Is the Wiring Modern?

The wiring is one of the most important features connected with building a new home. The fact that we have been in business right here in Williamston for the past quarter of a century — doing practically all the wiring in the section during that time — should be ample evidence that we know our business.

And when you call us in to help in your electrical problems, you get the benefit of all our years' experience in supplying the needs of the community along this line.
