Timely Hints For Motoring Public

By INSPECTOR M. J. McLEOD Highway Safety Division

What is the rush? When we get there, we will just sit. Why not leave a little earlier, so you can drive slower? It is better to get there late than not at all.

Be courteous at all times when driving. Don't try to take all of the road. Be sure and dim your lights when meeting a car at night. The other driver will appreciate it. Also drive slower at night and rainy weather.

Watch out for children and old people on the streets and highways. Slow down, as nobody wants to cripple or kill anyone.

If you don't know the rules of the road, ask for a copy of them.
