

Works Wonders for Sick Women

STELLA-VITAE cured this woman, who had suffered for 25 years. Give it a chance to cure YOU!

WHAT STELLA-VITAE HAS DONE for one woman is well told by Mr. R. J. Hendrix, of Posey, Texas, who gratefully writes us:

"For twenty-five years I had from one to three Doctors treating my wife for female troubles, and tried various patent medicines and the only result temporary relief. We tried STELLA-VITAE and to our surprise it restored her to better health than she ever had. It did a wonderful work in her case."

STELLA-VITAE acts directly upon the female organs and functions. It tones and strengthens the muscles and tissues, builds up and restores the whole system when run down and wasted by disease, soothes and adjusts the delicate nervous organization to that harmonious balance so necessary to perfect womanly health.

STELLA-VITAE regulates the functions peculiar to women, stops weeping and relieves dangerous suppression, banishes the terrors of those periods so dreaded by weak, nervous, run-down women.

STELLA-VITAE does not force nature, and is of remarkable benefit at all times and under all conditions. Its use during pregnancy benefits both mother and child.

We guarantee the first bottle of STELLA-VITAE to benefit you. If it does not you get your money back. If it does, your dealer is authorized to sell you six bottles for \$5.

Try STELLA-VITAE on this "all to gain and nothing to lose" basis. Try it TODAY.

If you are sick there is no time like NOW for trying STELLA-VITAE.

High Hats.

The enormous height of the millinery of 1914 led Jane Cowl to remark:

"I know a man whose wife said to him the other day:

"Oh, dear, there's that old Christmas tree lying in the back yard over a month now, I don't know what on earth to do with it."

"Can't you put it on your new hat?" her husband asked."

ECZEMA ON HEAD AND FACE

Reedy, W. Va.—My baby boy when three weeks old took the eczema on the head and face. It broke out in pimples and first they looked like blisters and a yellow water would run from them. His head was perfectly raw and his hair was all gone. Everybody said he would never have any more hair. As the sores spread his hair came out. The breaking out itched so badly that we had to keep gloves on his hands to keep him from scratching his head and face. It caused disfigurement. He couldn't rest at night it burned and itched so badly.

He was treated for eight months and he got worse all the time. So I decided to try Cuticura Soap and Ointment. In two months he was completely cured after using the Cuticura Soap and two boxes of Cuticura Ointment." (Signed) G. A. Dye, Jan. 7, 1912.

FIX HIGHWAY ROUTE

FORSYTH, DAVIE AND IREDELL COUNTIES CONFER AND REACH AGREEMENT.

ERECT NEW STEEL BRIDGE

New Highway Will Be of Modern Construction, Built of Sand-Clay and of Uniform 30-Foot Width, With Proper and Sufficient Drains.

Winston-Salem.—A meeting to perfect plans and select a route for the Central Highway through Forsyth, Davie and Iredell counties was held at the court house in this city recently by representatives of the three counties. C. A. Hartman and Attorneys Grant and Bailey represented Davie county, J. B. Roach, W. L. Mathison and R. F. Gaither represented Iredell county, and the highway commission with P. H. Hanes as chairman, with many interested citizens, represented. Forsyth county at the conference. It was recently announced from Raleigh that \$20,000 had been allotted to these three counties for the highway and this amount will be increased to \$60,000 by the counties interested.

The route decided upon will begin at the Guilford county line and run thence through Kernersville and Winston-Salem to the Davie line on the Yadkin river at the point where the new steel bridge is to be built, running thence via Farmington to Mecksville, thence by way of Callahan to the Davie and Iredell line at a point called County Line, thence on to Statesville to the Catawba line at the Buffalo Shoals steel bridge. The proposed route runs 26 miles through Forsyth county, 27 miles through Davie and 26 miles through Iredell.

It passes through all the important cities and towns of these three counties and accommodates more rural mail routes than any other route suggested. It shortens the distance from Winston-Salem to Statesville and Charlotte considerably. The new highway will be of modern construction, built of sand-clay and of a uniform 30-foot width, with proper and sufficient drains.

