

### SCHOOL NEWS AT OAK CITY

#### Parent-Teacher Meeting To Be Held Next Tuesday April 17

The Oak City Parent-Teacher Association meeting will be held Tuesday, April 17, at 7:30.

This meeting will probably be the last of the term, and a special program will be rendered. We are expecting to have one of the best meetings of the year and every one is cordially invited to attend.

#### Drop-Curtain To Be Bought

Through the P-T. A., the Oak City school is to purchase a drop-curtain for its stage. Work is going on toward securing it at the earliest possible date.

#### Senior Trip

Last Friday, April 6, the seniors visited the city of Richmond. This city was selected, after much deliberation, on account of its historical significance.

The group arrived in the city at 10:30 Friday morning, 30 minutes before the guide was to meet the party. This short time was spent in touring the grounds of the Capitol.

At 11 o'clock Mr. E. S. Wood, staff member of the Richmond Chamber of Commerce, met the group for a tour of the city. The first place of interest was the Capitol, where the Senate and House of Representatives were visited. After leaving the Capitol building, the party was conducted to the Governor's mansion and the state library, after which the group had lunch.

### GIRLS CAMP NOW BEING PLANNED

#### Club Girls To Go To Neuse Forest Last Week In June

By Miss Lora E. Sleeper

Definite plans have been made recently to have the annual 4-H club girls' encampment again at Neuse Forest the last week in June. Four counties are planning to have their camp together, Beaufort, Pitt, Edgecombe, and Martin. This year the girls will enjoy dramatics with real instructors in this part of camp activities. Other plans thus far developed are community singing directed by leaders; recreation, including races, stunts, and for hand work, real instruction in making pine needle hot dish mats. No girl can attend camp from Martin County unless she has completed at least 2-1/2 pieces of work. The work this far required is for the younger girls sewing on buttons, hemming a towel, and beginning their sewing bag. Work for the older girls includes making a dress protector, laundry bag, and beginning a new dress or pajamas. The fee for the encampment will be \$2. Each county will furnish their own transportation. Girls interested in camp should begin immediately to complete the required work.

In the afternoon, one of the most interesting places visited was the Confederate museum. In this building each Southern State that participated in the War Between the States had a collection room. Each student was very much impressed with North Carolina's room, it being one of the most beautiful rooms in the building.

From the Confederate museum the group was conducted to Battle Abbey, where some very costly and beautiful paintings of the Civil War were seen. Hundreds of portraits of the Confederate generals adorned the walls.

The seniors were very much impressed when they visited the rick house at the Confederate Soldiers' Home. While there the party was conducted voluntarily by an old soldier 92 years of age. He told several interesting incidents during his fighting under General Robert E. Lee.

The next place of historical importance was the old church in which Patrick Henry's famous speech, "Give me liberty or give me death," was delivered in 1775.

Many other places, such as William Byrd Park, Carillon Tower, Telephone Exchange Building, Memorial Hospital, Richmond Medical College, Old John Marshall Home and many scenes on the James River were visited.

The group is very thankful to Mr. Wood for his splendid hospitality and interest shown in conducting them over the city.

### FORD REOPENS NORFOLK PLANT

#### More Than Thousand Men Employed as Big Plant Starts Up Again

Taking the upward swing of automobile sales in stride, Ford Motor Company has reopened its factory in Norfolk, adding to the prestige of Virginia industry and at the same time evidencing its determination to make 1934 a Ford year throughout the South.

All Norfolk was elated when City Manager T. P. Thompson recently visited the humming Ford factory. There he accepted the keys to the first Ford car to come off the assembly line and offered congratulations to Mr. J. H. Wood, jr., resident plant manager.

More than 1,000 men are reemployed as a result of the opening. This means a decided boost to the combined payrolls of the city's industrial enterprises. Moreover, many local firms will gain through contracts placed by the revived Ford factory.

The production schedule is set high to meet the strong demand for the new Ford V-8 for 1934. Total figures for four Southern States released by R. L. Polk & Co., show a 94 per cent increase in registration of new Ford cars, January, 1934, over the same month of 1933. The Ford total is actually 55 per cent higher than January new car registrations of other low-priced cars combined, and 48 per cent of registrations of all automobiles for the same period in these states.

Southern motorists are choosing the stylish and powerful Ford V-8 car. What's more, they have been able to get prompt deliveries due to the manufacturer's foresight in stepping up production during the late months of 1933 and in January. With the Norfolk plant running at full blast, the

Ford Motor Company is ideally situated to meet the unprecedented demand for its product.

