

**Christmas Seal Sale Is  
Progressing In County**

Pointing out that money invested in Christmas seals now will pay great dividends in protection against tuberculosis all during the year, Mrs. H. O. Peel is urging a continued support of the seal sale which was launched week before last.

Last year Martin County people bought 7,440 of the little stickers, and the chairman of the sale is hopeful the sale will exceed that figure this year.

**Good Clover Must Have  
Soil That Has Been Limed**

Experience has taught Sam Owens of the Gloucester community in Transylvania County that good stands of clover on his farm cannot be obtained without an adequate program of liming the soil.

Mr. Latham Thrower, who underwent a major operation in a Washington hospital last Friday, continues to improve.

**Government Pays  
Farmers To Plant  
Forest Seedlings****Given \$30 If They Plant As  
Much As Four Acres To  
Forest Trees**

The U. S. Government will pay North Carolina farmers to plant forest seedlings on their land and help reforest it, State Forester J. S. Holmes of the Department of Conservation and Development, said today.

Farmers cooperating with the Agricultural Adjustment Administration in carrying on soil-building practices and who are participating in benefit payments, may get an additional credit of \$30 each if they will plant as much as four acres of land to forest trees, according to a new bulletin just issued by the AAA in Washington.

"This \$30 will more than pay for the cost of trees and for planting them," said F. H. Claridge, assistant forester in charge of the State Forest Nurseries. "Farmers can buy enough trees and get them planted for \$4 an acre, so that the entire four acres should not cost more than \$16, leaving \$14 clear profit or to spend in planting several more trees."

Approximately 4,000,000 baby forest trees are now almost ready for distribution from the two forest nurseries maintained by the forestry division of the Department of Conservation and Development. These seedlings may be purchased for \$2 per thousand from the State Forester in Raleigh.

Most of these seedlings are loblolly, slash, shortleaf or longleaf pine, although there are several thousand seedlings of other varieties available, including cedar.

**Happenings In The  
Farm Life School**

Several of the grade mothers are entertaining the grades immediately preceding the Christmas holidays. The children are looking forward to the parties with much enthusiasm.

The Farm Life boys and the Independents of the community battled to a 30-30 tie Thursday afternoon on the school court. The school boys got an early lead with B. Daniels leading the shooting, but the Independents soon matched the boys ending the game with a tie. J. Griffin led the Independents' scoring with five points and B. Daniels led the Demons with six.

The line-ups:  
Demons: H. Manning, rf; C. Ward, lf; J. Daniel, c; B. Daniel, rg; L. Manning, lg.

Independents: A. Lilley, rf; F. Griffin, lf; L. Griffin, c; J. Griffin, rg; K. Harrington, lg.

Substitutions: Demons, D. Manning, C. Brown and H. Peele.

The basketball teams of Farm Life and Robersonville split a doubleheader Tuesday night on the latter's court. In the opener, the Robersonville girls led all the way, winning by a score of 35-11. The nightcap was a thriller with the Farm Life boys coming out on the long end of a 28-27 score.

The Gold and Black quint, coached by D. T. Wade, displayed its best form of the season by playing a good

brand of ball all the way. The Farm Life Demons forged ahead in the final seconds on a field goal by B. Daniels, after trailing most of the way by a score margin.

GET INTO THE *Mistletoe Mood!* WITH  
**Electrical Gifts!**

**THEY ALWAYS COMBINE  
BEAUTY AND UTILITY**

When you "Give Something Electrical" you give not for just "The Day," but for years. That's because Electrical Gifts keep on giving, and invariably say "Merry Christmas" day after day.

The combination of beauty with utility may arouse the enthusiasm of the recipient to the point of showering you with Christmas kisses. So what? (Hot water by wire will also remove these expressions of love easily—in due time, of course!)

So, ladies (to give merry lipstick) and gentlemen (to receive this welcomed expression), call your gift roll and Electrical Gifts answer "Present."
