

MARTIN COUNTY SUPERIOR COURT HERE NEXT WEEK

One Week Term Will Be Principally for Trial of Criminal Actions

29 CASES ON DOCKET

Is First Term in Several Months With No Murder Cases on Docket; Judge Devin To Preside

Twenty-nine criminal cases are on the docket for trial in the superior court here next Monday morning. For the first time in several terms, the docket, as it now stands, goes to the court without a murder charge included in the cases scheduled for hearing. The docket does include several serious cases, and a large number of minor ones. Five cases come from past terms of the superior court; fourteen are entered by appeal from the recorder's court; eight resulted from warrants, and one goes to the court by presentment.

While the court is open to hear both criminal and civil cases, it is believed that the session will end shortly after the disposal of the criminal calendar, that the work will be completed before Friday. The term is scheduled to last only one week.

Judge W. A. Devin, of Oxford, is scheduled to preside over the term, he having conducted the court during the regular September two-week term.

The following jury, selected by the commissioners at their regular meeting here last month, will serve:

Jamesville Township: G. H. Mizelle, G. W. Miselle, F. W. Holliday.

Williams: P. E. Manning, Clyde Roberson.

Griffins: Geo. E. Peel, Jr., W. G. Hardison, M. W. Bissell, Lewis H. Peel, Allen Griffin, S. E. Manning, Geo. P. Roberson.

Bear Grass: Jos. L. Holliday.

Williamston: W. L. Taylor, W. J. Keel, Harry A. Biggs, A. S. Roberson.

Cross Roads: George C. James, H. L. Roebuck, Elisha Jones, Willie Roberson, G. H. Forbes.

Robersonville: L. L. Crisp, Geo. P. Bullock, H. A. Jenkins, Jasper Johnson, H. L. Everett, H. C. Norman, Joseph Roberson.

Hamilton: K. B. Etheridge, M. O. Beach, G. R. Haislip.

Goose Nest: W. O. Council, A. P. Hyman, Joe Harrell, and W. D. Smith.

13 PERMITS TO MARRY ISSUED

Is Increase of 4 Over Past Month, Although Under Record Last Year

Thirteen marriage licenses were issued in the office of the Martin County Register of Deeds here during last month, according to records held there. Reaching a new low level in his work last month, when only 9 licenses were issued, Cupid staged a comeback last month, increasing his work slightly. However, after taking into consideration the increase, the number issued during November this year was four under the November figure last year.

In November of last year nine licenses were issued to colored applicants; only four were issued to them last month. Nine licenses were called for by white applicants.

The list follows:

White
Norman Justus Gurganus-Gladys Crawford; William Fernando Keel-Ruth Myers Doughtie; David N. Hix (Ducham)-Mary Bonner Gurganus; Howard Hopkins-Louallie Stalls; Paul A. Sykes-Thelma Hopkins; James Herbert Ward-Hazel Edmondson; William Ira Harrison-Sarah E. Harrell; Milton E. Mendenhall-Bertie Cowen; Robert L. Edmondson-Mary Bet Davenport.

Colored
Herbert Forrest-Rolinda Mayo; Matthew Taylor (Smithfield)-Tullye Cherry; Frank Roberson-Myrtle Allen; Samuel Randolph-Rosa Lee Brown (Pitt).

Tennessee May Abolish State Tax on Real Estate

Nashville, Tenn., Nov. 28.—Tennessee's special legislative session Dec. 2 will be asked by Governor Henry H. Horton to abolish the state tax on farm land, home and real estate, and enact a new law to tax luxuries and incomes, an estimated \$3,500,000 annually.

In a call for the special session, issued last night, the Governor appealed for such action and likewise asked for increased efficiency in the collection of present taxes.

Regular Meeting of Kiwanis Tomorrow

The Kiwanis Club will hold its regular meeting at the Woman's Club here tomorrow at 12:30 o'clock, the president announcing this morning that a program of much interest had been prepared. Superintendent R. A. Pope will be in charge of the program.

SHERIFF HAVING BUSY SEASON

Serves 135 Civil Papers In Addition to Other Work During November

Sheriff C. B. Roebuck and Deputy S. H. Grimes served 135 civil papers during the month of November, according to a report filed with the county commissioners in session here yesterday. The papers were made up of judgments, claim and delivery orders, and so on down the line, and were deliverable to all parts of the county. The unusually large number of this type of papers is working a decided hardship on the officers, as in addition to this work the sheriff's office has its tax collections to handle and its criminal papers to serve.

