Statement of Facts Backed by a Strong Guarantee

We guarantee immediate and our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action come in contact, apparently acting as a regulative topic upon the relaxed muscular coat of the bowel, thus over-coming weakness, and aiding to restore the bowels to move vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and Manning. 80 tablets 50 cents.
