

MR. JAMES D. LEGGETT STRICKEN

While Quietly Talking with Friends Felt the Attack Approaching---Died Sunday Afternoon--Prominent Mason and Successful Farmer---Buried Tuesday

The community was shocked on Saturday afternoon to learn of the sudden illness of Mr. James D. Leggett. While talking with friends in the rear of the business house of Anderson, Crawford & Company, he complained of feeling ill and expressed a desire to go home. His friends offered to get a conveyance and while away to see a doctor, he was stricken with paralysis and fell unconscious on the platform upon which he was sitting. Sunday afternoon about five o'clock without ever showing the least sign of consciousness, he died.

For some months he had been in failing health and had consulted specialists in Norfolk and Richmond, and his condition was somewhat improved. He had gone about attending to the business in which he was engaged and friends were more hopeful.

Mr. Leggett was born in Martin County near Williamston in March 1866, and since early manhood had lived here, where he had successfully engaged in business, laying up a competency for his family worthy of a man who started out in life without aid to carve his own fortune. He married Miss Martha Holliday and six children were born to them, one, the eldest, dying some years ago. He was a kind and indulgent father, good neighbor and citizen. Several months ago he made a public profession of religion and connected himself with the Methodist Church before the service closed. He leaves a wife, five children and two brothers and one sister to mourn their loss—the latter are: W. H. Leggett, of Williamston, Dr. John L. Leggett, of Hertford and Mrs. Maggie Warren, of Washington.

The funeral services were conducted on Tuesday afternoon at 2 o'clock by his pastor, Rev. Rufus Bradley. A large number of members of Skewarkey Lodge, assisted by others, paid him all the honor due a Master Mason. They bore his body to the cemetery and after the beautiful rites of the Church and the Order placed it in the grave to await the summons from on high.

Balked at Cold Steel

"I wouldn't let a doctor cut my foot off," said H. D. Ely, Bantam, Ohio, "although a horrible ulcer had been the plague of my life for four years. Instead I used Bucklen's Arnica Salve, and my foot was soon completely cured." Heals Burns, Boils, Sores, Bruises, Eczema, Pimples, Corns. Surest Pile Cure. 25c at Saunders & Fowden.

The Dixie Comedy Company

The Dixie Comedy Company with 13 artists will appear at the Opera House for one week beginning November 27th.

This is a very strong company under the management of Mr. Harry Lindley, presenting "The Devil," "The Angel of the Trail," "Harvest," "Lena Rivers" and others just as good.

"I do not believe there is any medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by All Dealers.

Miss Carrie Alexander Hostess

(Reported)

On Monday night the first social meeting of the B. and E. Club was held with Miss Carrie Alexander at the home of Mr. and Mrs. C. D. Carstarphen. As was anticipated by all, the occasion was a most delightful one. Miss Alexander, who is a teacher in the Graded School, is charming and affable in manner and quite an addition to Williamston society.

The contest was "Advertisements," these, displayed in conspicuous places, were cut from magazines but with the names of the things advertised taken therefrom, and the idea was to find out what each ad represented. This provoked much merriment, and in some instances proved to be puzzles indeed. The first prize, a cut glass Bon bon dish, was tied for by Mrs. John D. Biggs and Maurice Watts; the consolation rested between Misses Lettie Critcher and Irene Smith, and was "Consolation" dear to the hearts of all women.

A most delightful fruit salad was served during the evening by Misses Bennett and Alexander assisted by Master William Carstarphen.

A Household Medicine

That stops coughs quickly and cures colds is Foley's Honey and Tar Compound. Mrs. Anna Pelzer 2526 Jefferson St., So. Omaha, Neb., says: "I can recommend Foley's Honey and Tar Compound as a sure cure for coughs and colds. It cured my daughter of a bad cold and my neighbor, Mrs. Benson, cured herself and her whole family with Foley's Honey and Tar Compound. Everyone in our neighborhood speaks highly of it."

Embroidery Club

The Senior Embroidery Club met with Mrs. A. R. Dunning on Friday afternoon last and had for guest of honor, Mrs. Joseph J. Stroud, a former member of the Club. At this meeting it was decided to purchase a number of books for circulation among the members, and this innovation promises to be a very pleasant feature during the coming season.

Mrs. Dunning served refreshments and the hours were delightfully spent. The Club will meet this afternoon at the residence of Mrs. K. B. Crawford on Smithwick Street, when she will entertain in honor of her sister, Mrs. Calhoun Ross, of Seaford, Del.

A Mail Carrier's Load

Seems heavier when he has a weak back and kidney trouble. Fred Duchen, Mail Carrier at Atchison, Kas., says: "I have been bothered with kidney and bladder trouble and had a severe pain across my back. Whenever I carried a heavy load of mail, my kidney trouble increased. Some time ago, I started taking Foley's Kidney Pills and since taking them I have gotten entirely rid of all my kidney trouble and am as sound now as ever." Saunders & Fowden.

