G. Staton on company. Arrangements are virtu- the county are receiving light and the Washington road and from Farwere dressing the hogs when the ofmele ficers tracked them to a tobacco barn. Terry and Page started running just as soon as they saw the officers, but Deputy J. H. Roebuck gave chase and brought them to a stop when he fired in their direction with his revolver. Both men admitted the thefts.

Carried before Mayor J. L. Hassell yesterday afternoon, the two men were bound over to the higher courts, and, unable to raise a \$600 bond each, they were placed in jail

Sheriff Roebuck worried during the past week or two by regular raids on hog pastures and chicken coops, stated today that he believed the two men were responsible for the little crime wave that has taken a toll of about 15 hogs, 100 chicken and a number of bushels of sweet potatoes in this county during that

Page and Terry have served several terms on the roads for various infractions of the law.

The arrests yesterday followed long search for tire tracks, the of ficers first going into Bertie and then into the Robersonville section before picking up the trail that led to the Terry tobacco barn. Officers have not quit their work, and they believe they will find where the 100 chickens stolen from Farmer Amos Perry last Sunday night and hogs foot missed several hogs some few days ago, and, following the Wednesday night raid, he started selling the remaining ones to Roberson's Slaughter House.

# **Telegrams Support** Plan of President L. Griffin.

Rushing to protest President Roosevelt's court proposal, the conservatives are believed to have about exhausted their power and the people are now taking a hand, reports stating that telegrams are flowing thick and fast to Congressmen and Senators, Mr. Bailey in paricular, upholding the President.

Completing their regular work last Monday, the Martin County com missioners turned to the huge prob lem of setting up values for taxation but at the end of a several hour ses sion Tuesday had reached no definite conclusion in the matter. Another session will be held by the commissioners next Monday when final action is expected in the ap pointment of list-takers, boards of spessors and the definite formulation of plans for placing property on the books to be made subject to 1937 taxation:

The only definite action taken at erreconvened session Tuesday was the appointment of Clarence Stallings, Jamesvill Township man, supervisor of all tax listings in the coun ty. Stallings, in accordance with laws governing property listing is to submit a list of list-takers for the ten townships and boards of assessors for each district for appoint-
