

Closing Out SALE

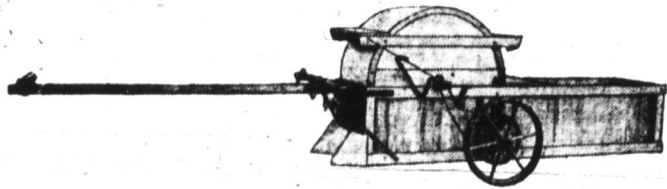

On account of not being able to give the business any of our time we have decided to close out our entire line of pianos, piano-players, organs, records, rolls, etc., at factory prices. We have arranged to get a man next week direct from the factory to demonstrate these instruments to you.

This is one chance in a life time to get strictly high-grade, guaranteed instruments at factory prices. Come in and take a look at these beautiful instruments whether you wish to buy or not.

The "LITTLE GIANT" Bean Harvester

Is the Best Machine Built for Harvesting Soja Beans

The wheels and axle are the same as used on a mower. No tires to come loose, no wheels to catch out of shape, as your chains would stay on. The hopper is easily adjustable from 4 to 12 inches from the ground, the beater weighs about 225 pounds and an extra 15 lb. beater wheel assures light draft. No matter how large your beans are, two 800 pound mules pull "The Little Giant" with ease. The shift lever on the left throws the beater in and out of gear without stopping your team. It is only 3 feet 3 inches from center to center of tread. Will work in a 3 foot row.

I guarantee it the most durable and lightest draft machine on the market. I also sell two models of the Prichard Machine, and two models of the Scott Machine.

Now is the time for planting permanent pastures, fulgrum oats rye, clovers of all kinds, and vetch. We have a full supply of good new reliable seed. Keep your land busy, plant these cover crops, improve the fertility of your soil and at the same time have pasture for your stock to graze on during the winter months.

Put in a permanent pasture this fall even if it is a small place it will give you something to build to and help you to be prepared when the stock law comes in force. Our pasture is composed of the following items.

- 8 lbs. Herds Grass
- 8 lbs. Italian Rye Grass
- 8 lbs. Orchard Grass
- 8 lbs. Alsike Clover
- 4 lbs. Red Clover
- 4 lbs. White Dutch Clover.

The above seed can be gotten at
