All persons indebted to said Estate are requested to make immediate payment.

This 21st day of Sept. 1918.
W. H. GURKIN, Executor.

SERVICE AS BROAD AS THE COMMUNITY

War Camp Community Service Provides Numberless Intimate Comforts For Soldiers.

Club rooms for soldiers, entertainments for the boys in khaki, outings for convalescent men back from France, small, but appreciated services to soldiers and their relatives and friends—these are some of the manifold activities of the War Camp Community Service.

The War Camp Community Service comes close to the private life of the soldier and provides for his mental as well as physical comfort by furnishing the facilities which make it possible for him to relax from the strain of military training and the preparation for overseas fighting.

Its symbol is the red circle and its activities are as unending as the circumference of its mission. Thousands of soldier boys take advantage of its facilities and other thousands of relatives and friends of the boys in Uncle Sam's uniform are daily benefited through its various avenues of effort.

BUILDING MORALE OF JEWISH ROOPS

Work Of Jewish Welfare Board Producing Splendid Results In Camps and Trenches

No more effective work toward maintaining the highest morale among the American troops has been done by any war organization than by the Jewish Welfare Board, which is engaged in its task of keeping up the lines of communication between the Jewish men in the trenches and training camps and the folks back home.

Believing that in the struggle of morale against "kultur" the American army has every advantage, that will insure success, the Jewish organization is making its chief issue the stiffening of mental and moral fibre among the soldiers of the Hebrew faith. The call for workers is urgent and rabbis, professional men, journalists, social workers and others are entering the service of the Jewish Welfare Board to make up the 400 workers needed to fill the ranks.

SPANISH INFLUENZA RAPIDLY SPREADING

Persons Weak and Rundown Easy Victims—Fortify Yourself Against it by Taking Tanlac.

According to late reports issued by State and Federal health authorities the Spanish Influenza epidemic is rapidly spreading to all parts of the country, and it now seems that practically every State in the Union will be seriously affected before it runs its course.

It has not only become a great and terrifying menace to the public health, but unless checked, it is apt to seriously effect the progress of war work in all its various departments. Already the Shipping Board has announced that ten percent of its workers had been affected.

The disease has made its greatest progress in the East where it has claimed its victims by the thousands. Reports from other sections, however, are equally alarming; and both civil and military authorities have warned the public to take every precaution to prevent its further spread. In many cities schools, churches and theatres have been closed and public gatherings of all kinds forbidden.

Medical authorities agree that people who are weak and rundown are the earliest victims of the Influenza epidemic. If you find yourself tired, weak and losing flesh, or if you are in a generally rundown condition, or if you catch cold easily, this warning should be heeded promptly. You are really in great danger, because the germ of this disease is very catching and you are apt to fall an easy victim if you come in contact with the germs. People who are well and strong are not likely to contract the disease because they are able to throw it off. The common sense way to keep from taking it is to fortify the system against attack by building up the constitution.

In other words to use the old adage, "An ounce of prevention is worth a pound of cure." And if you are in a subnormal condition, the proper thing to do is to strengthen your system by increasing your power of resistance. To accomplish this, nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic, which contains the very elements needed by the system to give you fighting strength and ward off the influenza germ.

First of all Tanlac begins its action by creating a good healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural functions, thus helping to build up health and strength in the natural way.

Tanlac is also the ideal strengthening tonic for persons who are suffering from the after-effects of Influenza, Grippe or Bronchial troubles and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment, it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. It is also important that the every day rules of hygiene be observed; that is, sleep in well ventilated rooms, get plenty of fresh air and exercise and keep away from crowds.

Tanlac is sold in Williamston exclusively by Dr. Knight; in Hassell by the Salisbury Supply Co. and in Robersonville by Cannon's Pharmacy.

FARMERS & MERCHANTS BANK

THE BANK THAT LIVES UP TO ITS POLICY

We are very definite in our ideas of what a bank owes to its community—and of the attitude which it should take toward its customers. There are no favored few here. Every patron stands upon exact the same footing—entitled to all the service we can render properly. There is a feeling that banks are stiff and reserved institutions—sitting in judgment upon men's affairs. But this is NOT one of our type. Our attitude is studiously opposite. We seek to impress you with our sincere desire to handle your account and meet your requirements to the fullest degree. You may be sure that what we can legitimately do, within the bonds of rational reason will be done cordially and cheerfully. There IS a difference in banks—but the Farmers & Merchants is the progressive kind—welcoming your business with genuine appreciation—expressed in SERVICE. Put us to the test.
