REMEMBER YOUR LAST DOSE OF CALOMEL?

You probably recall the bad after-effects of the calomel more than the sickness you took it for. You need never again go through with being "all knocked out for a day or two by calomel."

Next time your liver gets sluggish and inactive, we urge that you go to Saunders & Fowden for a bottle of Dodson's Liver-Tone, a splendid vegetable liquid medicine that will start your liver as surely as calomel ever did and with none of the after-effects of calomel. It is absolutely harmless both to children and adults and demands no restriction of habits or diet.

A large bottle of Dodson's Liver-Tone costs only fifty cents and the druggists who sell it guarantee it to take the place of calomel and will refund your money if it fails in your case or if you are not satisfied.

Sow Crimson Clover and Save Fertilizer Bills

The indications are that prices of fertilizer the coming season will be much higher than usual, owing to the fact that the supply of fertilizer materials will be largely cut off on account of the European war. This should cause farmers everywhere to put land in crops that will save fertilizer bills. Nothing will do this better than Crimson Clover. It is unquestionably one of the best soil-improvers that can be put in, and wherever it is grown, it gives largely increased crops of corn, cotton and tobacco.

We have secured more liberal supplies of Crimson Clover than was expected and will be able to sell at much more reasonable prices than was anticipated.

WOOD'S CROP SPECIAL gives full and interesting information about the fertilizing value of Crimson Clover; also about other seeds for Fall sowing. Write for Crop Special and prices of any seeds required.
