Constipation Troubles Relieved  
By Help of Theoford's Black-Draught, Says Tennessee Coal Miner.

Tracy City, Tenn.—"My work makes it necessary for me to use a medicine which will give quick relief from constipation and indigestion," says Mr. Lee Nunley, a well-known coal miner of this place.

"For forty years or more," he says, "I have taken Black-Draught for these troubles, and have always found it reliable. At times, I suffer from bad spells of indigestion, following constipation.

"Many years ago, a friend told me to try Black-Draught, as it was a vegetable remedy and would not harm my body, so that is how I came to use it. I make a tea of it, and take a sip of it after meals. I soon begin to feel better when I start this treatment.

"My work is very confining, and my color gets bad and I get sluggish. I lose my 'pep' and don't feel like going. After I take a course of Black-Draught I feel fine again."

Manufacture of Theoford's Black-Draught began nearly 100 years ago, and many people tell of having taken it all their lives when in need of a laxative or cathartic.
