She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Master Hanse Watts

The community was shocked on Friday morning to learn of the death of Hanse Watts, the young son of Mr. and Mrs. J. W. Watts, at their home in East Williamston. The week previous he had been ill with measles but had been able to sit up in bed. But on Monday a change was noticed and attending physician discovered that he was suffering with uremic poison. All efforts failed to counteract same and restore the little patient to consciousness. So after suffering severely for hours, he died at 4:30 Friday morning, December 8th, 1911.

Hanse was born October 16th, 1900, and had always been a delicate child yet full of the joyous spirit of boyhood, devoted to his family and little boy friends, who loved him for his open heartedness and attractive manner. He was a member of the fourth grade at school and closely applied himself to the studies of his class and his name has been on the honor roll all the term. The death of no child in town has brought so great sorrow to the playmates and older friends. The handsome floral designs from the school and many friends attested this fact. His "shining morning face" will be missed not only by the loved ones at home in the years to come, but by all who knew him. Many were the tears which mingled with those of the loved ones because of his untimely end.

Death in childhood is ever sad, yet it can be said: "Happy are ye, little human ephemera! Ye played only in the ascending beams, and in the early dawn, and in the eastern light; ye drank only of the prelibations of life; hovered for a space over a world of freshness and blossom; and fell asleep in innocence before the morning dew was exhaled."

Saturday afternoon at 2:30 o'clock the funeral services of the Church were conducted by Rev. Rufus Bradley and the little body was laid to rest in the Baptist Cemetery beneath a mound covered with the flowers he loved so well.

The pall bearers were: J. W. Watts, Sr. W. B. Watts, Maurice Watts, J. W. Watts, Jr., C. H. Godwin and A. M. Jordan.

Lightning Kills Few

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach liver, nerve and kidney remedy and blood purifier on earth. Only 50c at Saunders & Fowden.

ACTUAL STARVATION

Facts About Indigestion and its Relief That Should Interest You

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire--if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store--The Rexall Store. The S. R. Biggs Drug Co.

Teachers' Association

The regular meeting of the Teachers' Association was called to order by the president, Saturday November 18th. After devotional exercises by the Superintendent, roll was called and the minutes of the last meeting were read and approved. Mr. Mizell then took Chap. 1. in "The Teacher and the School" and made a very interesting talk by asking questions and creating interest in the topics discussed in that chapter.

Mr. Norman who was to have discussed Chap. 2. being absent, Miss Mizell discussed Chap. 3. in a most able as well as interesting manner. In the absence of Miss Dinn, Mr. Peel gave a very practical talk on the next chapter. Mrs. Harrell then read a most excellent paper on "Sanitation." Mr. Corey, who was to have discussed the next subject, was excused as the time was so short. The president then assigned the following to discuss the next chapters: Miss Moye, R. J. Peel, Miss Effie Williams, A. M. Jordan. The programme committee then reported the following for the next meeting: "The Best Method of Teaching Arithmetic in an Ungraded School"--Mr. A. Corey. The remainder of the time to be spent in a Round Table Discussion. Motion was then made and seconded for adjournment. The next meeting will be held on the third Saturday in December.

Mrs. C. M. Lauer, Sec'y.

Card of Thanks

When sorrow comes as it did to us with the death of our little boy, it is sweet to feel that friends walked with us down the lonesome path which grief always makes, mingling their tears with ours and expressing by word and deed love for the dear one gone and sympathy for us and the others. So we desire each one to know that our hearts are deeply grateful for every act and word and the beautiful floral offerings which were sweeter because of the thoughts in each of them.

Mr. and Mrs. J. W. Watts.

The victorious team, the Goblins, entertained the basket ball club and faculty at a pleasant five o'clock tea. Basket ball was the central idea of the day.

After the big dinner, toasts, merry, apt and serious, were in order.

"Best on Earth"

This is the verdict of R. J. Howell, Tracy, O., who bought Foley's Honey and Tar Compound for his wife. "Her case was the worst I have ever seen and looked like a sure case of consumption. Her lungs were sore and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure." Saunders & Fowden.

They will reside with the mother of the groom who owns a large farm near Dardens.