#### NOTICE OF SALE

Notice is hereby given that under and by virtue of the power and authority conferred upon the undersigned by that certain deed of trust bearing date of February 28, 1923, and of record in the public registry of Martin County in Book N-2 at page 405, said deed of trust having been given with and upon demand of owner of said note, the undersigned will on Monday, the 30th of April, 1934, at two thirty o'clock P. M., at the courthouse door in Martin County offer for sale at public auction for cash the property described in said deed of trust as follows, to-wit:

Situate on the east side of the public road leading from A. E. Smith school house to the old Robersonville and Williamston Road, in Robersonville Township, said State and county, adjoining the lands of Jasper L. Johnson, E. R. Johnson, T. L. House, the Hathaway lands and others:

Beginning at an old canal bridge on the public county road; running down said canal to a sweet gum, a corner; thence up the A. P. Barnhill line to a post oak; thence up the James line to a stake; thence out to said County road to a stake; thence down the said road to the beginning, the above constituting two tracts of the Mobley tract, and the other the Daniel Clark tract, containing eighty acres more or less, and being the one-half of the tract of land deeded to L. A. Clark by V. G. Taylor and wife by deed dated February 23, 1923, the above lands also described and called the Davis farm.

This the 9th day of March, 1934.

J. S. AYERS, Trustee.

mar-30 4t-w  
Hugh G. Horton, Attorney.

Beginning at the Magnolia Halliway and Arthur Johnson Corner in the center of said road, being said Johnson's Southwest corner, and running thence with the center of said road North 23 degrees and 30 minutes east 41.20 chains; thence N. 14 degrees and 30 minutes east 4.70 chains, a corner, being the old W. L. Johnson corner, in the center of said road, thence with the old W. L. Johnson line south 59 degrees and 30 minutes west 30.40 chains to the south W. L. Johnson corner; thence south 36 degrees and 30 minutes west 20.30 chains to a pine, a corner; thence north 59 degrees west 3.80 chains to a stake, a corner; thence south 31 degrees west 26 chains to a pine, a corner; thence north 57 degrees and 30 minutes west 17.75 chains to the beginning, containing 105.5 acres.

#### NOTICE OF SALE

The above lands are to be sold subject to all mortgages now of record in the Martin County Public Registry, prior to this deed of trust.

This 28th day of March, 1934.

J. C. SMITH, Trustee.

mar-30 4t-w  
Coburn & Coburn, attorneys.

#### NOTICE OF SALE

Under and by virtue of a judgment of the superior court at the March term, 1934, in an action entitled "R. A. Bailey et al vs. J. T. Barnhill, Surviving Partner of Barnhill Brothers," the undersigned commissioners will, on Monday, May 7, 1934, at 12 o'clock noon, in front of the courthouse door of Martin County, offer for sale to the highest bidder, the following described tract of land:

Located in Cross Roads Township, Martin County, beginning at J. T. Barnhill's corner on Highway No. 90, thence a southern course along a ditch to a branch; thence said branch a westerly course to C. T. Peel and V. G. Taylor corner; thence a northeast course to Highway No. 90; thence a western course with said highway and the old road to Collier Swamp; thence up said swamp a northern course to J. H. Roberson's line in a branch; thence up said branch an eastern course along J. H. Roberson's line to the Britton corner; thence a southern course along the Britton line to highway; thence with the highway an eastern course to the beginning. Containing 292 acres, more or less, and known as the White farm; that said deed is of record in the register of deeds' office of Martin County, to which reference may be had for a full and detailed description.

The terms of sale, 25 per cent cash of the purchase price and the remainder of the purchase price the purchaser is to execute note secured by deed of trust on the above property, due and payable on November 1, 1934.

This 27th day of March, 1934.

B. A. CRITCHER, J. C. SMITH, Commissioners.

### USE FULGHUM OATS IN SPRING

#### Recent Freezes Damaged Fall-Planted Small Grain To Large Extent

Recent freezes having played havoc with small grain and hay crops planted last fall, many dairymen and others have been seeking information about crops that may be planted now and will produce an early crop of hay this spring.

John A. Arey, dairy extension specialist at State College, recommends Fulghum oats for this purpose. However, the oats must be heavily seeded where the crop is to be cut for hay. At least three bushels of seed must be used per acre.

"If Fulghum oats are planted as soon as the soil will permit, they will make a larger yield of spring hay than any other crop that may be planted at this time," says Mr. Arey. "In tests made at the Upper Coastal Plain branch station near Rocky Mount, this variety of oats produced 2,400 pounds of hay per acre."

Mr. Arey also points out that where the crops planted last fall were well fertilized, it may not be necessary to add further fertilizer under the oats at planting. However, an application of about 100 pounds of nitrate of soda or some other quickly available nitrogen material will be highly beneficial. Apply the nitrate when the oat plants are from four to six inches high.

# Match the Performance of the FORD V8 for 1934 against any Car at any Price

THE car that flashed down a Florida beach to the world's land speed record was powered by the V-type engine.

The V-type engine knifed an Italian plane through the air at the record-smashing speed of more than 420 miles per hour.

On the St. Clair River, the V-type engine swept a speed-boat to the world's record of 124.5 miles per hour.

And that's the type of engine that powers the Ford V-8 for 1934. It's the only V-8 engine in a car selling for less than \$2,395.

That's why the Ford V-8 will streak down a highway at 60 or better. That's why it will purr along at 60 or 65 without the slightest effort. And why it is unsurpassed in acceleration by any American car!

Despite its power, the new Ford V-8 is the most economical car that Ford has ever built.

The new Ford V-8 gives you the riding ease of free action for all four wheels—with the safety of strong axle construction.

Before you buy any car at any price, drive the new Ford V-8.
