

LOCAL TOBACCO MARKETS OBSERVE THANKSGIVING

Will Reopen for the Sale of Tobacco Monday, December 3rd

The Williamston tobacco auction market will close Wednesday, November 28th, for Thanksgiving, and will reopen Monday, December 3rd, with all companies represented.

The Williamston market has been a leading light in the auction markets of this section this year, being among the few markets in the State to sell tobacco at a higher average this year than last, and in appreciation of the efforts of the local warehousemen to secure the highest price for tobacco, the farmers of this section have been liberal in their patronage of this market.

Tobacco prices are higher now than they have been for any length of time this season, and with these prices prevailing, which they doubtless will, we expect no let up in the delivery of tobacco here from the reopening day after Thanksgiving until the close of the market for this season.

Honor Roll for the Bear Grass School

First grade: Ruth Hazel Rogers, Theresa Faye Rogers, Worth Moley, George Peel, Jr., Cushing Barley, Stale Rogers, Rosal Rogers.

Second grade: Delfos Rogers, Raymond Gurgans, Ralph Moley.

Third grade: Taylor Malone, Oscar Peel.

Fourth grade: Francis Peel, Mildred Ayers, Vera Malone.

Fifth grade: Daisy Cowan, Betty Lassier, Nossie Lee Taylor, Vera Green Rogers, Rosal Rogers.

Sixth grade: Ruby Malone, Selma Ayers.

Seventh grade: Ada Taylor, Euzelia Harris, Helen Rogers.

Eighth grade: Hildreth Moley, Garland Whitley, Beulah Cowan, Essie Mae Taylor, Mammie Clyde Rogers, Mary Hargis.

Ninth grade: Hubert Harris, Mrs. Lela Chapman, Prin.

LOCAL NEWS OF BEAVER DAM

Mrs. M. G. Peel and family motored to Williamston Saturday shopping.

Mr. and Mrs. A. L. Raynor spent Saturday in Washington.

Mrs. W. T. Cullipher spent Sunday with Mrs. Fannie Bullock.

Mr. W. F. Allen went to Williamston Saturday on business.

Mrs. G. W. Harrison of Williamston spent Friday afternoon with Mrs. W. H. Rogers.

Mr. H. W. Daniel of Grimesland spent Thursday night with Mr. F. L. Rogers.

Mr. Billie Cullipher motored to Williamston Sunday morning.

Miss Louvina Simpson returned to her home here after visiting friends in Elizabeth City.

Miss Jessie Peel spent Saturday night with Miss Bessie Malone.

Mr. James Daniel of Grimesland spent Sunday with Mr. Ira Peel.

THANKSGIVING SERVICE EPISCOPAL CHURCH

There will be regular Thanksgiving services at the Episcopal church at 11 o'clock, a. m., Thursday, November 29. The offering will go to the orphanage.

You are welcome in Williamston. SUBSCRIBE TO ENTERPRISE

MOTHERS AND FATHERS SHOULD ENCOURAGE SCOUT MEMBERSHIP

Where are children when they are not at home, is one of the questions that should give us much concern.

On a short visit to the assembly hall of the Williamston Boy Scouts, on a recent night we found Scoutmaster Simon Lilley and Scoutmaster A. H. Bigelow of Norfolk, surrounded by fourteen of the town boys acting and doing the ways and things required of all good Scouts, which, boiled down, means nothing more than preparing for good, clean American citizenship. They get training in the little things in life that fits them for the better service to themselves, to others and to their country.

It may be that the fathers and mothers, whose boys are members of this troop fully appreciate the good it may be, and is doing, but they are not properly manifesting it in every way they could. There are several ways in which encouragement might be given.

FARM LIFE SCHOOL NEWS

Compliments were received during the past week in regard to the creditable exhibit placed at the Roanoke fair by the Farm Life school.

The different departments of the school deserve credit and will share as well in the honor of winning the blue ribbon.

The agricultural boys expect some samples of milk to come in to be tested, for butter fat; after their demonstration at the Roanoke fair.

Two literary societies have been recently organized and we hope to have some good programs during the year. We also hope to form a triangle with two of our neighboring schools in the county.

The boys of the school have recently organized an agricultural club and will solicit the membership of the farmers. The purpose of the club will be to study and promote agricultural interests in the community.