While Sheriff Roebuck did not comment freely upon the cost incurred by him in executing the work during the month, it is generally conceded that the cost was far above his salary.

Recently, the sheriff has found his calls increasing so rapidly that he has to have a clerk in the office much of the time.

COMMISSIONERS REGULAR MEET

Appointments Made for the Ensuing Year at Session Here Yesterday

Meeting in regular session for the last time this year, the county commissioners yesterday completed plans for the handling of the county's affairs for another year, selecting their chairman, appointing and re-appointing county officers. The routine business, taxes and the caring for the poor, was unusually light yesterday, only two cases coming up for consideration. Mrs. J. W. Lassiter, of Poplar Point, was released from payment of \$2 dog tax, that amount being charged to L. G. Leggett, the owner of the dog. M. E. Roberson was re-imposed \$10, the amount paid by him for a coffin for Susan Moore.

One new appointment was made, the board appointing Mr. J. C. Smith, of Robersonville, as vice recorder of Martin county. Mr. Smith, once judge of the county court, is to hold the sessions in the absence of disability of Recorder J. W. Bailey or in cases where he (Mr. Bailey) desires to be relieved.

Elbert S. Peel was re-appointed county attorney for the ensuing year, the retainer's fee remaining at \$100.

T. B. Slade was elected chairman of the board, he having served in that capacity for several months already.

Dr. W. E. Warren was re-appointed county physician at a salary of \$30 per month.

A resolution was passed designating the Farmers and Merchants Bank, Williamston, Bank of Robersonville, Robersonville, Bank of Hamilton, Hamilton, Bank of Oak City, Oak City and Planters and Merchants Bank, Everetts, as depositories for Martin County funds and that each be required to furnish a depository bond in accordance with section 19, chapter 146, public laws of 1927.

Authority was granted the treasurer to borrow \$15,000 on the county's note.

Returns from the Hurst School District election were filed and the election for special tax was declared carried.

The bonds of all county officers were examined and approved.

TWO ARRESTED FOR ROBBERY

Young Negroes Charged With Harrison Wholesale Co. Robbery

Jake Edwards and George Perkins, young colored boys, are being held in the jail here in connection with the Harrison Wholesale robbery which took place Sunday night of last week. According to reports, the young Edwards boys states that Perkins stole tools from a car belonging to Mr. Harry Meador to use in gaining an entrance to the store. Not until this information was given did Mr. Meador learn that his automobile tools were missing. Edwards continued, stating that the Perkins boy got mad when he refused to wait for him at a filling station, that he (Edwards) refused to watch or take any part in the robbery.

Last Thursday the two boys were questioned together after they had been held separately, and the Edwards boy openly charged Perkins with the robbery. Perkins, however, denies any connection in the theft.

Early last Sunday morning a second entrance was forced in the store's rear door, but it is believed that the thieves were routed by Officer Allabrooks, who visited the wholesale shortly after 2 that morning. Discovering that an entrance had been made, the officer notified Chief Daniel, who anticipated a return of the thieves, set watch the remainder of the night. The section was quiet during the watch, and no arrests were made then.

MAN ARRESTED AS A RESULT OF CUTTING SCRAPE

Burley Nelson Held Under Bond In Connection With Affray Wednesday

INJURED MAN BETTER

John Howard Taylor, Victim, Not In As Serious Condition As Was First Thought

One arrest has been made and warrants have been issued against Mack Nelson, Claibert Whitaker, John Henry Nelson, Arch Whitaker, Stencil Jenkins, and John Howard Taylor for taking part in a fight last Wednesday evening when Taylor was badly cut, doctors taking 103 stitches to close the wounds, according to reports reaching here. Burley Nelson, who is connected with the affray, was arrested by county officers last Friday and placed in jail to await the outcome of Taylor's condition. He was released under a \$300 bond yesterday when it was learned that Taylor was getting along very well and that recovery was not at all doubtful.

