

HINTS FOR HOMEMAKERS

By Miss Johnnie Camp, Home Service Director Virginia Electric And Power Company

JOY BE WITH YOU

My dear old "Mummy Sue" always greeted us with "Joy be with you, Honey." Coming from her in a solemn tone, it seemed to us a prayer.

So, in loving memory of Susanna, our "Mummy Sue," I say, "Joy be with you." I wish for you the joy of many friends; the joy of loving and keeping your mind free of petty personal differences; the joy of good health and enough wealth for comfort.

Where life is hard, it is also good, for through the mastery of its very hardness, when sought, is found internal strength.

Therefore, friends, may "Joy be with you," throughout the coming year.

For the "Happy New Year" party on New Year's Eve, which is sometimes called a "Watch Party," and held from 10:30 until —, you might well serve a buffet supper, consisting of a salad, toasted sandwiches, cookies hot tea, or coffee or cocoa; you might have hot crispy waffles with your favorite syrup or preserves, tiny smoked sausages, ham and scrambled eggs; coffee.

STUDY COTTON CONTRACTS FOR NEW CAMPAIGN

Urgent Need To Retire At Least 300,000 Acres of Cotton In 1934

Farm agents from North Carolina's 67 cotton growing counties gathered yesterday to study the cotton contracts which will be offered growers by the AAA within a few days.

The sign-up drive will be launched the first week in January, which has been designated "Cotton Sign-Up Week." Every effort will be made to place the contracts in the hands of the farmers as soon as possible, Lean I. O. Schaub, head of the State College extension service, stated.

Charles A. Sheffield, assistant extension director who will have charge of the cotton sign-up, Dean Schaub, other extension service officials, and representatives of the AAA from Washington attended the meeting in Raleigh yesterday to explain the contracts to the agents and discuss any

problems that might arise. Mr. Sheffield pointed out the urgent need for North Carolina to retire 300,000 acres from cultivation in 1934 and limit the crop to less than 450,000 acres. The AAA has set out to raise cotton prices by cutting down the overburdening surplus. To this end, farmers of the nation have been asked to limit their crop to 25,000,000 acres, a reduction of 40 percent under the average for the five-year period from 1928 through 1932.

Growers who sign reduction contracts will be given both rental and parity payments. The rental for the acres retired from cultivation will be calculated at the rate of three and one-half cents a pound on the average production of those acres during the 1928-32 period, with a provision that not more than \$18 an acre shall be paid.

The parity payments will be at least one cent a pound on next year's cotton allotment to each grower, regardless of how the market stands. In case the market fails to bring parity prices, the AAA will increase the parity payments if necessary to make up the difference.