Beattie Electrocuted

Henry Clay Beattie was electrocuted this morning and died without making a confession.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by All Dealers.

We are Helping Too!

William A. Anderson, former Attorney General of Virginia, in an interview published in the Washington Post, boosts Accomac County that State by saying that it is, perhaps, the most prosperous county in the United States. Last year the potato crop in that county was worth more than \$2,000,000. He further states that Suffolk has the second richest bank in the county—shares being worth about \$3,000. Also that the development of the peanut industry has been largely responsible for the prosperity of the country surrounding Suffolk.

There is no doubt of the truth of Mr. Anderson's words. The lands around Suffolk and Norfolk are fine for trucking and the people have made the most of their opportunities. Then the peanut industry has been built up in Suffolk by profiting on the crop raised in the surrounding section and by getting the output from Martin and other counties of North Carolina. From this station bags of peanuts reach in number to the thousand and go daily to Suffolk and steamers carry a goodly number also. Our people are working diligently to reap a small benefit in commissions, when by keeping the crop here they could build for greater things for themselves and for the town. Virginia should at least feel very grateful to us for not a bag of peanuts or a bale of cotton is kept for manufacture in the county. All the profit which accrues from handling both after they are sold by the producers goes to dear old Virginia and other States. Williamston and other towns are drained to the limit so that the fat may be given elsewhere. The cry goes up that business is dull and those who cry may be the ones who are trampling out its life just because it is their blind way of seeing the business end of a proposition. Why not wake up to present conditions and turn the tide this way?

Coughline at Night

Means loss of sleep which is bad for everyone. Foley's Honey and Tar Compound stops the cough at once, relieves the tickling and dryness in the throat and heals the inflamed membranes. Prevents a cold developing into bronchitis or pneumonia. Keep always in the house. Refuse substitutes. Saunders & Fowden.

Left for Conference

The North Carolina Conference of the M. E. Church, South, convened in Kinston on Wednesday morning. Rev. Rufus Bradley, who has served the congregation here for the past year, left Tuesday afternoon for Conference. He has done a good work throughout the circuit and has shown himself a man of splendid parts, entirely consecrated to the service of the Master. The congregation earnestly desires his return to this work for the coming year, and friends outside the Methodist Church will be pleased to have him and his estimable family dwell longer in their midst. However, a pastor's future is in the hands of the presiding Bishop and not until the appointments are read will it be known who is to serve the various charges. The Conference is composed of a consecrated body of men who cheerfully serve wherever sent.

Backache, Headache, Nervousness

and rheumatism, both in men and women, mean kidney trouble. Do not allow it to progress beyond the reach of medicine but stop it promptly with Foley's Kidney Pills. They regulate the action of the urinary organs. Tonic in action, quick in result. Saunders & Fowden.

Died in Kansas

The body of Adrian Robertson Mizell, accompanied by his wife, little daughter and brother, Charles Mizell, arrived here Tuesday night from Ft. Riley, Kansas. During the latter part of February Mr. Mizell, who had been suffering for several months with tuberculosis went to Colorado Springs for treatment. Later he was joined by his wife and child. After remaining sick there awhile, he was advised to see a different climate, and so he went to Ft. Riley, where his brother is stationed, intending from there to go to Texas. But the end was nearer than those dearest to him thought and on Friday, November 17th, the spirit left its house of clay and returned to the God who giveth and who taketh away. Months before his death he had professed faith in the Lord Jesus Christ and felt that all was well with his soul.

He was born near Williamston, January 31st, 1881, being the oldest son of the late Augustus and Mary A. Mizell and for years had lived in Williamston. He married Miss Beulah Robertson, daughter of Mr. and Mrs. Luke L. Robertson, of Martin County, and two children were given them, the oldest dying several years ago. He is survived by his wife, child, sisters, Mrs. W. A. Brown, Mrs. M. L. Nicholson, Miss Blanche Mizell and two brothers, William and Charles Mizell.

The funeral services were conducted at the residence of Mrs. W. A. Brown by Rev. G. J. Dowell, at 12 o'clock Wednesday and the interment was in the Biggs cemetery near the Mizell homestead four miles from Williamston.

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. Its the best kidney medicine I ever saw." Backache, Tired feeling, Nervousness, Loss of Appetite, warn of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware! Take Electric Bitters and be safe. Every bottle guaranteed 50c at Saunders & Fowden.

University Glee Club

From notes of the University at Chapel Hill, it is learned that Harry Murt Stubbs, the son of our townsman, Hon. Harry W. Stubbs, was a successful candidate for membership in the Glee Club, which last year won much praise during its tour through the State. This is a deserved compliment to a Williamston boy, and his many friends here, who have already recognized his talent, are pleased to know of his success. It is hoped that the Club may be induced to place Williamston among its list of places to visit the coming season.
