

### Williamston To Play Goldsboro All-Stars Here On Wednesday

### Go into Action Against Atlantic Christian College Here Tonight

Williamston's Martins will return to action tonight at eight o'clock when they meet the Bulldogs of Atlantic Christian College in the local gym. This is a return meeting of the two teams, and the Martins will be seeking revenge for a defeat handed them a month ago by the Christians, in a game played in Wilson.

The Bulldogs are boasting one of their best teams in recent years, and the Martins will be hard pressed to turn in a victory tonight, but they will be giving their best, and the entire team is expected to be in top shape.

The Bulldogs are coached by Bill Herring, who needs no introduction to local sports fans.

Tomorrow night the Martins will battle one of the best semi-pro teams in the state when Manager Lionel Weil brings his Goldsboro All-Stars to town to face the locals. The visitors have a record of 25 wins in 27 starts for the season, and one of those wins was over the Martins early in the current campaign.

The All-Stars present a well-balanced team, headed by Doigt Morris, Don Dixon, Jimmy Peacock, Glenn Smith and several other star players, but the Martins will be loaded with good talent, also, as Don Brock and George Lauterers will be wearing Martin uniforms, along with the local boys.

The game for Thursday night between the Martins and Erwin Red Birds has been cancelled, due to the Birds being unable to make the trip here. Although Manager Critcher has a game pending with the Wake Forest All-Stars, to be played here, it is probable that the Martin-Goldsboro clash will be one of the last home games this season, so come out tonight and tomorrow night and see two good games.

### Is Getting Along Very Well

Mr. Harry Waldo is getting along very satisfactorily at his home in Hamilton, following an operation in a Richmond hospital several weeks ago.

### Jamesville 'Dudes' Win From Colerain

By JIMMIE REDDICK  
The Jamesville All-Stars changed their name last night to the Jamesville Dudes and defeated the Colerain Red Devils by a score of 63-30. The Dudes have a very unique uniform, red pants, white dress shirts and black bow ties.

"Spit" Martin led the Dudes with 20 points, while "Shorty" Corey was next with 14. D. Holliday followed with 13. Walters and Brown played excellent floor games and the uncanny shots and passes of Walters were superb.

Thursday night the Dudes will journey to Elizabeth City to play the Aces. The Dudes won their first game with the Aces by a score of 40-30.

The Jamesville All-Star girls, led by the Martin sisters, Margie and Louise, will also play that night in the Pasquotank capital.

The following night (Friday) the Dudes will meet the Red Devils of Colerain in a return battle in the Jamesville gym and a fine display is expected from the Jamesville stars. On that same night the Jamesville girls will meet the Chowan College girls in the opening game.

The Dudes have won six out of seven games this season, the defeats including Williamston, Elizabeth City, and Washington. The girls have not been defeated and have won over such teams as Elizabeth City and Washington.

### Teachers Take Time To 'Spank' Students On Basketball Court

The Williamston teachers will step down from their pedagogical pedestals on Thursday night to challenge the local high basketball teams for the campus supremacy. The first game will begin at 7:30 o'clock in the high school gym and there is "no telling" when it will stop.

The men's division will feature such big stars as C. B. Toxey, Bob Barrett, C. B. Toxey, Captain Hix, Sam Edwards, C. B. Toxey, M. B. Dunn, J. C. Manning and Mr. Toxey. According to latest bulletins the men are engaging the services of Williamston's king trickster, Pappy Diem, to outwit the Green Wave quint.

A regular parade of talent will be displayed by the squad of the fair sex including Irene Mizelle, Mildred Talley, Dorcas Knowles, Grace Talton, Mary Benson, Josephine Harrison, Dorothy Godwin, Betty Everett, Kathryn Mewborn, Nancy Glover, Lillian Edwards, E. G. Barnhill, Ethelyn Simpson, Mary Whitley and Ruth Manning.

### Weather Plays Big Part In Business

Everybody talks about the weather, of course. And with business people it isn't just "small talk," either, for the weather is a more important factor than many realize, in almost all business and industry. For instance, rising incomes on railroads, especially western lines, are credited to consistently heavy coal shipments this winter as a result of the severe and widespread cold weather. Some roads also see an improved crop outlook for next summer as a result of timely recent snowfalls.