While no cause for the fight has been given, reports state that the affray was started in Grover Field's filling station in Bear Grass, that several blows were exchanged there. It was further reported that immediately following the exchange of blows, Mack Nelson and his two sons, Burley and John Henry got in a car and went toward the Martin-Beaufort line, that they were followed by John Howard Taylor. It was further pointed out, unofficially, however, that the Nelsons were overtaken by the party of four and that the fight was started in real earnest at that time. Automobile pumps and wrenches and knives were brought into play, young Taylor apparently serving as a main target in the attack.

Burley Nelson, charged first with the cutting, stated that he had no knife at the time and that he did not see one while the fight was in progress. While the case against him is on today's docket in the recorder's court, it is not likely that the case will be called at this session, according to unofficial reports.

Seventy Tar Heels Take Trip To Washington

Seventy North Carolina Teachers and high school pupils, a number from this immediate section, enjoyed a sight-seeing trip to the national capital last week, leaving Wednesday and returning late Sunday.

Thursday, the travelers viewed the places of interest around Norfolk, seeing the naval base, Hampton Roads Fortress Monroe and Old Point. Leaving Newport News, the South's largest ship building port, the party went to Yorktown where the historical places of interest were visited. The trail from there led to Fredericksburg, the place where presidents were born and much history has been made. The party arrived in Washington Thanksgiving night.

For two days and a part of two nights the members of the party visited the places of interest in and around Washington. The weather was unusually cold, but even that failed to dampen the interest of the sight-seers in the beautiful and historical places at the capital.

Epidemic of Petty Thievery Reported at School Building

A stealing wave swept the grammar-grade school building here recently, when thieves walked off with several dozen candy bars, 100 or more pencils and other articles held for sale by the individual rooms in an effort to raise funds to defray certain expenses.

Rev. Petty Is Called To Bedside of Sister

Rev. D. A. Petty, pastor of the local Methodist church, was called to Greensboro this morning to be at the bedside of his sister who is not expected to live through the week.

Nine Killed and 24 Hurt In Train Wreck Sunday

Onley, Va., Dec. 2.—Nine persons were killed and 24 others were injured when a northbound Pennsylvania excursion train wrecked here early Sunday morning.

The accident was caused by a broken rail. The locomotive and eight coaches left the tracks. Five of the dead were white persons and the other four were negroes.

The train, bound from Cape Charles, Va., to New York, was speeding up the easter shore peninsula of Virginia about 45 miles an hour when the 488 passengers aboard were thrown from their seats by a severe bump. The first two coaches overturned and the others crashed into the heap.

According to reports from Norfolk, two separate inquiries were under way today into the wreck. The first was that undertaken immediately after the disaster by the railroad company.

WEATHER HOLDS UP FARM WORK

Peanut Harvesting Delayed First by Cold, Then By Rain

With unfavorable weather prevailing, peanut picking in this section has been greatly retarded during the last few days. During the cold snap last Friday and Saturday, owners of pickers found it almost impossible to run their machines, their engines freezing and many of their workmen refusing to continue at their posts on account of the cold. Rain yesterday held the pickers from their work, and it will be a few days before the condition of the peanuts will permit a return to the task of separating the vines from the nuts.

According to reports, a continuation of the unfavorable weather will affect the quality of peanuts in the stacks.

A United States Department of Agriculture report, in its recent review of the market, says:

One estimate is that the new crop is only 40 per cent picked. In a few sections, however, peanuts are moving fairly freely.

Although the market may not be definitely established, the price in general has strengthened 1-4 cent per pound in the past week. Prices range about as follows, per pound, at country shipping points: Jumbos, best, 4 1-4; very few 4 1-2c; medium, 4c; Bunch, best 4, few 4 1-4c; medium, 3 1-2c to 3 3-4c; Runners, 3 1-4c to 4c; shelling stock, 3 to 3 3-4c, according to size, weight, and condition. Spanish farmer's stock is quoted around \$1.00 per 30-pound bushel delivered.

Demand for cleaned and shelled goods is only fair, with inquiry rather scattered. Prices show an unusually wide range.

ONE-DAY MEET HERE DEC. 11TH

Missionary Society To Meet With Local Christian Church

The seventh annual series of One Day Conventions conducted by the United Christian Missionary Society of the Christian Church is being held in 212 churches throughout the country this month. The theme of all these conventions will be "Witnessing for Christ."

