

Kill The Rat

"For centuries the world has been fighting rats without organization and at the same time has been feeding them and building for them fortresses for concealment. If we are to fight them on equal terms we must deny them food and hiding places. We must organize and unite to rid communities of those pest. The time to begin is now."

Recognizing these facts, the Agricultural Extension Service of the State Department of Agriculture and College of Agriculture has set aside the week of November 18th to 23rd as "Kill-The-Rat" week in North Carolina.

I most heartily endorse the action of our Department of Agriculture in setting aside November 18 to 23rd as "Kill-the-Rat-Week" and bespeak for it the unstinted cooperation of all the people of North Carolina. I believe that effective abatement of this week will mean a saving of thousands of dollars worth of foodstuffs to our people.

T. W. Bickett,
Governor.

J. S. CROSBY MAKES PLAIN STATEMENT ABOUT ABOUT WIFE'S CASE

Well Know Georgia Farmer Says Tanlac Relieved Her of Acute Indigestion -Gains 20 Pounds

"I think every bottle of Tanlac is worth its weight in gold," said J. S. Crosby, a well-known farmer of Griswoldville, Ga., recently, "and my wife says so too, for it has been the making of a new woman of her."

"My wife had indigestion so that everything she ate would sour on her stomach and would make her feel all bloated up. Gas trouble made her heart beat fast and she had smothering spells that like to have overcome her. The attacks got to be acute and she severe pains in her stomach, and vomiting spells that would just about exhaust her. She fell off a whole lot and got so nervous she could hardly sleep and sometimes hadn't the strength to sit up. I was uneasy about her, for I was afraid one of her spells would carry her off."

"The first few doses of Tanlac started her appetite right and she commenced enjoying her meals, and getting her strength back. She has taken several bottles and it sent her weight up 20 pounds and she hasn't had one of those awful attacks of acute indigestion since. All her nervousness is gone and she sleeps like a babe. She is now as well a woman as she ever was, and everybody can see it. I believe Tanlac will do as much for any other sufferer as it did for my wife."

Tanlac is sold in Williamston, exclusively by Dr. Knight; in Hassell by Salisbury Supply Co., and in Robersonville by Cannon's Pharmacy.

Germans papers report that American bombardment of Metz is causing a sensation in Germany. That is putting it mild to what will. The worst is yet to come.

Farms and Town property FOR SALE

In Virginia and North Carolina. Also wanting farmers to list their farms with me to sell

I have made special efforts to secure a bunch of farms in good neighborhoods—near churches, schools, shipping points and first class mail service. I am not fooling with any farms that are not attractive homes and must be as near naturally drained as can be not to wash. The day for handling low sodded farms that require ditching has passed out of the Realty man's ideas of desirables.

Knowing the country from the Ocean at Norfolk to Roanoke River N. C., and what will suit purchasers, I have secured some 25 farms in Gates county, N. C. and Nansmond county, Va., that cannot be excelled for cotton, peanuts and general crops, especially tobacco. I have the finest tobacco land for sale that can be found in these two States and at slaughtering prices, the owners sons have in good many instances gone in the country's service or are young men that will have to go and leave wife and children will have to go and leave wife and children with no protection and no one to cultivate these farms and are putting them on the market at a sacrifice.

MR. BUYER

Now is your chance to get choice tobacco farms at ordinary farm prices. After the war is over these lands will not be for sale at any price. Will quote a few prices to convince the cheapness and quality of these lands.
