## Mrs. Marshall W. Cherry Dead

After suffering for several years, Cornelia Askew, wife of Marshall W. Cherry, died at her home near Everetts on May 22nd, 1913. She was the daughter of the late Amelie and Susan Askew and was born in Martin County on October 8th, 1872. For sixteen years she had been a faithful follower of Jesus Christ, having professed religion and joined the Methodist Church at Vernon under the ministry of Rev. A. J. Parker. Kind and loving to her family, she was a faithful mother and wife and friends and neighbors knew her in kindly ministrations through the years God gave her on earth. During all the pain which seemed to be her heritage, she was patient and was willing to hear the summons, and just before her death, asked that the time be short for her to answer the roll call in the heavenly courts.

Two children and her husband are left to miss her from the home, and one sister, Mrs. W. H. Rogers, is bereft forevermore. To each the sympathy of the community goes out, but only the Holy Comforter can give them peace.

Friday afternoon, May the 23rd, the last sad rites of the Church were said by Rev. J. T. Stanford, and the body was laid to rest in the family cemetery.

"For all the saints, who from their labors rest,  
Who Thee by faith before the world confessed,  
Thy Name, O Jesus, be forever blest.

Alleluia.

"Thou wast their Rock, their Fortress and their Might!  
Thou, Lord, their Captain in the well-fought fight;  
Thou in the darkness drear, the one true Light.

Alleluia."

## Reports Given

Friday night, a congregational meeting was held at the Episcopal Church at which time reports were read telling of the work during the council year. Col. Lamb briefly told of the principal things done at the Council among which was a resolution to allow the women to vote in all matters concerning the parish, same to be ratified at the next Council to be held in May 1914 at Wilmington. He stated that the attendance at the Council was the best in quite a number of years and that the amount raised for all purposes was largely in excess of the previous year. Mrs. Staton reported for the Sunday School, which has made the best record in its history. A. D. Mizell read the financial report of the parish, showing that the amount raised for all purposes aggregated \$1,500. The Junior report was made by Miss Pennie Biggs and that of the Young Woman's Auxiliary by Miss Annie Kate Thrower. Mrs. F. U. Barnes read the financial report of the Woman's Auxiliary and Miss Hattie Thrower read the report of Mrs. K. B. Crawford, delegate to the Council, who was unable to be present. On motion of Mr. Mizell, the duplex system of envelopes was adopted for the coming year, these to be used for parochial and Diocesan expenses.

## Card of Thanks

We wish to express our warm appreciation for the many acts of kindness done by friends and neighbors during the illness and at the death of our wife and mother.

M. W. Cherry and children.

## Do You Know--

That the expense of maintaining our National Government is \$1,000,000,000 a year, or \$10 per capita?

That the expense of your State Government is about \$4,000,000 a year, or \$1.76 per capita—only about one-sixth of the per capita expense of the National Government? That North Carolina, as compared with the Nation, is not so very extravagant?

That about half of our National expense is for wars past and wars anticipated—that is, for pensions and the upkeep of the Army and Navy? That the National Government spends \$115 for war (Army and Navy) to every dollar it spends for public health? That apparently as a nation we are 115 times more anxious to kill than to save? That the entire annual expenditure of the National Government for saving life is about one-fifth the cost of one battleship?

That one modern battleship costs \$12,000,000, and that it costs \$800,000 a year to maintain it for the twenty years of its life? That the Congressional Library—the finest library in the world—was built for a little more than half the price of a battleship, and that it is maintained for about three-fourths of the cost of the maintenance of a battleship? That for the price of one modern battleship 50 manual training schools could be built and equipped for teaching 75,000 young people useful trades and arts? That 2,800 churches, at a cost of \$10,000 each, could be built for the cost of the construction and maintenance of a battleship of the North Dakota type? That for eight years following the Spanish War the expense for our Army and Navy was \$60 per family?

That it costs on the average of \$15,000 to kill a man in war; and in the Boer War that the cost was \$40,000 for every man killed?

That the sanitary work carried on in the Canal Zone has shown that lives can be saved for \$2.43 each? That if a live man is worth more than a dead man, and it costs \$15,000 to kill a man and \$2.43 to save him, that we should spend more on public health and less on war?

## WHT NOT GET

### A GUARANTEE?

Every Article of Merit that is Sold These Days is Guaranteed—No Guarantee Often Means Poor Quality

There is very little excuse for any person to claim that he has been "stung" on a purchase. Fifty years ago the buyer had to look out, but today it is unusual to find a merchant who will not return the money for any article that has proved unsatisfactory.

An excellent example of this kind of fair dealing is shown by the clean-cut guarantee that Saunders & Fowden give on Dodson's Liver Tonic.

"These people tell us that any person who pays 50c. for a bottle of Dodson's Liver Tonic and does not find it a gentle and most pleasant liver Tonic, harmless, but a sure reliever of constipation and a perfect substitute for calomel, can get his money back just as quick as they can get it out of the money drawer.

Dodson's Liver Tonic has practically taken the place of calomel. It is absolutely harmless, sure in its action and cause no restriction of habit or diet. No wonder the drug people are glad to guarantee it, while other remedies that imitate the claims of Dodson's Liver Tonic are not guarantee at all.

## Cyclone In Bertie County

A destructive cyclone swept through the central part of Bertie county just before day Saturday morning. The loss of life includes three persons. Two persons were injured and much damage done. In the neighborhood of Ross' Baptist church the home of Alexander Bunch, a worthy colored man, was completely demolished. He and his wife and one grandchild were killed. Two other grandchildren were severely injured and one of them may die. The top of the house was blown several miles.

Bunch and his family were hurled two hundred yards and dashed against trees.

A roll of wire used for fencing was blown a mile. Spokes were wrung out of cart and buggy wheels. Articles of clothing were blown several miles. His horse was injured and most of his fowls.

A part of the house of Isham West, another colored man, was blown away, leaving him and his wife in another part.

The width of the storm was about two hundred feet. The storm followed the track of the great storm that wrecked the Steamer Olive in Chowan river a number of years ago.

The burial of the Bunch family was attended by nearly two thousand people, who gathered there Sunday to witness the havoc wrought by the storm.

## Embroidery Club

The Club was entertained at the home of Miss Anna Pope on Tuesday, May 20th. The hours were pleasantly spent and the hostess was happy in her arrangement for the enjoyment of those present. Refreshments were served attractively in the dining room, which was prettily decorated for the occasion. The next meeting will be held on June 3rd.

## The Law Again

There seems to be some apprehension in the minds of some people for fear the search and seizure law will be misunderstood here. It has been interpreted to mean that a warrant for the searching of any place, must be secured upon the affidavit of two persons—that even an officer must have such affidavits before taking action. The simple reading of Section 3 as printed below will show that the law is plain even to the wayfaring man. It gives authority to "any officer charged with the execution of the law" the right to secure a warrant and search any suspected person's place. For information, said section appears in part below.

Section 3. Upon the filing of complaint under oath by a reputable citizen, or information by officer charged with the execution of the law, before a justice of peace, recorder, mayor or other officer authorized by law to issue warrant charging that any person firm, corporation or association, or company by whatever name called, has in his, their, or its possession, at a place or places specified more than one gallon of spirituous liquors or more than five gallons of malt liquors for the purpose of sale, a warrant shall be issued commanding the officer to whom it is directed to search the place or places described in such complaint or information and if more than one gallon of spirituous or vinous liquors or more than five gallons of malt liquors be found in any such place or places, to seize and take into his custody all such intoxicating liquors described in said complaint or information.

## Prospects Good

Despite the long spell of dry weather which retarded the setting of tobacco plants, the crop is looking well in this section. Since the rains have fallen, the plants have been reset, and prospects are good for the market this fall. If weather conditions continue favorable, which remains to be seen, the output here of the weed will be large, though some farmers have planted other crops instead.

But right here, as we have done from time to time, we urge the producers of tobacco to cultivate, cure and grade carefully. There is much dissatisfaction caused from imperfect handling in the different phases of the crop. Some men always get good money for their crop, because they never neglect same. Don't rush to market in a slipshod way.

## Mrs. Emma Stallings Dead

After months of suffering, death came to Mrs. Emma Stallings at her home in Jamesville, Wednesday morning at 7 o'clock. She was the wife of the late William L. Stallings and is survived by two sons, Herbert and Alton Stallings.

The funeral services were conducted Thursday afternoon by Elder Sylvester Hassell, and the interment was in the family cemetery. A full sketch of her life will appear later.

Another great comfort is the fact that the hobble shirts are beginning to bag at the knees.

A girl's nether extremities never get cold in winter as long as she has a fur collar around her neck.

During the first year of married life he swears by his wife, but after that he is more likely to swear at her.
