 Charles D. Hillis, secretary of the president, says the funniest advertisement he ever saw was stuck up in front of a grocery store on a side street in Cincinnati. It reads thus:  
 "Twins are come to me for the third time. This time a boy and a girl. I beseech my friends and patrons to support me stoutly."—Popular Magazine.

**To Operate Canal by Electricity.**  
 The Panama canal will be operated almost exclusively by electric power. Approximately seven per cent of the minimum water supply will be diverted for hydro-electric development, and this will be the excess which is not required for lockages, evaporation and leakage. The hydro-electric station will be located adjacent to the north wall of the Gatun spillway and the plant will have a capacity of 6,000 kilowatts. The average hydraulic head throughout the year will be about 75 feet.

**CONTRARY.**

 Jane—Yes, and her appetite improved so much she gained ten pounds.

**THIRTEEN YEARS**  
 Unlucky Number for Dakota Woman.

The question whether the number "13" is really more unlucky than any other number has never been entirely settled.

A So. Dak. woman, after thirteen years of misery from drinking coffee, found a way to break the "unlucky spell." Tea is just as injurious as coffee because it contains caffeine, the drug in coffee. She writes:

"For thirteen years I have been a nervous wreck from drinking coffee. My liver, stomach, heart—in fact, my whole system being actually poisoned by it.

"Last year I was confined to my bed for six months. Finally it dawned on me that coffee caused the trouble. Then I began using Postum instead of coffee, but with little faith, as my mind was in such a condition that I hardly knew what to do next.

"Extreme nervousness and falling eyesight caused me to lose all courage. In about two weeks after I quit coffee and began to use Postum I was able to read and my head felt clear. I am improving all the time and I will be a strong, well woman yet.

"I have fooled more than one person with a delicious cup of Postum. Mrs. S. wanted to know where I bought my fine coffee. I told her I brought it and when she found out it was Postum she has used it ever since, and her nerves are building up fine.

"My brain is strong, my nerves steady, my appetite good, and best of all, I enjoy such sound, pleasant sleep." Name given by Postum Co., Battle Creek, Mich. Get the little book in pkgs., "The Road to Wellville."

"There's a reason."

## BUILD POST ROADS

ENGINEER IN RALEIGH CONFERENCE WITH SENATOR SIMMONS ON SUBJECT.

**THE COUNTIES WILL HELP**

This Will Be the Beginning of a Great Movement That is Believed Will Sweep the Whole Country—Much Interest Shown.

Raleigh.—E. W. James, engineer with the post roads, of the highway division of the United States government, was here in conference with Senator Simmons, relative to the immediate inauguration of post road construction in North Carolina under the bill that recently passed Congress, largely through the efforts of Senator Simmons, whereby the government will provide one-third and the localities two-thirds of the cost for constructing model post roads to a limited extent.

The plan is now to build three, 20 mile stretches of model road in the three divisions of the state, coast, hill and mountain regions, the road to be regular rural mail routes. Twenty or more counties have already made application for such roads declaring they have the money in hand ready to apply to the work at once.

Senator Simmons says the government expects to be in position to select the North Carolina roads to be improved within the next 30 days and believes that this is just the beginning of a great movement for post roads improvement that will sweep the country very soon through judicious Federal aid.

**Confederate Veterans Hold Reunion.**

Robeson county's Confederate Veterans held their annual reunion here and Maxton entertained them in a royal manner. More than one hundred and fifty of the veterans were present, several counties being represented. In all, nearly two thousand visitors were in the town. The veterans met on the Presbyterian church lawn and formed a line. Immediately ahead of them were about thirty mounted marshals, following these a brass band. Then came the floats, beautifully decorated with bunting, flags and the prettiest of pretty girls and with officers of Robeson county camp. In automobiles, also gayly dressed were the speakers of the day, and following was a long line of visitors reaching several blocks.

**Charged With Criminal Libel.**

Fayetteville.—As the result of charges against the political and personal ability of Q. K. Nimmo, his opponent or the Democratic senatorial nomination for the thirteenth district, Capt. James D. McNeill was indicted on a criminal libel charge by the grand jury of the criminal court now sitting here. The charges uttered by Captain McNeill were contained in a circular letter distributed in Hoke and Cumberland counties, and published by the Raeford Hoke County Journal.

**State Wilson Fund Growing.**

Raleigh.—The Woodrow Wilson finance committee of North Carolina, A. W. McLean of Lumberton, chairman, and Hugh McLean of Wilmington secretary and treasurer, in session here designated prominent men in many of the counties to solicit funds for the Wilson campaign. The members of the committee are confident that there will be hearty and liberal response to the appeals for personal contributions.

**Judge Discharged Entire Jury.**

Fayetteville.—In the trial of one of the "no tax" dealers here the entire jury was discharged by Judge Cook on objection by the prosecuting attorney. Eight of the twelve had served in the Haywood trial and the other four had been present in the court room. This is a decidedly unusual occurrence and, so far as the present bar here knows, has never occurred before in this county.

**Politics in Carrabarrus County.**

Concord.—The Carrabarrus county Democratic convention was held here several days ago. The convention was attended by a large crowd and was entirely harmonious throughout. The following ticket was nominated: Senate, J. P. Cook; House, John S. Turner; sheriff, P. F. Widenhouse; treasurer, C. W. Swink; register of deeds, J. B. McAlister; cotton weigher, W. B. Roger; coroner, J. O. Morris; commissioners, J. W. Morris, W. W. Flowers, R. L. Smith, G. W. Dry and R. L. Haftsell.

