FRIDAY, OCTOBER 4, 1918

Williamston is not racing any town in North Carolina for first place in the list of those going over the top in the Fourth Liberty Bond issue, but she will do her part and more in due time, as she always does.

We are having nothing to say about the way the allies are prosecuting the war against Germany, because first we prefer leaving such questions to the Congress and heads of Departments, and second we have all we can do to run a weekly paper and keep up our own affairs.

The War News sounds so good that we may forget and rejoice too soon. We should remember that there has been no time since the war began that our obligations to ourselves and our neighbors have been so great.

It is predicted that more people will die of starvation in the Balkan States portion of Turkey and Russia than have been engaged in the war on all sides that out of a population of one hundred and eighty millions of people at least forty millions are doomed to starvation during the coming winter and spring.

This condition has been caused by the Germans looting and carrying away all surplus food and material totally crushing and destroying their organized society, leaving that part of Turkey helpless. America will be called upon to furnish at least seven million tons of food for Europe during the year and many millions of people will not be able to get any of it. Those people who are suffering are not responsible for their condition and it should be considered a privilege for America to be able to help them in their distress. We must practice the most frugal economy, produce everything possible and waste nothing.

From Selma

Just now the little town of Selma, which is a railroad center and through which many soldiers have to pass on their way to camp, is getting much comment as to its unsanitary conditions. We have on our force a man who recently hailed from here, and the newspaper comment about the town prompted us to ask him if he wasn't from Selma. His reply came promptly: "Yes I'm from Selma, and by the help of God I'll stay from here."

Our Individual Part

Some observers that the most characteristic thing about the American Soldiers in France, something which astounds the enemy and excites the admiration of our allies, is the capacity of our American soldiers to do individual thinking and fighting. The German fights successfully only in mass formation, in organized bodies, while every American soldier has an initiative and independence of action which gives him remarkable efficiency in open fighting. They are not senseless cogs, but each is an individual working unit in a great fighting machine.

Every American at home should feel an individual responsibility and do his or her part in winning the war. There is not an American citizen who can not help win the war. The Fourth Liberty Loan drive, which begins September 28, offers a great opportunity for concerted action and for individual action, and the loan will be a tremendous success if each American will do his or her individual part as each American soldier in France does his part. Our soldiers deserve such support from the people at home.

"IT PULLED ME OUT OF TROUBLE," SAYS FARMER BRANTLEY

Says He Thought He was all in, But Tanlac has Brought Back Health and He's Gained 30 Pounds

"I don't believe I would have ever gotten well again if it hadn't been for Tanlac," declared W. F. Brantley, a well-known farmer on R. F. D. out of Mayfield, Hancock County, Ga. "It pulled me out of trouble all right and I weigh thirty pounds more than I did before I started taking it."

"Stomach trouble and nervousness pulled me down so I was so weak in my back, and knees I could hardly get about. Lots of times I was so run-down I could not get out of bed without my wife helping me up. I couldn't eat a thing that didn't sour on my stomach and give me no end of misery. I got so I didn't want to eat a bite and had no strength to go on at all."

"A friend told me about Tanlac and I got a bottle and began on it. I hadn't finished the first bottle before I began to pick up and I've been on the mend ever since. Soon I got so I could hardly wait for breakfast I was so hungry. My pains have all gone and I am feeling better than I have in many a day. The fact is Tanlac has done wonders for me."

Tanlac is sold in Williamston exclusively by Dr. Knight; in Salisbury Supply Co., and in Robersonville by Cannon's Pharmacy.

Farms and Town property FOR SALE

In Virginia and North Carolina. Also wanting farmers to list their farms with me to sell

I have made special efforts to secure a bunch of farms in good neighborhoods near churches, schools, shipping points and first class mail service. I am not looking for any farms that are not attractive, homes and must be as near naturally drained as can be not to wash. The day for handling low-solded farms that require ditching has passed out of the Realm, man's ideas of desirables.

Knowing the country from the Ocean at Norfolk to Roanoke River, N. C., and what will suit purchasers, I have secured some 25 farms in Gates county, N. C., and Northampton county, Va., that cannot be excelled for cotton, peanuts and general crops - especially tobacco. I have the finest tobacco land for sale that can be found in these two States and at standard prices. The owners sons have no good money in their hands, gone in the country's service or are young men that will have to go and leave wife and children with no protection and no one to cultivate these farms and are putting them on the market at a sacrifice.

MR. BUYER

Now is your chance to get choice tobacco farms at ordinary farm prices. After the war is over these lands will not be for sale at any price. Will quote a few prices to convince the cheapness and quality of these lands.

Mr. Farmer! If you want to buy a farm write me. If you have farms for sale, write also. I am stopping at the Nansmond Hotel, Suffolk; but don't come expecting to find me in the city. I can't sell country property and stay in town. Take your want up with me by letter, give postoffice, route, box number, nearest store, church and railroad station. Give full name. If not named give this also, so I can take care and find you at home. Yours for quick sales.
