COULDN'T SLEEP
Louisiana Lady States That The First Bottle of Cardui She Took, Helped Her.

Montgomery, La.—"I was in a dreadfully run-down condition," says Mrs. Charles L. Lacroix, of this city. "I suffered a great deal of pain. I was in misery all over. I could not sit up and I could not lie down. I couldn't sleep and at times I would have dreadful vomiting spells. The aches and pains seemed to cover my whole body."
"I had taken Cardui, off and on, since 1903. It had always done me good, so when I got in this bad condition, I thought I would take it again."
"One night, my husband brought me home six bottles of Cardui and I began to take it. I could tell that I was improving from the first bottle, but I kept on taking the medicine, for I knew that I needed a tonic that would build me up and strengthen me where I was weak and run-down. That is exactly what Cardui did for me. After I had finished the sixth bottle I felt fine. I feel truly thankful for what Cardui has done for me, for I could not have gone on living in the desperate condition I was in."
Cardui is a harmless extract of valuable, medicinal herbs, and acts as a strengthening tonic. NC-200

After the business session a social hour was enjoyed, the hostess, assisted by her mother, Mrs. Harris, serving a delicious salad course. The meeting next month will be held with Mrs. Z. H. Rose.

HONORS LOCAL SCHOOL FACULTY

Mrs. Wheeler Martin Was Hostess Friday At Reception

Last Friday afternoon, from 4 until 6 o'clock, Mrs. Wheeler Martin and Mrs. E. H. Davis entertained in honor of the faculty of the local school at the home of Mrs. Martin.

The interior of the already charming home was greatly enhanced in its attractiveness by the lovely arrangement of spring flowers throughout. In the two living rooms bougns of

dogwood were used as a background and vases of Killarney roses completed their decoration. In the dining room the same color scheme was observed. In the center of the table was a huge bowl of pink Killarney roses surrounded by rose tapers which shed their soft glow over the pretty scene. Silver bon-bon dishes of pink and white mints were also placed on the table.

In the punch room pink roses and yellow scottish broom were used very effectively.

Mrs. Oscar Anderson received the guests at the door and introduced them to the receiving line, composed of the hostesses and their honor guests, Miss Lillian Sample, of Davidson, Miss Lucy Claire Ivey, of Scotland Neck; Miss Serena Peacock, of Fremont; Miss Elizabeth Ramsey, of Ivor, Va.; Miss Katherine Cole, of Fairmont; Miss Henrietta Price, of

Miss Lucille Allen, of Creedmoor; Miss Mildred Darden, of Kenley; and Mrs. W. H. Harrell, Mrs. Milton Moye, Mrs. W. C. Manning, jr., and Mrs. Raleigh Bradley, all of Williamston.

They were then invited to the punch room, over which Mrs. S. R. Biggs and Mrs. W. K. Parker presided. Mrs. J. W. Watts, jr., then invited them to the dining room, over which Mrs. P. B. Cone and Mrs. Jim King presided. Misses Elsie Andrews, Josephine Harrison, and Eugenia Hoyt served ice cream and

cake, which carried out the color scheme.

The guests were ushered out the side entrance to the home. About 100 people called during the afternoon.

NEWS NOTES OF OAK CITY

CLARK'S DRUG STORE

DEAR FARMER—STOP, LOOK AND LISTEN!

Here is your opportunity to gain in your yield of tobacco per acre by using the

FOWLER CULTIVATOR

which gets the dirt from middle of the row and makes a perfect ridge without cutting off your feed roots. It has proved that hilling tobacco in this way has made a gain from \$25 to \$50 per acre.

For you know: When you side your tobacco the last times the feed roots are cut off, which checks the growth for a few days. During this time new feed roots are formed, which really causes a second growth. This second growth causes your tobacco to grow bony and thin. If the feed roots are not cut off, your tobacco will thicken as it spreads and make a better quality of tobacco.

Mr. Hyman Warren, Agent, Robersonville, N. C.

Dear sir:

I have used the Improved Fowler Cultivator about twelve years for laying-by tobacco, cotton, corn, and other crops. Also for hilling up sweet potatoes. I consider it one of the most useful and satisfactory cultivators I have ever used and would not be without it for many times the price.

Yours very truly,
J. R. WINSLOW.
