OWL-LAFFS

Hello Folks. It is not what a man does during working hours, but after them, that breaks down his health. Business is like oil, it won't mix with anything but business.

A girl with a sprained ankle needs a lot of attention. That's why they're so popular.

When she says her husband doesn't understand her, she means that some cake-eater professes to.

THE SPIRIT WILLING
I'm sorry my boy, but I only punish you because I love you.
I'm sorry, dad, that I'm not big enough to return your love.

Sir! You are twenty minutes late again. Don't you know what time we start work at this factory?
Nope, they're always at it when I get here.

Some people imagine they are sympathetic when really they are only being inquisitive.

Women are funny. The only funnier people are men.

How is it by You?

I love my wife in the Summer, And I love her in the Fall, But when she starts housecleaning, I love her not at all.

Really it Happened

If you were the wife of a fine young chap, who, according to his breakfast table chat was unimpaired to bobbed hair—And, as you sat serenely for a mere parcel in a Beauty fair, and the operator instead gently sheared your long Brown tresses—and in fear and tears and no end of shock and confusion you paid \$5. for your own freshly cut hair, pinned it tightly on and hurried home where the wicked husband calmly removed it from your head, while he laughingly explained he had it all pre-arranged with the beauty artist—and has all along wanted you to have your hair bobbed but feared if he said so you wouldn't do it—Would you see, or not? asks a woman reader of The Enterprise.

They say a divorced woman is the shrewdest sort of woman, but, then a widow ain't so foolish, either.

It's funny about nature, making prunes more healthful than strawberries.

Foul Staff
Sam: Say, Bo, what kinda licker was dat you was drinkin' las' night?
As sews ya all layin' in da gutter.

Bo: Dat was what dey calls "Chicken licker"—two drinks an' you don't care where you lays!

It is amusing to see a fat man carrying two grips running to catch a train, especially if one knows he has twenty minutes in which to catch it.

What Men Live On
Oh damsel fair
With golden HAIR
With smile so RARE
And arms so BAIR
Whose eyes by GLAIRE
The hearts en-AIR
And minds do TAIR
Of men who DAIR
To show no CAIR
And try to SHAIR
With you your IAIR

And once in THAIR
They get the AIR
Beware—BewAIR
Of the censor's stamp!
You heartless ruthless Movie Vamp!

Many young men who don't know how to spend their money right spend it right and left.