The local Christian church will entertain the One Day Convention for the Roanoke district Wednesday of next week. Preparations are being made to accommodate all who will come and share the wonderful fellowship that these meetings afford. The team that has been chosen for the meeting here is composed of Mr. C. B. Reynolds, Dr. C. L. Pickett, Mrs. H. H. Settle, Mr. E. B. Quick, Mr. C. C. Ware and representatives from Atlantic Christian College and the Pension Board.

There will be three sessions: 10 a. m., 1:30 p. m., and 6:30 p. m. The program will be characterized by periods of devotion, addresses by a missionary, messages concerning the brotherhood's missionary, benevolent and educational program and an emphasis on Pentecost.

A feature will be the banquet at 6:30 p. m., for the official board members and their families. In addition other church leaders are urged to attend. The members of the churches of the district are welcome. The banquet will be held in the Woman's club hall, according to an announcement made yesterday.

The team coming here to conduct the meeting is marked for its leaders, and their work will be of much interest to those attending the convention.

Sunday School Convention Is Held in Robersonville

The annual session of the Martin County Sunday School convention was held in Robersonville last Sunday, a poor attendance being reported. Cold weather is believed to have held many at their homes. The Macedonia Sunday school, with the largest number of delegates present according to miles traveled, was given the attendance pennant.

Report coming from the convention stated that the work of the leaders was well planned and that aside from the small attendance, the meeting was a marked success.

Mr. R. A. Phillips, of Everetts, was made president for the coming year. Mr. C. L. Daniel will serve as vice president and Mr. James L. Roberson will continue as the association's secretary.

Ten Killed in Automobile Accidents Over Week End

Charlotte, Dec. 2.—Ten deaths from automobile accidents marked the week-end in the Carolinas with numerous injuries being reported today as a result of an ice storm that swept over Western North Carolina and parts of South Carolina. At noon the ice had melted in many places.

Discount Period For Paying Taxes Ends; Receipts Small

With all receipts accepted at par, county tax payments are at a standstill, according to a report coming from the office of the county tax collector. A marked decrease in the collections was recorded last month, when approximately \$10,000 were paid to the office. During the month of October, the time the 1 per cent discount was in order, the collections totaled approximately \$80,000, it was stated by Deputy Sheriff Grimes yesterday afternoon.

While a few payments are being made daily, the sums are small and affect the total receipts only slightly.

Beginning yesterday and on through February 1, taxes will be accepted at par, 1 per cent penalty

going into effect February 2. Receipts on the 1929 levy now total around one-third of the entire levy of approximately \$300,000.

Town tax collections reached the \$8,350.05 mark yesterday afternoon, a majority of that amount being paid into the town's treasury during the month of November.

The books were late in reaching the treasurer's office, and the receipts total only approximately one-fifth of the levy.

During this month and the next, collections are expected to advance slowly.

The county and municipal governments are understood to be settling notes rapidly with the income.

WILL SELL FURS SEIZED IN RAID

Game Warden Advertises Auction of Pelts Taken Out of Season

The sales at auction of real estate under mortgage have been in vogue so long and have been so numerous at the courthouse door of late that they rarely ever attract more than two or three people, and that number includes the seller. Next Tuesday, County Game Warden Hines is advertising something entirely different for several months.

The roll by grades:

First grade A: Arthur Anderson, Ben Barnhill, Emory McCabe, Jack Sullivan, Joseph Thigpen, Jimmie Watts, Nina Bland, Eleanor Brown, Marjorie Dunn, Dorothy Harrison, Ray Leggett, Katherine Manning, Mary Gwen Osborne, Madeline Pope, Dorothy Spivey, Kathleen Coltrain, Anita Wheelers.

WOMANS CLUB TO BACK SEAL SALE

President of Club Appeals To Citizens for Liberal Response

The 1929 Christmas seals, under the direction of the Woman's Club, are now on sale in Martin County, and everybody will be given an opportunity to purchase some during the coming week. Mrs. Roz Gurganus is the chairman of the seal sale, and she will be assisted by Miss Sleeper in the schools of the county.

Martin County did not have a Red Cross Roll Call, and it should give wholeheartedly to this particular work.

Seventy-five per cent of the amount collected will be used for charity in this county, and already there are many in distress, with calls being made daily upon the Woman's Club and other organizations. The other 25 per cent goes to State headquarters to help eradicate that dreaded disease, tuberculosis. If the proper attention is given the work, it is predicted by authorities that those of us now living will see the day when tuberculosis will be one of the minor problems in disease and public health.

