year,  
Alack and alas!  
Beverly, Mass.,  
And Bill on the flat  
Of his back in the grass  
Sounding the depths  
Of the opaline sky  
And watching the clouds  
Floating dreamily by.  
Last year,  
A ack and alas!  
Beverly, Mass.

This year,  
Sagamore Hill,  
Strenuous still,  
And no one complaining  
For want of a thrill,  
Shindy and sass  
Just as certain as fate—  
Beverly, Mass.,  
Can dream early or late,  
Snore as it pleases  
And snooze as it will—  
This year,  
Sagamore Hill.

Of August it may first be said, its name is from Augustus, whom men have likened unto Ted, perhaps without injustice. He made the world go round about as many times a minute, and the news was always dull without the great Augustus in it.

He had his Ananias Club for liars and for fakers, and he loved to sail his little tub among the Roman breakers. He counted peace a sort of plague, and never did pursue it, but let it rally at The Hague, and you couldn't beat him to it.

He preached about the same old things that Teddy has been preaching, and most of Rome's awakenings resulted from his teaching. He battled hotly for the right, and valiantly imbued it, and the stork could not attempt to light but what he up and shooed it.

There was, however, one affair to tell which is to tattle, and that was where this Roman bear was coming in from battle. He had, of course, put everything opposing him to slumber, and Rome awaited him to sing some laudatory number. But here the parallel desists. Augustus said then, No, sir! and when he entered with his lists it might have been the grocer for all the greeting that he got from that admiring chorus, the which desire, of course, was not a bit like Theodoros.

But howsoever, when he died the month that loves to gull us was being written far and wide the season of Sextilius. They wanted to commemorate the hot time he presented the nation with, at any rate, so August was invented.

The dog days will resume again, And the man who voted water With the weather down to eight or ten Below will grow the hotter. With wishing that he had foreseen The season hot and stewing, And nothing but a choice between Pink lemonade and bluing.

It will not strike him, we're afraid, as when the cold was stinging, and up and down the wind-swept street the icicles were clinging. There's nothing like a dry parade, the shouts of Hallelullah, and the children skillfully arrayed for what you want to fool you.

It's very easy to forget there's such a thing as Summer, or such a quantity as sweat, what time the busy drummer is rub-a-dubbing up the street a million bumps a minute, and the line sweeps by with rhythmic feet and the little shavers in it.

It somehow makes it seem that booze is only fit for motors, and in the scuffle that ensues not very many voters bethink them that a chance remains that milk won't give them gristle to last when August boils their brains and their ears begin to whistle.

A crafty temperance is that contriving its elections when Boreas is at the bat in these disputed sections. There is a time for everything, to labor and to potter, and one to sit way back and sing inaudibly for water.

At any rate, the world will spin With very small pretension, And the Fall elections will begin To clamor for attention. The next few weeks will fire the gun Repeated and oftly, And a lot of folks begin to run For office very softly.

The bold insurgent will have polled the principal chautauqs, and will by that time have been told how far discreet his balk was, or if to follow his attack with further demonstration, or quietly to tip-toe back upon the reservation.

The hopeful Democrat will tool this way and that way training, and hope to have us as a rule have none of their explaining. He'll carefully trim up his wicks and get his pump pulsating, and pass the grand stand every six or seven seconds waiting.

There'll be some dust put up, it seems, when this event gets going, and some things starting at the seams that wanted proper sewing. No wonder Roosevelt came back, and nowadays his gun is rusting in the shooting rack, when here is where the fun is.

The time of green and growing things will near its termination, and the song the thrasher sweetly sings will come with moderation. We'll sort o' think of autumn time, the hunter and the nutter, and the fishing hole will wear a slime as thick as apple butter.

And then September will return In good autumnal fashion. And the poet fall upon his harp In something of a passion.

Let wonderful WASHWAX do your family washing; saves rubbing and saves the clothes; makes them clean, sweet and snowy white. ## Bear Grass vs Tammany Tigers

(Reported)

On the local diamond last Friday Bear Grass defeated the Tammany Tigers ball team in a ten inning game by the score of 14 to 15. The heavy scoring by each team was on account of their unfamiliarity of the diamond, the teams being accustomed to a faster ground. The reversible battery of Griffin and Griffin were the features of the Bear Grass team, while Gurganus at short and the Sandy Point catcher for the Tigers are worthy of particular mention, and it is to be expected that these players will eventually play major league ball. The Tigers have several games scheduled for the coming month and can promise you thrilling games. This team is supported by private contribution and the admission is free.

## Mission in Robersonville

Rev. J. J. D. Hall, who is engaged in Mission work in the City of Philadelphia, being superintendent of the Galilee Rescue Mission for men, situated on Vine street, conducted a Mission at Robersonville last week, beginning on Tuesday night and closing Friday morning. Rev. Mr. Gordon assisted in the services.

The services were held in Hargrove's Hall each night and morning, and good congregations were present especially at the night services. Mr. Hall is such an earnest worker that he spends his vacation each year in holding Missions. It was a great privilege for the people of Robersonville to have this consecrated man in their midst. Accustomed to appealing to men in every walk of life, he never fails to interest. By his earnest manner, he wins men, and the power of the Divine Spirit is felt in the words which fall from his lips.

Thursday afternoon of the Mission, an open air service was held on the principal street of the town, and a large crowd assembled and entered heartily in the service. This was the first Mission ever held at Robersonville and the seed sown for good will bring forth fruit in future years. Mr. Hall does the people good wherever he ministers and Robersonville appreciated his presence and sermons. He left on Friday afternoon for Philadelphia to resume his duties in the Mission rooms there.

## Williamston Playing Good Ball

Last week the Williamston team defeated Ahsokie in a fast game on the Ahsokie diamond. They also played Aulander, losing one game to them, while the second game went 11 innings without either team scoring. Wednesday they defeated Elm City on the Williamston diamond by a score of 5 to 3. Ward was on the mound for the home team, allowing only one clean hit. Jordan at the receiving end made it difficult for the visitors to steal bases. The game was characterized by the usual heavy hitting of the home team, they retired pitcher Winstead of the visiting team from the box in short order. He was replaced by Fountain of Tarboro, who could not stop the hitting. Elm City played good ball and gave both pitchers good support, but were outclassed. The attendance was good, but as the park is not inclosed the gate receipts were small. We will maintain a winning team for the rest of the season and will strengthen this week by the addition of Stubbs, Martin and a speedy left hander for a running mate for our spit ball artist, Ward, whose work you have seen. We are anxious to play some of the remaining games on the home diamond, with the proper encouragement, or otherwise the team will play away from home for the rest of season.—"Dope"
