

HOMEY PHILOSOPHY FOR 1922

Fame is a wonderful thing. Think of the bird that first conceived the notion of starting a fire to keep warm before there was any fire. You know his name, of course. Then there was the boy who really owns all the gold in the world, the fellow who looked at a mountain, saw there was some stone in it, dug up the stone, saw there was metal in the stone and figured out how to get the metal out of the stone. You remember who he was, too. And the other boy, what's his name—the chap that fixed out words that carried meaning, and spoke them at the rest of the gang so they could all converse? Everybody knows who he was. There's no use talkin'. It's very important to get your name in the paper and get a reputation.

ATLAS PORTLAND CEMENT

The log-cabin, snake-fenced, corn-shocked farm of the pioneer has been replaced by farming on a more permanent, more profitable basis. Well-appointed homes, concrete fence posts and concrete barns and silos spell prosperity and comfort.

Bankers today acknowledge the financial assets in proper farm buildings.

Your building material dealer has largely influenced this change. He can advise you wisely on your future building, can give you plans and help that mean greater prosperity. His years of experience are part of the materials he sells you.

For over a quarter century he has known Atlas Portland Cement, "the standard by which all other materials are measured."

Aspirin is prescribed by physicians more often than any other drug. It is safest and quickest relief from congestion, pain and fever. TINGLE'S LAXO-ASPIRIN is the new scientific aspirin tablet. It is gently laxative, cleansing the system of poisons which are often the cause of pain. Does not cause heartburn or indigestion as ordinary aspirin does. Breaks up a cold—removes the acid and relieves the pain of rheumatism, neuritis and lumbago. Brings almost instant relief in headache and neuralgia. Ask your druggist for TINGLE'S LAXO-ASPIRIN in the three point box, or mailed postpaid for \$5. Therapeutic Research Laboratories, Washington, D. C.

Our Big Idea In Business

"Our big idea" in business has always been to give something to our customers.

That may sound like talk; an awfully good attitude. Not a bit of it. It's the greatest business building idea we ever used and it has been in force with us for years. Its pulling power was demonstrated in the past thirty days when our summer stocks were depleted to make room for new fall merchandise now ready.

If you give a little more value than anyone else; if you give a little more attention to styles; to personal service; it's your best advertisement; everybody hears about it and everybody comes to you; it's what all want.

Have just returned from New York and hope you will give us the opportunity to show you one of the largest ready to wear lines ever seen in this town.