So, for these two very important reasons we should buy all the seals we can when we are visited by the solicitors.

Some of us feel that we are in terrible straits financially, but when we see the hungry, naked, and cold right at our own doors, we must divide what we have. We earnestly solicit your whole-hearted support in this matter.—Mrs. J. H. Saunders, President, Woman's Club.

TOWN BOARD IN REGULAR MEET HERE LAST NIGHT

Paving Assessments, Interest and Measurements Are Discussed

ISSUE DANCE PERMIT

Refuse Permit to Operate Mint-Vending Machine Here; 11 Tax Sale Certificates Redeemed

Paving assessments, interest thereon, and paving measurements featured the business of the town commissioners in regular session here last evening. One or two complaints were entered, the board deciding to make no refunds for old paving that was removed and to maintain a 12-months interest period beginning October 1 for all money lent in the paving program. Mayor Coburn pointed out at the meeting that the town shared 50 per cent of the costs where it could have required the property owners to share a larger proportion, and this being true, it was hardly reasonable for the property owners to enter complaints as to interest periods. It was further pointed out that it would be almost impossible to fit a period for the individual taxpayer, for payments will be scattered throughout the year. Errors pointed out by several property owners were ordered checked and corrected.

Permission to allow the placing of mint-vending machines here was refused a representative of a foreign company.

Eleven tax certificates were returned by Mr. D. G. Matthews, who bought them at a tax sale when he investigated and learned that the certificates represented no property. Investigating the certificates, the commissioners found that certain property had been listed twice by error. The certificates represented a sum slightly in excess of \$100.

William Cook was granted permission to hold a dance some time before Christmas.

All bills against the town were reviewed, the board approving many and rejecting a few.

LEAF GROWERS TO MEET 18TH

Mass Meeting Will Take Action on Formation of Co-Op Association

Raleigh, Nov. 30.—A mass meeting of North Carolina farmers will be held at State College here December 18 to decide whether or not a cooperative tobacco marketing association shall be organized in this State.

James C. Stone, vice chairman of the Federal farm board, will attend the meeting and outline the policy of the government in aiding tobacco growers, an announcement here said.

Dean I. O. Schaub, head of the agricultural extension service of the college, declared:

"The purpose of the meeting is to discuss the advisability of attempting the organization of a tobacco association."

"It is our plan to take a secret ballot of those in attendance and ask them to vote yes or no on the question."

"Should they vote favorably, we shall ask the appointment of an organization committee to take over the development of a plan and the actual organization of the association in the state."

Shark Skin Shoes Used Extensively in Australia

Shark skin is now being used by several Australian manufacturers for shoes as well as for hand bags, novelties, etc., according to a report received by the United States Department of Commerce. Difficulties in finding a satisfactory process for tanning the leather have been encountered, but a certain proportion of the hides treated are proving satisfactory for use in making shoes.

HONOR ROLL OF LOCAL SCHOOL

Even 100 Pupils Average 90 Or More On All Subjects During Past Month

One hundred pupils in the local schools averaged 90 or more on all their subjects to make the honor roll during the third month of the 1929-30 school term. Ten of the number were high school students, the number of pupils in both the elementary and high schools being the largest reported in several months.

The roll by grades:

PRAISES LOCAL TEAM'S RECORD

Winston-Salem Sports Editor Says Record One of Best in South

In his column, "Unofficial Decisions, appearing in the Winston-Salem Journal and Sentinel, of last Sunday, Frank G. Spencer, sport editor, points to the record by the local high school football team.

Mr. Spencer writes:

"Williamston High School, down in the Eastern part of the State, has made one of the best high school records in the State, if not in the South. The team has won 11 games, lost none, tied none, and have not had their goal line crossed this season."

"The Williamston lads have rushed over 389 points in the 11 games for a high average of 35 points per game."

"The team whipped some of the leading Class B-high school teams in the Eastern part of the State and offered one of the greatest defensive clubs ever to represent a high school in the State."

"The team is coached by B. E. Hood, former Oak Ridge and Wake Forest star, who has built up a wonderful club from a team of veterans."

"The entire record follows,"
