Wake Up Your Liver Bile - Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your bowels ache and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills in the red label. Resist a substitute. 25c at all stores. © 1931, C. M. C.

Hyde County Family Is Robbed of \$1200

According to a Recent News Item From Washington, N. C.

The family were attending an orphans' concert recently in Swan Quarter, and when they returned home, they discovered that a small safe in which they kept their money had been opened and the money stolen. The money represented the savings of a lifetime and was all they had except their home and farm produce.

It is dangerous to leave money hidden around the house. Put your money in a savings account, where it will be safe and busy earning interest.
