Auxiliary Presents Sanitation Program Aiding Hog Growers

Excellent results obtained through a swine sanitation program are be-ing reported by farmers in all parts of Eastern North Carolina, says H. Taylor, swine specialist of the State College extension servcie

As one example, Taylor pointed to the case of H. P. Swain, a Tyrrell county grower of Columbia, Route 1. Mr. Swain has a litter of pigs C. Davenport and Mrs. C. L. Wilson, that were born March 15 and wean-will be presented in the American ed May 16. At the time of weaning, erage weight of 57 pounds each.

John Waiton Hassell Post, on Satur-Swain washed her thoroughly with day, June 3rd. The skit is based on soap and water, oiled her, and Stephen Foster's music, whish has placed her on a one-fourth acre plot retained its popularity even though of green eats. When the pigs were the composer has been dead for 75 15 days old, a self-feeder was placpartments of the feeding device wer corn, a mineral mixture, and fish meal, so that the pigs could eat their choice of any of the three feds at

any time.
The young animals learned to eat even before they were weaned, and did not protest a great deal when was taken from them. The pigs are now making rapid daily

During the period February 18 to Miss Ruth Norton, troubadours. April 25 Mr. Swain also carried out Messrs. James Robert Daniel, Chas. a feeding demonstration with 25 a feeding demonstration with 25 Wilson, William Gray, Jr., Gene older hogs. At the beginning of the Taylor, Abner Simpson and Alton period the animals weighed an average of 109 pounds each. During the time up to April 25, they gained daily an average of 1 3-4 pounds each, and when they were sold on that date they averaged 195 pounds

In this demonstration, Mr. Swain kept corn, a mineral mixture, and protein supplement of equal parts of fish meal and cottonseed meal in separate compartments of the feed-

Uncle Jim Says

The State College Extension Service has found that the retail value of 58 foods produced by farmers and consumed annually by the typical workingman's family was \$195 in 1929, \$88 in 1932 and \$160 in 1937.

Applications Of Potash Control Cotton "Rust"

Experiments show that applica tions of potash made soon after chopping produces larger yields and controls "rust" damage in cotton This treatment is especially recom mended in the peanut section of the State where the disease causes con-siderable damage. From 50 to 100 pounds of 50 per cent muriate of potash or from 125 to 250 pounds of 20 per cent kainit should be used to the acre. The application should be made when the plants are about four inches high and as soon after chop-ping as possible.

Poor Lettuce Crop In New Hanover County This Year

Cold weather in February set the stage for a poor lettuce crop in New Hanover County this spring, and growers made only a small profit from sale of the vegetable.

Convention Program

Whoeler Martin, secretary of the Martin County Building and Loan Association, and vice president of WE M the North Carolina Building and Loan league, will give the response to the address of welcome on the program for the 36th annual convention of the league. The convention will be held this year at Wrightsville Beach, June 27th, 28th and 29th. Mr. Martin, as chairman of the By-Laws committee, will also give a report on the adoption of a new constitution and by-laws for

A very practical program of ad-dresses and discussions will be given, including forums on Appraisals, Wednesday, June 28th, struction Loans, June 29th. Among the new features of this convention are the special celebration for those who have been directors or officers of building and loan associations for 25 years or more; and an advertising business development contest. The latter will be in the main one dealing with newspaper advertising because this is the principal form of advertising used by building and loan associations of the State

Both employer and employee are charged with seeing that the employee has a Social Security number Benefits have been delayed many times and sometimes missed altogether because the employee had no Social Security number.

CARD OF THANKS

We wish to thank each and every-one for the lovely thoughts, kindand floral offerings, during the illness and death of our mother, Mrs. W. T. Meadows. Especially do we thank the neighbors, who were so helpful

McCLEES BROS.

CLAN We Have Changed to SINCLAIR

Effective June 1, 1939

We suspended the sale of Gulf Gasoline May 31, and in its place we have stocked that good Sinclair HC Gasoline. Sinclair gasoline and motor oils need no introduction-neither do they need any recommendation to the Williamston motorists. Modesty prevents our calling Sinclair the best in the gas and oil field -However, you do know they have no superior and are rated among the best gasoline and motor oils in the States-

We will endeavor to give even better service to our gas and oils customers with the stocking of Sinclair products. We extend to you and your friends a cordial welcome to visit our station when you need gasoline and motor oils.
