COULD HARDLY REST

Lady Says She Hurt Nearly All Over and Was Very Nervous. Took Cardui and Got Well.

New Albany, Ind.—"About ten years ago, I was just about run-down," writes Mrs. David Brock, of 1102 West Main St., this city. "My back and limbs ached; in fact, I hurt nearly all over. I had had sick headaches spells, and my nerves were all to pieces. "I could not sleep at night; could hardly have any rest at all. I was barely able to get around to do my work. I kept up just because I was a mother with five little children to care for.

"I read about Cardui. I thought it might help me, so I bought a bottle and began to take it.

"It was such a benefit to my health. By the time I had taken the first bottle, I felt so much better. My husband insisted on me giving Cardui a fair trial, so I kept on until I had taken several bottles, and at last found myself a well woman."

Thousands of other women, who had been in a run-down, suffering condition, have reported that after taking Cardui they recovered good health.

Cardui is a strengthening tonic, extracted from herbs of long-known medicinal value. Try it. **TC-314**

JOYNER'S
ON TOBACCO MARKET CONDITIONS

The Eastern North Carolina tobacco markets have all opened, and while prices were disappointing to all the people of this great and bright tobacco growing region in the world, we would say to the growers, Do not be discouraged. Tobacco is going to sell higher, we believe, on the average, than in many years, and while the opening prices were lower than most of us expected, in the end, we believe, this will turn out to be a blessing to all. We are no prophets, but we assert our belief that this crop will prove to be the lightest yield per acre that has been produced in 20 years. It will not require very long for the tobacco trade to find this out and then farmers will realize satisfactory prices.

Market Average on Opening—\$11.85
 Our Average on Opening—\$12.45
