Several young people have recently joined our church and others are planning to come by letter and baptism. It is very inspiring to have people steadily showing their interest in living for Christ and honoring the church. Nothing could be more delightful in church work than to prepare boys and girls for church membership. We are grateful to the parents and all of the rest who have brought these new members into

our fellowship and religious life. In remembering them in prayer, let us ask our Father to send more laborers into His fields. Perhaps He wants some of you young people to prepare for definite religious service at home or abroad. The Lordship of Jesus is recognized when we say "Thy will be done". The coming of the Kingdom waits for this commitment to be made.