The agricultural class enjoyed a trip on Friday to Mr. Green's farm to study poultry. Mr. Green has a fine flock of several hundred White Leghorns and Rhode Island reds.

The basket ball team is beginning to practice and will soon be in shape to go after the scraps of the surrounding schools.

The Home Economics club entertained the faculty at tea in the school on Monday afternoon.

We are very sorry that so many of our students are sick at present with pneumonia: Myrtle Daniels, Paul Harrington, George Smith, Jr., Garland Coltrane, Wendell Harrison and Katie Peel.

EAT MORE BREAD TO HELP SELL WHEAT

No Need to Save on Bread Eating. Return to Pre-War Methods Is Advocated

WASHINGTON, Nov. 26.—The needless continuation of bread saving habits, formed in war time, the department of agriculture officials declared in a statement today, is limiting American wheat consumption to the disadvantage of both the producer and the consumer.

The return to pre-war food habits in the use of wheat by the public and the feeding of low grade wheat to live stock, experts asserted, will help greatly toward solving the wheat problem.

CONCRETE ROAD NOW OPENED TO ROBERSONVILLE

Road in City Limits Opened to Traffic Monday Morning

The Bethel-Williamston project of hard surface road is now completed and open to traffic from Bethel to Robersonville, with work continuing as fast as possible on this side of Robersonville.

For several weeks the road has been opened to traffic to the incorporated limits of Robersonville, a detour being made into town, but on Monday the road was opened into town, and the much used detour will be a little used road again.

For the past few months progress on this road has been speeded up, and it now looks as if it will not be so very long before we will have a hard surface road from Williamston to that section of the State, connecting with other projects and making a complete hard surface road to Goldsboro, or to Pink Hill in case one should want to take that direction from Kinston. The road is now complete from Robersonville in that direction with the exception of three bridges which are now being constructed and will soon be completed—these being between two between Bethel and Greenville, and one between Greenville and Kinston.

SHRINERS OF ROCKY MOUNT TO STAGE BIG CIRCUS IN DECEMBER

Will Give Away Three Big Automobiles As Prizes to Attendants of the Event

The leading indoor event of Carolina this winter will be the Shrine circus to be staged at Rocky Mount, December 26th to January 1st, inclusive.

Three big automobiles will be awarded to the holders of the lucky numbers: A Chandler Sedan, a Buick and a Studebaker, will be some one's New Year present.

The program will consist of fourteen high class circus acts with all trimmings and a real honest circus band as well as everything that goes with a high class show.

Dancing every night after the show—a real Shrine dance—"Nuff said."

Every Shriner has tickets to sell, and the price is only 50 cents, which includes the chances on the cars and five admittances. Stop any local Shriner and get your tickets.

"Come up New Year's eve, it's going to be some night," says H. M. Poe, one of the boosters.

The proceeds from the circus will be used in the entertainment of Sudan Temple next spring.

FIVE DIE FROM POISONED LIQUOR

PHILADELPHIA, Nov. 26.—Poisoned liquor caused the death here yesterday of five persons and sent scores of other drinkers to the hospitals seriously ill. Three of those who are dead were picked up unconscious on the streets in the Tenderloin section and the other two were found in their homes, one dead and the other unconscious.

Blind tigers supplied most of the liquor, police said. Four hundred arrests for drunkenness were made over the week end and of these one hundred or more required hospital attention.

COME TO WILLIAMSTON

"UNCLE NED" LEE HAS PASSED HIS HUNDRED AND THIRD BIRTHDAY

Martin county's oldest male citizen visited Williamston Saturday. When "Uncle Ned" Lee was asked his age, his answer was "going on my hundred and three since September." He says he is not able to get around much now, and when it was suggested that he would yet face many winter storms, he stated that he could not see very well, and asked: "Is it at a place where I can get some snuff?" then thinking that he was in Biggs' Drug store, laughingly said, "No, course I can't get no snuff at the doctor's office."

It is interesting and refreshing to get "Uncle Ned" to talk of the things of long ago.

"Huckleberry Finn" At the New Theatre, Washington, Friday

If you don't enjoy one long hilarious laugh; if you don't enjoy two hours of solid merriment and music, stay away from "Huckleberry Finn" at the New Theatre, Washington, on Friday night.

If you are one of those individuals whose soul is warped by shallow egotism, colossal ignorance, and hold pessimistic prejudice towards all God's humanity, you are warned; you won't enjoy "Huckleberry Finn"—stay at home with your small coteries.

