SAYS PAKER:—EVERY CHRISTmas gifts are bought more intelligently. We are coming to realize that the purchase of useless and meaningless gifts is a waste of money and energy. Your photograph is a reminder of thoughtful

ness that will last for years to come, will span distance and bring close those you love. A photograph is not only as personal and as expensive a gift as you can find, but it is perhaps the most economical. They mean much to those who receive them as well as those who give them. Call at our studio and look over some of the new styles in Portraiture. The new easel folders are all the vogue this season. Avoid the rush, many taking the advantage now. No promise after December 10th for Christmas delivery.
