## TRUSTEE'S SALE

TRUSTEE'S SALE

By virtue of the authority conferred in me by a deed of trust executed to me on the 21st day of January, 1926, and duly recorded in the register of deed's office in Martin County, in book Y-2, page 339, to secure the payment of a certain bond bearing even date therewith, and the stipulations in said deed of trust not having been complied with, I shall expose at public auction, for cash, on Monday, the 16th day of January, 1928, at 12 m., at the courthouse in Martin County, the following property:

than to safely build dikes or levees on the river.

If dikes are built, they will have to be forever kept up at a big annual cost and every home protected by them will always be in peril, while if the government would buy the land and turn it into a national forest, there would be a perpetual income to safely build dikes or levees on the river.