And King Winter's almost unprecedented wallop at the Sunny South will be felt on many a northern breakfast table for months to come, in higher orange and grapefruit prices. Citrus growers of the Rio Grande valley had about half their \$20,000,000 crop harvested, at what they termed "unsatisfactory" prices, before the killing frosts arrived. . . . now they expect price increases to reimburse them for the large part of the crop that was destroyed. Some what the same situation may be expected with respect to southern-grown cabbage, beets, spinach and other vegetables. On the other hand, canned grapefruit juice may become more plentiful and cheap, as packers hustle to "process" large quantities of fruit which was ruined for fresh shipment but reclaimable for canning.

### Martins Are Felled By the Washington Gunners, 47 To 37

### Anderson and Beard Lead Offensive with 19 and 14 Points Respectively

Washington's Gunners avenged a recent defeat handed them by the Williamston Martins when they scored a 47-37 victory over the locals in a wild and woolly basketball game, played Friday night in the Beaufort County capital as the feature of a doubleheader attraction before a large crowd.

Washington gained the tip-off, but the Martins soon took possession of the ball and at the 40-second mark Oscar Anderson dropped in a field goal from side court. Beard was true on a beauty from way out and then Anderson dropped in another to give the locals a 6-0 advantage, which had increased to 10-2 as the first quarter ended. Washington came back stronger in the next quarter and scored 11 points while holding the locals to 3 to make the first half end 13-11.

The third quarter found Pap Diem leaving the game via the personal foul route, and he was replaced by Ace Villepique, who made his first appearance in a game since before Christmas, due to a long siege of typhoid fever. Ace played a nice game despite the fact that his illness left him very weak. Washington pulled away from the Martins in this period as everything didn't go so well with the locals and the winners soon built up a lead which could not be overtaken, despite a last period rally headed by Anderson and Beard.

Outstanding for the Martins was Anderson who scored 19 points and played a fine floor game, and Beard, who was next with 14. Breezy also turned in another good defensive display as he held Jim Waller to seven field goals, half of which were made from crisp shots as Waller gathered up loose balls near midcourt.

Boyd Owen, with 20 markers, was high scorer for the evening.

| The line-ups:  | G  | F  | T  |
|----------------|----|----|----|
| Williamston    |    |    |    |
| Wallace, f     | 0  | 1  | 1  |
| Anderson, f    | 9  | 1  | 19 |

### Many Tenants Are Applying For Loans

To date 7638 applications have been received from tenants, sharecroppers, and farm laborers in North Carolina to buy and improve farms under the Bankhead-Jones Farm Tenant Act during the fiscal year 1940, according to Vance E. Swift, Raleigh, state director of the Farm Security Administration.

"Appropriations having been limited by Congress to only a few loans in each county designated for tenant-purchase loans, it is estimated that only about 450 to 500 loans can be made in this state this year to buy farms," Mr. Swift said. "However, many applications, once on file, may be reconsidered when additional money is appropriated by Congress." Funds are allocated to the various states on the basis of farm population and prevalence of tenancy.

In 1938-39, first two years the tenant-purchase program was in effect, 7021 applications were received for the 395 loans available. The program was started in 1938 in only 17 North Carolina counties, and this year to 100 or to every county in the State.

The Bankhead-Jones act was passed by Congress in 1937 in an effort to stop the alarming increase in tenancy. The 1935 census had disclosed that 42 per cent of American farmers as compared with only 20 per cent fifty years ago, and that a third of these tenants, or about a million families, move every year at a huge cost to themselves, their landlords and the nation.

