Fordson TRACTOR

Do More
in a Day
Do It Better

One man with a FORDSON TRACTOR can do more work easier and with less expense than two men can do with horses. This means that you with a FORDSON TRACTOR can actually raise more crops, with less work and less expense. And this means that your profits will be greater with fewer hours of work.

Besides the FORDSON will take care of every power job on the farm. It is light, alert, flexible in control and operation, yet it has power and endurance to spare.

You should see the FORDSON at work to appreciate its wonderful capabilities. We will gladly give you the proofs if you will ask for them, either by a personal call, phone or post card.
