My Friends, the Democratic Voters of Martin County

To you, I wish to try to express my appreciation for the vote of confidence which you gave me on June 4th. I am indeed grateful for the trust bestowed upon me, and shall put forth every effort to serve you in every way.

If this seems to be an inadequate expression of my gratitude, it is due to the fact that I am unable to find words to convey my appreciation.

Don E. Johnson

An Appreciation

I desire to express my gratitude for the splendid and loyal support given me in the recent primary. Before deciding to enter the primary I sounded out in a limited way public sentiment and came to the conclusion there was enough sentiment for a chance to justify my candidacy. However, the majority of the voters have expressed themselves as favoring the present incumbent, and I cheerfully concede them the right to choose their officers.

To all I wish to thank you for your generous manner in receiving me and to those loyal friends who supported me without reward or hope of reward. I am of course especially indebted.

Sincerely,
H. D. HARDISON

Miss Evelyn Harrison returned to Durham yesterday after spending the week-end here with her mother, Mrs. L. B. Harrison.

Leaves for Greensboro
Miss Lora Sleeper leaves this week for Greensboro where she will attend school during the next six weeks.

Roosevelt Declares Epidemics In China Are Menace to World

Tells of Great Necessity for Relief in War-Torn China

Cable reports of the outbreak of a cholera epidemic in Central China have swelled the number of diseases now epidemic among Chinese civilian refugees to a ghastly total of six, Colonel Theodore Roosevelt, Jr., national chairman of the United Council for Civilian Relief in China, announced this week.

More than 50,000,000 non-combatant Chinese, the majority of whom are women and children, now are threatened by virulent epidemics of cholera, typhus, diphtheria, typhoid, amoebic and bacillary dysentery and scarlet fever, Colonel Roosevelt stated.

Quoting late dispatches from Shanghai and the interior received at the headquarters of the United Council for Civilian Relief in China, Colonel Roosevelt painted a picture of appalling disaster and need.

"More than 100,000 permanently destitute refugees are encamped in the Shanghai International Settlement," he declared. "Across the river at Nantao is one camp where 45,000 refugees, almost exclusively women and children, have food on hand for less than three weeks. Also, the new cholera epidemic has now spread to Pootung near Shanghai and wide areas there are virtually death houses.

"In addition to the humanitarian aspects of these conditions, which are horrifying the civilized world, there is urgent reason why Americans should be interested in helping to provide the means to control these epidemics," Colonel Roosevelt declared. "There is grave danger that the epidemics may spread beyond the borders of China and constitute an unprecedented menace to the health of the world. With our speedy methods of transportation and the constant travel between Asia, America and the European countries, there is the ever present possibility that an epidemic starting in one portion of the globe may spread to other places thousands of miles distant. Therefore, no matter how much we may be stirred by the humanitarian appeal of the Chinese

Are in Raleigh Today
Messrs. T. B. Slade, L. A. Clark and Jesse Crisp are in Raleigh today in the interest of the Martin County Agricultural association.

Is Visiting in Town
Mr. Lewis Lakatos, of Detroit, is here visiting his brother, Steve.

Visits in Rocky Mount
Bibb Bobbitt spent the week-end with relatives in Rocky Mount.

Were Here Sunday
Mrs. Raymond MacKenzie and daughter, Martha, visited here Sunday from Greenville.

Continues About the Same
Mrs. Walter Gresham, who has been ill at the home of her mother here for the past several weeks, continues about the same.

Condition Slightly Improved
George Harrison, Jr., ill in a Washington hospital for the past several weeks, is reported slightly improved.

Was Business Visitor Here
Mr. Charles C. Rodeffer, of Wilson, was a business visitor here this morning.

Civilian population, we have also a personal interest in the control of these epidemics," he pointed out.

Colonel Roosevelt urged Americans everywhere to aid the cause of humanity by attending one of the Bowl of Rice parties to be held on June 17 on behalf of the destitute Chinese non-combatants. The United Council is sponsoring more than 2,000 of these parties. Funds thus raised will be allocated to accredited relief agencies in China by the American Advisory Committee, in consultation with Madame Chiang Kai-shek. Colonel Roosevelt added. The American Advisory committee is an internationally famous group composed of nine prominent Americans now residing in China, he said.

An Appreciation

It is with much sincerity that I express my great appreciation for the vote accorded my candidacy for the Democratic nomination as the Martin County member of the House of Representatives in the primary last Saturday. The expression of confidence evidenced by the good people of our county will long be remembered by me, and it is my trustful pledge that I will do everything in my power to serve the people in an efficient manner, and to the very best interests of everyone.

Following an announcement of my individual position some time back in which I indicated that I did not intend to run for the position this time, a number of petitions carrying the names of several hundred voters in the County were placed before me urging that I reconsider and announce my candidacy. The office belonged to the people of Martin County who I had served, and I was advised that these voters felt that it was my duty to run; that I was in a better position now than ever to render to the county and state a public service. It has always been my policy to abide by the wishes of the people, and to do their biddings as ably as I know how as a public servant, with a keen desire at all times to represent the majority, and remain aware of the rights of the minority. I did not know what to do, at first, I conferred with many of my friends and public officials, and after a careful consideration of the petitions, letters, conferences and telephone requests, and after many sleepless nights, I felt it my duty to re-consider my former action, and did so, and announced my candidacy and as a result have been re-nominated to the office which I have held for the past two sessions of the General Assembly. I believe anyone in my position would have reached the same conclusion.

Now, I wish to thank all who supported me, and to express my appreciation for the kindness shown me, and to say that I have no ill will whatever toward anyone who opposed me, but only wish to serve all the people to the utmost of my capacity, which I pledge to do.

Hugh G. Horton

GIVE YOUR FEET a Happy Vacation

IN VITALITY shoes

Keep your feet cool and carefree—dainty and diminutive looking in Vitality's smart summer styles. Diamond shaped punch work designs—pinpoint and flower petal perforations bring charm and ventilated comfort to the correctness of white footwear. You'll love these Vitality shoes for the way they look—and better still, for the way they feel.