Mothers, come yourselves and bring your children; they will want to see the big program, because it is so much about. There will be nothing to offend the most cultured, esthetic taste. Playing at popular prices.

NEW TYPES ARE ANNOUNCED IN FORD CARS

Sedans to Have More Room in the Rear Seat

DETROIT, Nov. 26.—The Ford Motor company today announced an addition to its line of cars—the Tudor sedan which brings to the public an entirely new style of Ford enclosed body.

It is a distinctive type designed to carry five passengers in complete comfort. The roof line is low and straight which with the larger radiator, now standard on all Ford cars, gave Ford designers an opportunity of effecting most graceful lines at the same time a most sturdy construction.

Besides its general appeal and high quality aspect, the Tudor sedan has several features which promise to win immediate favor.

The two doors are unusually wide, 28 3/4 inches, to be exact, and are set at the front of the car, hung in exceptionally heavy frames and swing open forward on either side in line with the driver's seat.

Because of the location of the door, the driver has convenient access to his seat without folding up the extra seat along side. The gasoline tank is located under the driver's seat making it unnecessary for him to disturb any other passengers when filling the tank.

Interior fittings are attractive. The upholstery is in special Ford fabric of dark brown with floor rug to match. Both the doors and side windows have been equipped with revolving type window regulators of the same design as those used in cars of much higher price.

NEGRO WHIPPED NEAR EVERETTS BY LARGE CROWD

Ordered to Leave Country and Hasn't Been Seen Since

The first act resembling the Klux in Martin county was committed last week when a number of men took from Mr. H. O. Daniel, chief of police of Everetts, a negro prisoner, who was being taken to the county jail.

Mr. Daniel says that when he was about half way to Williamston a great host of fellows with guns and pistols surrounded him and snatched the prisoner from him, who was then whipped with buggy whips and told to vacate promptly, which he seems to have done.

The negro whose name was Williams, was charged with prowling and peeping around the home of Mr. Joseph Stalls. Mr. Stalls daughter had seen him peeping in the window of her bed room the Sunday night before, and Mr. Stalls had shot at him, but missed him.

Mr. Daniels did not know any of the parties. He had his pistol, but he says he was completely overpowered, as his assailants all had pistols and guns.

Education Stressed by College President

President Robert H. Wright of Teachers college, Greenville, who is State director for the National Education association, called to the attention of the student body last Friday at chapel, the significance of American Education week. Mr. Wright was a member of the original committee of the National Education association which worked out with the American Legion plan for the establishment of the custom of observing Education week. He gave the students some interesting first hand information of the motives underlying the beginning of the custom.

In a republic like ours, Mr. Wright said, the safety of the government depends on the development of the intelligence of the people, and this in turn depends in large measure on the kind of schools we have. Therefore, when the President issues his Education week proclamation each year he is calling sharply to the attention of the American people something that is vital to their very life.

UNION THANKSGIVING SERVICES TO BE HELD AT BAPTIST CHURCH

Methodists, Christians and Baptists Will Join in Union Services Thanksgiving Day

Union Thanksgiving services will be held by several of the Williamston churches at the Memorial Baptist church on Thursday, November 29th. For a number of years it has been a custom with the Methodist, Baptist, and Christian churches to hold a union Thanksgiving service and to dedicate the offerings to various orphan homes. The Thanksgiving sermon will be preached by A. J. Manning.

The members of these three churches and all others who will, are cordially invited to join in these services at the Baptist church. It is hoped that a large number will attend.

Italian automotive engineers are said to have invented a water cooled engine of the radial type which will be operated by fuel and will weigh less than 50 ounces for each horse power.

MAY HAVE BEEN SCHEME FOR PERSONAL BENEFIT

What appeared to be a case of gross impersonation on the public was by a woman on our streets last week. She claimed to be deeply religious and was soliciting missionary funds, and at the same time was selling a copy of a little paper called "The Present Truth." She refused to give any information as to what organized work she was representing, saying only her own belief, and she further refused to state what she was going to do with the funds collected, or to give her own name or address.

SOMETHING ENTIRELY NEW IN AMUSEMENT AT THE STRAND-THATRE

Wednesday and Thursday nights Williamston will have the opportunity of seeing a show comprising a combination never before seen here in one show, and many features of the show are entirely new to this section of the country, and have met with unanimous approval in all sections of the country—the Ovette Novety company—which will be at the Strand theatre Wednesday and Thursday nights with a change of program each night.