The highway, of which the above is a part, is to extend the entire length of the state. The road is practically complete from Goldsboro to Greensboro. Following the meeting Chairman Hanes telephones the result to Governor Craig, who was free in his expression of gratification at the work done in these three counties.

Negro Held For Lyrerly Murder.

Salisbury.—Sid Finger, a negro alleged murderer of L. Preston Lyrerly at Barber's Junction February 24, was captured by ex-Chief of Police J. Frank Miller of Salisbury, Deputy Insurance Commissioner W. A. Scott of Raleigh and Deputy Frank Tolbert of Salisbury a few days ago.

The capture was made on the farm of Scott Shoaf, six miles north of Salisbury, where Finger was employed. While stoutly protesting his innocence at first and attempting to implicate another negro before reaching Salisbury, Finger is said to have made a partial confession of the crime to Mr. Miller and the other officers who assisted in the arrest. The keys, watch and other articles identified as belonging to Lyrerly were found in Finger's possession when arrested. A matter of precaution by Sheriff McKenzie Finger was rushed off to Raleigh in the care of Deputy Tolbert.

Hospital For Mount Airy.

Mount Airy.—The Junior Order of American Mechanics has decided to erect a modern hospital here, and steps have already been taken to that end. For some time a committee from the local council has had the matter in hand, taken an option on a splendid and beautiful site and felt the sentiment of the various councils in the county with a view to the erection of a public hospital that will supply the wants and needs of this entire mountain section. This committee reports that the Juniors all over the county are ready and willing to co-operate in this movement whenever called upon.

Operating Package Cars.

Charlotte.—Of interest to business men generally here is the fact that the Pennsylvania Railroad and the N. Y. & N. Railroad are now operating daily package cars between Pittsburgh-Buffalo territory and Norfolk Va., at which point they connect with Norfolk Southern daily package cars Norfolk to Charlotte. The service from Norfolk via Norfolk Southern Railroad gives second morning delivery in Charlotte, which will prove a benefit to the merchant all along the Norfolk Southern.

Cabarrus Builds Road.

Concord.—The Board of County Commissioners has instructed the superintendent of roads to open and construct the part of the National Highway from McClure's crossing at Harrisburg to the Mecklenburg county line according to the survey adopted at the February meeting of the board. This road has been a bone of contention for years and three separate boards of commissioners restated the matter before it was finally located. Superintendent Burrage plans to begin work in a short time.

Grundy on Shaw. Sydney Grundy has written a little pamphlet in which he has gone for Mr. Bernard Shaw with a hatchet. He says: "Mr. Shaw is a spent force—a closed chapter—a tale that is told—a back number—a lost chord—a fired rocket—an exploded mine—an extinct volcano, vomiting only ashes and dust. Mr. Shaw is done. His star is on the wane; his candle only gutters in its socket; his beauty is passe, his wheezes are chestnuts, his sleights of hand transparent, his humors rheum. He is running a race with time, and gave himself twenty years' start, and time is beating him to a frazzle."

TAKE A GLASS OF SALTS WHEN BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for the System.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

Griffo Gets Religion. "Dowling's" burned out on Times square the other night, and those who for years had occupied rooms above the famous old billiard hall were forced to run for their lives in what raiment they happened to be wearing at that nocturnal moment. Among them was Kid Griffo, who was at one time a fighter and is today the best piano player between midnight and one o'clock in an uptown music hall.

"I did a nut trick," Griffo is quoted as saying. "I took two flights of stairs in two jumps, wif the fire bittin' at me. If I'd been left at the post you coulda buried me in a fryin' pan."

"And what did you get?" asked his friend.

"On them stairs," said Mr. Griffo, "I gets a pair of singed hands and religion."

He Had Experience.

Once upon a time a small boy about three years old was taken to the church to be baptized. As soon as he caught sight of the bowl of water in the minister's hand he remembered his antipathy for the bathtub and straightened himself up for the attack.

When the minister approached him, reverently dipping his hand in the water, the little fellow said:
