Sweeping Reforms Proposed in Bills Drawn Up.

Washington.-A general outline of the tentative draft of anti-trust legislation prepared by majority members of the house committee on the judiciary for action by the full committee, subject to a conference with Presideat, Wilson, has become known here.

While members of the committee talked with the president some weeks ago the proposed bills so far have not the administration stamp, and they will be discussed at a conference be tween the president and the committee immediately following the president's return.

The bills, drafted after conference between Chairman Clayton, Representative Carlin of Virginia, chairman of the trust sub-committee, and Representatives Floyd of Arkansas, McCoy of New Jersey and others, cover these three main points:

- 1. Interlocking directorates.
- 2. Trade relations and prices. 3. Injunction proceedings and dam age suits by individuals.

4 United States Seamen Drown. Norfolk, Va. — The capsizing in Hampton Roads of a motor cutter from the battleship Wyoming, flagship of the Atlantic fleet, resulted in the loss of the lives of four seamen of the Wyoming's crew. The accident occurred near the very spot where a launch from the battleship Minnesota went down in 1907 with the loss of eleven lives, mostly young midshipmen returning to the Minnesota in a storm after midnight following a social af-

CERTAIN OBLIGATIONS IN MEXICO.

Free Hand for the United States So Long as Lives and Property for Foreigners Are Guarded.

Washington.-Frequent conferences between ambassadors and ministers here are tending to unite them on a line of conduct regarding Mexico, which, while conforming to the plans of the United States, involves an understanding as to obligations the American government will be expected to assume as the result of non-interference by foreign powers.

This common understanding has not taken the form of direct pressure, but the state department is kept informed through the medium of individual representatives of the expectations of the European powers. Generally these relate to the protection of financial interests which citizens and subjects of the powers have in Mexico. No intention to bring in the political side of the question is indicated.

More than one diplomatic represent ative here has informed the department that his own government was interested in preventing financial loss to its citizens, and beyond that did not care what the United States did in Mexico so long as it was informed in time to take precautions for the protection of the lives of its citizens.

### 75 LABORERS MEET DEATH

Flatboat on Which They Were Being Transported Was Wrecked.

Winnipeg, Manitoba.—Dashed to leath on the rocks in the Fraser river, British Columbia, or swept to their doom by the swift current, was the fate of 75 laborers employed by the Grand Trunk Pacific railroad, accordin which they were being transport.

American Athletes Break Records. San Francisco, Cal.—According to cables. Power of the Boston Athletic association and Templeton of the San Francisco Olympic club, members of the All-American track team, broke records in the meet at Wellington, New Zealand. Power established a New Zealand 880-yard record with 1 minute 58 seconds, a fifth better than the record made by Burke in 1905. Templeton broke the New Zealand and Australian pole vault record, leading 11 feet and 2 inches, which displaces the former mark of 11 feet.

### ARE NOT READY FOR WAR

General Wood Paints Doleful Picture of Army to Congressional Committees.

Washington.-Explaining that his judgment was not influenced by the advised committees of congress that they should appropriate \$3,000,000 for field guns and ammunition for the regular army, and \$3,000,000 for the militia.

"If you sent our troops into war as they are now, without guns or ammunition, it would be absolute slaughter," the general told the house military committee. "If called into the field suddenly, we should have to go with a small allowance of ammunition, and we should have neither guns nor ammunition enough for our field artilery forces."

General Wood, in a written statement, said:

"We neither have guns nor ammunition sufficient to give any general commanding an army in the field any assurance of success if attacked by an army of equal size which is supplied with its proper quota of field artil-

### TO MAKE FIGHT ON PELLAGRA

Secretary McAdoo Asks for a Pellagra Hospital for the South.

Washington. - Secretary McAdoo asked congress to appropriate \$47,000 for a pelalgra hospital at some Southern point.

Secretary McAdoo in his letter to the speaker pointed out that pellagra has insposed great financial burdens on communities in which it prevails and that while investigations of pellagra have been systematically carried on at the marine hospital at Savannah for several years, and important bacteriologic and epidemiologic studies are BATTLE CEASES ON BORDER being carried on from that station, that institution has no facilities for Dead Bodies of Soldiers Lying in the conduct of metabolic and physicochemical studies. Biography of Great Evangelist.

Winona Lake, Ind.-While Rev. Billy Sunday, the noted evangelist, was resting here recently, after a strenuous campaign in Johnstown, Pa., he received word that the new biography, "The Spectacular Career of Rev. Billy Sunday," was off the press. It is the work of T. T. Frankenberg and the evangelist says it is a truthful account of his life.

Assert Thaw Is Not Dangerous. Concord, N. H .- The release on bail of Harry K. Thaw would not menace public safety, two of his custodians declared at a public hearing before the commission appointed by the federal court to pass upon Thaw's mental condition and its relation to his liberation under bonds. Holman A. Drew, sheriff of Coos county, and Clark D. Stevens of the local police force, who have had Thaw in charge since September, favored his admission to bail. Thaw and his mother were present with counsel.

Millionaires to Build Club. Brunswick, Ga.—The purchase by Edwin Gould and associates of Latham Hammock, and the filing of a petition for charter in the Glynn superior court for the incorporation of the 'Latham Hammock Club," probably means that Glynn county is soon to have another club composed of millionaires, similar in many ways to the famous Jekyl Island Club, which has been known for many pears as the richest organization of the kind in the country, being composed of one hun-

WILL NOT RESUME MINING

Welsbach Company Sees Nothing in Production of Mesothorum As Cost is Prohibitive.

