Following are the answers to the question: "Why is the Majestic known as the Range with a Reputation."

"Why is the Majestic known as the Range with a reputation?"

Because it is practically indestructible--the material of which it is made being tough and elastic--is hard to break.

Because it cooks evenly--having arrangements by which you can maintain a perfect control of the fire and distribution of the heat.

Because it takes less fuel than any other range to do the same work. It burns either coal or wood and heats a world of water.

Because it is neat and durable--it looks well, lasts well, does well.

Because it is the best built and most widely advertised Range in the world.

Because it is made of better material, lasts longer, burns less fuel than any other Range on the market today.

FRANCES NICHOLAS HOYT

It is made of good, substantial material, and will not break. It pleases the housewife because of its quality and quick cooking. It burns less fuel and heats more water than any other Range, and after more than 25 years of trial, has proven the Range with a reputation.

BRUCE WYNN

The Majestic is the Range with a reputation, which cooks better with less fuel and makes cooking a pleasure; and our mothers can read while the pan cakes are cooking. Its quality will show for itself.

PATHE HARRIS

The Majestic Range is known with a reputation for its lasting qualities, best service, quick cooking with less fuel, ever had.

EDNA E. WEATHERINGTON

Its capacity to give more service with little fuel; and to last a lifetime if taken care of.

MARY ALICE DUNNING

The Majestic is known as the Range with a reputation because it is the strongest built Range on the market.

LYMAN BRITT

The Majestic Range has proven to be everything it has ever been advertised to be.

FRANCES MANNING

Because it gives universal satisfaction.

WILLIAM L. GARDNER

Because it cooks quicker, cooks better with less fuel and will last longer.

R. TAYLOR HARRISON

It is known with a reputation because it is the best Range on the market and every user says tis the best Range they ever had.