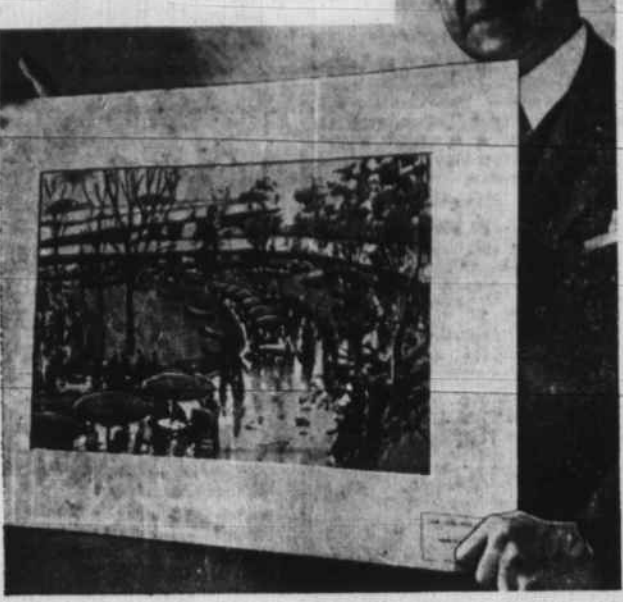

Mr. Swift pointed out that tenants usually move in mid winter, taking children out of school in the middle of the term, and leaving friends and community ties. He further pointed out that tenants with short-time leases do not have the same incentive to improve buildings, to plant cover crops or plan other soil-building practices as do farm owners.

Co-ops  
The American consumer cooperative movement can list the past year as the greatest year of progress, with more than 2,000,000 customers doing an estimated annual business of

**ADMINISTRATOR'S NOTICE**  
Having this day qualified as administrator of the estate of Maggie Dickens, deceased, this is to notify all persons having claims against said estate to present them to the undersigned within one year from the date of this notice, or this notice will be pleaded in bar of any recovery. All persons indebted to said estate will please make immediate payment.

This the 26th day of January, 1940.  
ELISHA DICKENS,  
R.F.D., Robertsonville,

### A World's Fair "Discovery"

FIVE years ago a New York architect began painting as an avocation. He never received any formal art training. Now, past fifty, he has suddenly had forty-three of his water color paintings shown at the New York World's Fair, bought by the Fair. They will be sent on an exhibition tour of the large and small cities throughout the country.

Done with gayety and a profusion of color that perfectly mirrors the spirit of the mad, carefree Fair carnival, these water colors will delight millions.

Here is E. W. Chrystie, artist "And" who was accidentally discovered by a member of the Board

### Clay County Boy Is Club Champion

Roe J. Deal, member of the Brass-town 4-H club in Clay County, has been selected as the State champion in 4-H club work for the year 1939.

An examination of the records and accomplishments of leading club members by L. R. Harrill, 4-H club leader and his associates of the State College Extension Service, reveals that young Deal has done the best all around club work over a period of years and therefore will be awarded a four-year scholarship to State College.

Funds for the scholarship were provided by Chilean Nitrate of Soda Educational Bureau through A. G. Floyd, in charge of this work in North Carolina and himself a graduate of the college.

"Roe Deal has complete records on eight years of excellent club work," said L. R. Harrill in announcing the scholarship winner. "He began as a club member when he was only ten years old and has carried one or more projects each year since

that time. How he has progressed in his efforts is shown by the fact that he produced only 37 bushels of corn an acre when he started but pushed his yields to 104 bushels an acre. He has carried projects running all the way from personal health to growing turnip greens and was successful in nearly all of them."

Deal has carried a corn project every year since beginning his club work but in addition he has secured a calf of his own, a poultry flock, kept records on broilers, has some pigs, and has grown sweet and Irish potatoes, spinach, tobacco and almost every other crop that can be produced in Clay County. He summed up his activities in a complete record book bound with an inlaid walnut cover and showing that in addition to project work he had taken part in all community activities; had been an officer in his local club and had attended the annual State College short course for club members.

He won a trip to the National Poultry Congress this past year. Harrill says the boy is every inch a champion.

In Kinston Last Week-end  
Miss Elsie Jackson visited friends in Kinston last week-end.

### Raising Of More Food And Feed Crops At Home Urged

Through the extension service program, more farmers of Wilson County will be taught the necessity of raising more food and feed crops at home this year, says Farm Agent J. O. Anthony.

### ADMINISTRATRIX NOTICE

North Carolina. Martin County. Having qualified as administratrix of the estate of C. A. Harrison, deceased, this is to notify all persons having claims against said estate to present them to the undersigned within one year from the date of this notice, or this notice will be pleaded in bar of any recovery. All persons indebted to said estate will please make immediate payment to the undersigned.

This the 19th day of Feb., 1940.