Shelby.-Dr. Howard A. Kelly, a surgeon of Baltimore, who has gained National reputation for his discovery of the use of radium in the cure of cancer, and Joseph T. Singewald, professor of domestic geology in Johns Hopkins University, were Shelby visitors recently to confer with L. A. Gettys of this place as to the possibility of radium being produced from the mines of Cleveland county. Mr. Gettys has been deeply interestd in monazite when the industry flourished in this section and, in addition to a conference with him, the Maryland notables investigated the sand that has been produced in this section.

In view of the fact that it was pub-Mexican situation, Major General lished during the holidays that the Wood, chief of staff of the army, has mines in this section might be re-open ed because of the newly-discovered use of mosothorium, it is interesting to know the real situation. Mesothorium and radium have practically the same powers. Doctor Kelly says that radium is rated at about \$250,000 an ounce and that if he only had 'his quantity, he would want no more to perfect numberless cures of cancer. He says the cancer germs wall themselves in impregnable cells which radium will penetrate and destroy. Sev eral people claim to be in the posses sion of radium but he denies that they have genuine radium.

As to the possible reopening of the Cleveland mines for mesothorium, the Welsbach Company, which holds monazite lands in this section, says the announcement is premature. Experiments with small quantities produced in European laboratories have rated its curative properties for cancer troubles with that of radium used for mantel-making to equip plants for the treatment of the residues from which mesothorium is extracted.

Cleveland county has nothing to expect from this product, for a ton of monazite would produce only a fraction part of a cent's worth of radium.

Move to Wilmington.

Charlotte.-Woodall & Sheppard, Inc., one of Charlotte's best known and most successful drug stores, is to be moved bodily to Wilmington, on or about February 15. This important step was decided on at a meeting of the stockholders recently, at which time Dr. T. F. Costner, president of the corporation, submitted a report of a recent visit to the City-By-the-Sea, at which time he looked the field over and made the necessary arrangmenets whereby the firm will secure the southeast corner of Front and Princess streets, in the event that favorable action was taken on the proposition to move. This decision having been reached, immediate measures will be taken.

### Farmers Are Gratified.

Statesville.-Gratifying reports for the past year were made at the annual meeting of the fredell Farmer's Union held at the court house in Statesville, and in their discussins the farmers also reported a good year on the farm as it affects the individuals. The drought cut down the crops in some sections of the county, and other sections suffered from hailstorms, but as a rule the crops were good, and prices being good the farmers have fared well.

W. B. Gibson of Statesville was reelected president of the union, C. M. Wagner of Troutman was named as vice president, and I. N. Pain, secrètary and treasurer, W. C. Wooten, F. T. Meacham, P. M. Cline and J. M. 1.obertson were re-elected members of the Executive Committee and C. L.

He will enter upon his new duties the afteenth of this month.

# CONGRESS SETTLES DOWN TO BUSINESS

COMING ANTI-TRUST LEGISLA TION LOOMS LARGE BEFORE THE MEMBERS.

### WEBB STARTS THE ACTION

North Carolina Members Introduce Bill and Amendments Putting Teeth in the Sherman Law Many Other Bills Are Introduced.

Washington. - Congress settled down to its long regular session after a recess dating from the passage of the currency reform bill just before Christmas. The coming Administration anti-trust legislation program loomed up as the big business of the winter; both houses turned actively to other matters.

In the house, return to work was celebrated by prompt passage of the first of the annual supply measures, the District of Columbia appropriation bill, and the introduction of the usual opening day batch of miscellaneous measures. The Senate began debate on the Aalaskan Government railroad bill.

Anti-trust experts in both houses began a period of extraordinary activity, to end when the anti-trust program is written into law before the close of the session. Actual committee work will be delayed pending President Wilson's address. A rough draft of the address was brought to Washington by the President and The Welsbach Company says that later in the week Chairman Clayton of the House Judiciary Committee, ture of mesothorium, or the owners of and Chairman Newlands of the Sen-Commerce Committee probably ate will be called into conference , with the President and Attorney General McReynolds.

Meantime Chairman Clayton and Representatives Carlin and Floyd of the house committee are reviewing the long list of anti-trust measures already before the committee. It is not probable that any of these bills will be accepted as part of the administration plan, but all the ideas embodied in them will be considered. Senator Newlands of the senate commerce committee expects to take up the antitrust program.

In the house Representative Webb of North Carolina introduced his bill to strengthen the Sherman law by declaring ellegal every contract, combination or conspiracy in restraint or 'any part" of trade or commerce, including agreements, oral or written, designed to reach so-called gentlemen's agreements or understandings. His bill would shift to the defendants. the burden of proof as to whether such combinations, contracts, conspiracies or agreements injure competitors, act as a detriment to the public or whether they are not unreasonable.

As a ranking member of the house judiciary committee which will take up the question tomorrow, Mr. Webb purposes to fight for action along the lines of his bill.

Representative McCoy of New Jersey, another Democratic member of the juliciary committee introduced bill to prohibit interlocking direct torates among banks and trust companies.

### Fire in Charlotte.

Charlotte.-Shortly after noon a fire which started in the residence of Mr. C. R. James on Pegram street in Belmont, wiped out over half a block of residences including one store-room and but for the prompt work of the city fire department a much greater section of Belmont would have been reduced to ashes.

### Orders Troops Retained.

Washington-All the Mexican Federal soldiers, now in the custody of the United States border patrol forces at Presidio, Texas, will be transferred to Fort Bliss and interned there indefinitely. Secretary Garrison ordered the transfer, with permission to the refugee women and children to accompany the soldiers if they desire.

Thaw Wins Victory.

Concord, N. H .- Harry K. Thaw, elated by the report of the federal court commission that his release on bail would not endanger public safety, remained in his apartments here, receiving messages of congratulations. and planning a series of visits within the state in the event that Federal Judge Aldrich allows him his freedom under bonds.

The next move in the case will befiling by Thaw's counsel of the petition asking that the amount of bail be fixed, and a date for a hearing.