**Wayne County Split.**

Goldboro.—At the conclusion of a speech of Judge W. S. O'Brien Robinson, chairman of the Wayne county Republican convention, Dr. Person requested all the delegates who were willing to "walk out" of Republican party and join the Progressives to stand up and about two-thirds of the delegates accepted the invitation. Among these were Judge Robinson, chairman of the convention, and E. W. Hall, chairman of the executive committee. The Progressives then held their convention.

## INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Director of Evening Department, The Moody Bible Institute, Chicago.)

**LESSON FOR SEPT. 8**

**THE MISSION OF THE TWELVE.**

LESSON TEXT—Matt. 9:35 to 10:15 and 10:40 to 11:1.  
 GOLDEN TEXT—"He that receiveth you receiveth me, and he that receiveth me receiveth him that sent me."—Matt. 10:40.

The first verse of our lesson is a vivid picture of the life of our Lord. Going about from village to village, he taught, healed and preached the good tidings of his new kingdom. Why? Not only because of his compassionate heart as revealed in the second verse of the lesson, but also as a proof of his claims and, "that believing ye might have life through his name," John 20:30, 31. This does not, however, lessen the force of this second verse, for Jesus as the true Shepherd was indeed "touched with a feeling of our infirmities." Seeing the multitude thus without a shepherd, so faint and weary as to lay down and knowing that his great work was to be carried on by others after he had "finished" it upon Calvary, he makes special provision by choosing the twelve and telling them definitely how to carry on his ministry.

Jesus realized that no one man can minister to all others except as he multiplies his personality in the lives of others. So it is that he gives the church of today a powerful example of how to answer the prayer of verse 38 by his practical method suggested in verse 1 of chapter 10. His vision of verse 36 is the passion of his life and he intends it to be the passion of our lives.

**Disciples Restricted.**  
 Following this introduction we find a list of the peculiarly chosen ones who are to be his vice-gerents after his passing, and from verse 5 on we find the charge he delivers to them. There is in this charge, first, the note of limitation, verses 5 to 15; secondly, the note of warning, verses 16 to 23, and thirdly the note of comparison, verse 24 to the end of this chapter and including 10:1. True, in this lesson we have only the first section, the limitation together with the final words of the charge which in reality amounts to a complete identification of his apostles with himself and his life of ministry.

Notice the grouping of the names of these disciples. First the three who formed that inner circle, Peter, James and John, and with them Andrew, who first brought Peter to Jesus (John 1:41). After these the names are in groups of two, and it was as such they were afterwards sent out, Mark 6:7. So today are not alone, Matt. 28:20, Acts 1:8.

Let us observe the restriction placed upon these disciples. They are to minister not to the Gentiles nor even the Samaritans, though Jesus did both during his life, John 4:4 and Matt. 15:22, but not so these whom he now is sending, at least not till his work is complete and Israel has had its day of opportunity. After Calvary this restriction is removed, as we can see from the book of Acts.

Another restriction is in the message and the method. The message is to be the good news of the kingdom. They are to "herald forth" that it is at hand. That the Messiah has come. We are told that they are not to force the acceptance of their message. That in its proclamation they shall receive all sorts of opposition. That they must look well to their own character, they are to be as sheep amidst wolves, they shall be hated before courts and potentates, but such persecution shall be a witness against their persecutors for "his sake."

**Bearing of Disciples.**  
 What is to be their method? First, it is to be that of absolute dependence upon the Father. It is true that Paul labored with his own hands, but at the same time he accepted the bounty of the churches and urged that such fruit might abound, Phil. 4:10, 15, 17. Jesus is here teaching us the other lesson that the "laborer is worthy of his hire." The disciple is to heal. The ministry of hospital, nursing and godly physicians is a marvelous fulfillment of this command. Observe well the ministry of medicinalists. There is no greater inspiration to the Christian church. What is to be the bearing of these disciples? It is to be that of dignity and self-respect, see Luke 10:5.

While it is true the disciple is to offer and not to force his message upon the people, yet for Israel to reject was indeed a worse state than that of Sodom and Gomorrah. The overthrow and scattering of the Jewish nation is a byword in history.

As to the note of compassion, we should read all of this chapter. Remember the dignity of our work. Remember that we go in the name of One who came to "show forth the Father." Remember that as we thus "forth-tell" and show forth our Father and that as we receive others and others receive us we honor the Father. Social service is good, but let it be done in the name of a disciple and to the glory of God the Father. Such, indeed, is the practical life of the called ones who follow in the steps of him who came to minister and not to be ministered unto.

**Contrasts.**  
 "Look at that careworn looking man in deep thought, and the merry dog with him chasing his tail. Yet both doing the same thing."  
 "What's that?"  
 "Trying to see how they can make both ends meet."

## LOOK OUT FOR THE CAR

Do you know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise." Your store and your goods need more advertising than the railroad needs to do to warn people to "Look Out for the Car."

Nothing is ever completed in the advertising world. The Department Stores are a very good example—they are constantly advertising—and they are, continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.
