Save Your Own Seed

Seed is high if a farmer has to buy it; and in most cases he can save just as good seed from his own fields as he can buy.

A little time spent in the growing and saving seed pays a farmer as good profits as any work he does throughout the year. This same rule applies to the garden, where a few hours spent in saving seed, from the best beans, tomatoes, beets, cabbages, and other vegetables will insure just as good results next season as any that can be bought.

We know one North Carolina farmer who sells all his corn for seed at just a few cents per bushel above the market, but there is no field selection whatever for most seed; the small stalks and the little ears all go in. The same thing applies to garden seed. The seed are seldom selected from the strongest plants and the largest pods.

Farmers and gardeners should select their own seed for best results.

Mechanizing Agriculture

Those poor benighted Russians have struck the poor white folks and negroes of the American southland a heavy blow. A country that grows little or no cotton has produced a cotton picker that picks rapidly and goes so far toward perfection that it grades the cotton as it picks it. This machine was designed by the Ukrainian Scientific Research Institute for the Mechanization of Agriculture.

This means that the master farmers and big land-owners will soon be picking their cotton with machinery, and the poor whites and negroes will be kicked over the fence to starve in the road.

When Russian agriculture is all done by machinery, it will be a hard time for the peasants. No country should give more attention to her machines than it does to its people.

A few folks can live in splendor by machine work, but the thousands will suffer in proportion to the gains made by the machine owner.

We need no longer to criticize Russia for her ignorance, because she is beating us in many ways.

Employment

Official statements at Washington indicate employment gains of nearly 3,000,000 persons since March. Unofficial statements regard the estimates a little high, but there is no question but what more than two million people have found new jobs.

Fall in Line

The greatest parade ever seen in New York was staged last week when almost all the city marched for 8 hours in support of the President's Recovery Program.

When the whole country joins in the march, then we will see a general improvement in conditions. More coordination and cooperation in all business are our greatest needs.

The State Fair

Is the State of North Carolina operating a fair this fall? This is only a question, since we had understood that it is being privately operated by lessees.

Possibly it makes very little difference whether the fair is operated by the State or private interests. Yet if it is being operated privately for profit, it seems a little unfair to use the State emblem, which may become embarrassing to the State if the fair does not measure up to a decent standard.

If the State's name is used, then the State should see that her citizens are given a clean fair.

WANTED: SOME ONE TO HANDLE the famous Watkins Products, \$25 first week, write Henry W. Nonkes, Scotland Neck.

STAIRS MADE HER GASP FOR BREATH

Penalty of Excess Fat

Although she has lost but 7 lbs. of her overweight, this woman finds that 7 lbs. has made a remarkable difference to her.

Her letter reads: "I am 53 years old and my height is 5 ft. Last year I weighed 154 lbs. I have been taking a half teaspoonful of Kruschen Salts, making no change in my diet. Now I am less round the hips, and only weigh 147 pounds dressed. But I feel lighter and can now run upstairs, which before used to make me gasp for breath. Every one says well and fit I look!" (Miss) J. H.

Kruschen is an ideal blend of 6 separate salts which help body organs to function properly and maintain a splendid degree of health—it builds up energy and strength while your reducing to normal weight.

Get Kruschen Salts at any live drugist in the world—a jar lasts 4 weeks and costs not more than 85 cents.

Work-Worn Women

Find New Youth and Bloom In This Amazing Tonic

Women often fade fast because they have to bear the cares of the whole family. They become rundown, tired and haggard looking. Strength is needed—strength from the inside. There is no finer source of strength and vitality than Grove's Tasteless Chill Tonic. It contains both iron and tasteless quinine in highly concentrated form. Iron, as you know, builds blood, the source of all life and strength. Quinine tends to purify the blood. Thus, in Grove's Tasteless Chill Tonic, you get two extremely valuable effects.

Start taking this famous, time-proven tonic today and see how quickly you pick up strength and vitality. Mark the improvement in your appetite, in your pep and energy. Note the new youthfulness you feel and show. Three days will tell you wonders! Grove's Tasteless Chill Tonic is pleasant to take and contains nothing harmful. 40 years of use attests to its merit and safety. Get a bottle today at any store.

WANTED: SEWING OF ALL kinds. Apply at my home on Haswell St. Mrs. Robert Brown.

NOTICE OF SALE

Use This Laxative made from plants

Theford's BLACK-DRAUGHT is made from plants that grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat. In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic or enema drugs to get the bowels to act daily. You can get Black-Draught in the form of a SYRUP, for CHILDREN.

clock a. m. at the courthouse door in Williamston, N. C., in said county, offer for sale to the highest bidder, for cash, that certain tract or lot of land lying and being in the town of Robersonville, in said county and state, and morefully described as follows, to wit: Situate on the north side of North Railroad Street, in said town of Robersonville, and bounded on the north by the residence lot of the late W. S. Barnhill, on the south by said street and on the west by the residence lot of Edward James, and being the Gid Barnhill house and lot in said town. This September 6th, 1933. J. ELLIOTT BARNHILL, Commissioner.

**Lindsley Ice Company**

These figures are based on the latest retail registration figures from B. L. Polk & Company (all states for six full months). From January 1st, Chevrolet has sold in excess of 425,000 passenger cars and trucks.

**Can there be any stronger recommendation for a car than this**

**CHEVROLET** America can't be fooled when it comes to spotting the best "buy" in any field. America knows too much about motor cars for that. So when one certain car wins almost as many buyers as the next two put together, you know the answer: IT MUST BE BETTER. And that's what the new Chevrolet Six most certainly is.

Better looking—it has long, sleek, aer-streamlined lines—Fisher's smartest styling. Chevrolet has better bodies—they're built not just of steel alone, but of steel reinforced by a sturdy hardwood frame. Chevrolet has a better engine—

six cylinders for lowest gas and oil consumption, cushion balancing for killing vibration. And Chevrolet gives better value—a long line-up of features, including the Starterator, Syncro-Mesh gear-shift, Free Wheeling, which no other low-priced car can match.

Now, in September, is the time to start thinking about a new car for winter! And when you do so, think of the way Chevrolet is leading all other cars in sales. What more could you possibly ask as a recommendation for a car than that?

**CHEVROLET MOTOR CO., DETROIT, MICHIGAN**