This company is comprised of artists from the four corners of the earth, and are all masters in their lines, assuring the public satisfaction from an entertainment and educational standpoint.

MULBERRY BRANCH LOCAL NEWS

Mr. and Mrs. Herbert Moore and their sister, Miss Emma Belle Moore attended preaching at Fair View Sunday night.

Mr. Floyd Moore and Miss Florence Williams attended preaching at Fair View Sunday.

Mr. George Moore and Miss Emma Belle Williams attended preaching at Jamesville Sunday night.

Mr. and Mrs. Arnold Brown and Mrs. J. B. Brown spent Saturday night and Sunday with Mr. and Mrs. Ferd Holliday.

Miss Mary Jane Moore was the Miss Emma Belle Williams spent Sunday night.

Miss Emma Belle Williams spent Saturday night with Miss Maggie Gardner.

Miss Emma Belle Moore attended the show at Plymouth Monday night.

Mr. and Mrs. Herbert Moore spent Sunday with Mr. and Mrs. Pearl Moore.

Miss Elizabeth Moore is on the sick list this week, but we hope she will soon recover.

CHARLOTTE REPORT OF DOLLAR ISSUE CORRECT

RALEIGH, Nov. 25.—Charlotte says that citizens will bombard the North Carolina general assembly for \$50,000,000 more road bonds, is declared on many sides to be correct.

In other words, the 1925 legislature, provided there is not a 1924 special session will have to stand back the oncoming hosts. There is just enough satisfaction with what has been done to make everybody see the possibility of such an issue; there is just enough dissatisfaction with it to make the undeveloped sections demand it. Andrew J. Connor's paper recently was a correction of an item in the Daily News emphasizing that sections of the east, the stricken country, had been given their hard roads and are satisfied. The paper says the opposite is true.

TOBACCO CO-OPS. TO GET THE THIRD PAYMENT OF 1922

Checks Will Be Sent to Farmers Not Later Than Jan. 1st.

The following communication just received from the Tobacco Growers Cooperative association will be of intense interest to the members in this section:

There have been numerous newspaper articles appearing in the Greensboro News and the Raleigh News and Observer, under a Henderson date line, giving an interview with Mr. Patterson, which announced a third payment on the 1922 crop to members of the association in the old belt by January 1st.

Yesterday, I received the following telegram from Mr. Oliver J. Sands, executive manager of the association:

"Sales of 1922 tobacco justify us in assuring members in eastern North Carolina and old belt that a third payment will be made by January 10th and we hope at an earlier date. I desire to verify fully Mr. Patterson's statement published November 19th. (Signed) Oliver J. Sands, executive manager."

This is the biggest news that has happened in the association in the past several months; and so as to offset any conflicting rumors, I am giving the information to all of those employees who come in contact with members of the association and to all local secretaries and chairmen.

This third payment, which our members have been told that they would never receive, should restore a great deal of confidence in our association and should increase deliveries to our association immediately. Every effort on the part of employees and local chairmen and secretaries and others should be used to increase deliveries of the 1923 crop.

Very truly yours,
M. O. Wilson, Secretary.

WHISKEY STILL CAPTURED AT RAINBOW BANKS SAT'DAY

Sixty Gallon Copper Kettle and Lot of Accessories Seized, But No Cars Whiskey

Deputy Sheriff Luther Peel and Policeman E. Edmondson of Hamilton captured a whiskey still on the Jack Sherrod farm at Rainbow Banks Saturday.

The still was being operated by two colored men who made their escape before the officers could get their hands on them. They had run off about 15 gallons of low wines, but had no real corn on hand.

All the equipment was destroyed. The still was a 60 gallon copper kettle.

NOW WANT COTTON BLOC ORGANIZED

WASHINGTON, Nov. 26.—As a step toward organizing a cotton bloc in congress, six members of the house from southern states, met on Saturday to discuss methods of aiding the cotton growers. An agreement was reached that a determined effort should be made to have the tariff on calcium arsenate removed, and other southern members were invited to participate in the conference next Friday, at which time the plans will be made for the enactment of legislation deemed beneficial to cotton growers.

When you take a business or pleasure trip please call. Your friends want to know of your travels.
