

Congress Expected To Amend Tobacco Act This Session

Elder S. B. Denny Will Preach In Jamesville
Elder S. B. Denny, prominent churchman and able minister of Wilson will preach in the Jamesville Primitive Baptist Church Sunday morning at 11 o'clock, it was announced today.

The church is extending a cordial invitation to Primitive Baptists over the section and members of other denominations to hear Elder Denny.

Political Organizations Are Few In This County

Candidates for governor are slow in perfecting their organizations in this county. No one has been named to manage any of the candidate's campaigns, but wait until filing time is spent and announcements can be expected.

Mrs. Mamie Taylor has returned to her home in Everetts after spending several days with her daughter, Miss Hattie, in a Wilson hospital, where she is recovering from an appendicitis operation. Miss Taylor is a student at A. C. C. Wilson.

4. Farm allotments would be stabilized on the basis of the 1940 acreage allotments.

This amendment would remove the present provision in the act that the marketing quota for any state shall not be less than 75 per cent of the 1937 production of flue-cured tobacco in the state, and would provide instead that the national marketing quota for the next three years shall not be reduced more than 10 per cent below the 194-41 marketing quota and that the farm acreage allotments for the same years be adjusted uniformly in relation to the 1940 allotments, with the exception that any farm allotment of one acre or less shall not be reduced below the 1940 allotment.

Also, one per cent of the national quota is to be set aside for use in making adjustments of quotas found to be inequitable.

5. Provides penalties on excess marketing.

The amendment would permit the carrying over by producers of tobacco from one marketing year to another without payment of penalty on tobacco that is "within quota" in the year from which it is carried over or if a smaller amount of tobacco is produced on the farm in the year to which the tobacco is carried over so as to make possible the marketing

of the tobacco within the farm marketing quotas by selling just prior to the beginning of the marketing year rather than during the normal marketing year also would be prevented.

6. Levies additional fines on warehousemen failing to cooperate in enforcing observance of marketing quotas. This amendment would strengthen enforcement by increasing the fine upon any tobacco warehouseman or dealer who fails or refuses, after notice of 15 days, to make a true report or keep true records as required with respect to quotas. The additional fine would amount to \$100 for each 10,000 pounds of tobacco or fraction thereof, bought or sold by a warehouseman after the date of such violation, provided the fine does not exceed \$5,000.

Warehousemen present gave their wholehearted endorsement to the proposal on the ground that their future depended upon the success of the program. The regulations with respect to records and reports, it was assumed, would be prepared after consultation with the warehousemen and dealers.

Offer Blood for Poland

Dr. Seymour J. Zauderer takes samples of blood from Irene Polaaki and Sam Deutscher at the Paderewski Fund headquarters in New York. The two were among volunteers who have offered to sell their blood to help raise funds for Polish relief work.

Downward Trend Is Reflected In Home Construction Costs

(Continued from page one)
are unable to rent buildings. No one can predict just what the future holds, but it is fairly certain that present conditions warrant a continued expansion in Williamston's building program. A goodly number of people think so anyway, and if present plans develop the value of building contracts in 1940 should push that of 1939. Plans are already underway for the construction of several new homes and commercial buildings.

A. M. Whitehurst Died Last Sunday

(Robersonville Herald)
A. M. Whitehurst, prominent farmer of Martin County, died at his home near here Sunday night at 9 o'clock from a stroke of paralysis. Mr. Whitehurst had been in ill health for four or five years and was confined to his home and bed most of the time. He was 67 years old and is survived by his widow and several children. The last rites were conducted by Rev. E. C. Shoe, pastor of Mr. Whitehurst. Interment was made in the local cemetery Monday afternoon at 3 o'clock.

Last In Series Of Pictures Scheduled

During next week the final picture in the series of productions scheduled before the closing of the public schools will be shown throughout the county.

The name of the picture is "The Stream of Life." It is a sound motion picture portraying "A Life Drama of Faith Reclaimed."

It is the story of Philip Maynard, who is born on a country farm, the son of Christian parents. As a young boy he goes to the city with his parents' blessing and an inscribed Bible from his mother. After a while success, fame and fortune become his. He pays dearly for their possession. He loses his faith in God. Grief and despair follow. His daughter dies, then his wife. Life flows on and he comes to believe that God has been unjust to him. Full and placid in its flow, the stream of life flows on and nears the mighty ocean. Philip, now an old man, lies in a quiet room, he dreams—It's a great picture. Don't miss seeing it.

Lovers of good music can't afford to miss this picture. Never before in the history of motion pictures or radio has there been such an inspiring musical score recorded for religious presentation. Included in the score are more than 20 of the great hymns of the church, with other well known music from Handel, Tschaiikowsky, Bach, Grieg, Brahms, Mendelssohn, Schubert and others. Following is a partial list which indicates the wide range of melody: Rattle of Spring, Home Sweet Home, Savior Like a Shepherd Lead Me, Melody in F, Onward Christian Soldiers, Herceuse, Just a Song— at Twilight, Nearer My God to Thee, Come All eY Faithful, Cradle Song, Brahms; Jesus Loves Me This I Know, Largo, Handel; Tell Me the Old Old Story, Nocturne, Chopin; Ave Marie, Schubert; Spring Song, Mendelssohn, and many others, all played by the internationally known organist, Mark Matthews.

The following schedule will be followed as closely as possible:

Monday, April 8—Williamston high school at 9:30 a. m.; Jamesville high school, 1:30 p. m.; Gold Point schoolhouse, 8 p. m.

Tuesday, April 9—Oak City high school, 10 a. m.; Everetts grammar school, 8 p. m.

Wednesday, April 10—Williamston colored high school, 1:30 p. m.; Hamilton grammar school, 8 p. m.

Thursday, April 11—Robersonville high school, 9 a. m.

Friday, April 12—Bear Grass high school, 9:30 a. m.; Farm Life high school, 1:30 p. m.; Williamston grammar school, 8 p. m.

This picture will be shown for the public in Bear Grass, Robersonville and perhaps in Washington, N. C. Proper announcement will be made regarding place and time.

The public is cordially invited to all of these night showings. If you can't see it in one place, see it in another. There is no charge of admission. A free will offering is taken at each showing.

Collins Speaks To Farm Forum About Peanut Crop Tests

(Continued from page one)

use of landplaster," the specialist said.

In a test conducted in this county last season, the farmer made a profit of \$9.07 by using potash, and in another plot lost \$6.59 by applying gypsum.

Another test is being planned in the county this season, and the results will be closely observed.

At the last-night meeting, County Agent Brandon stated that two demonstrations had been planned in connection with a movement to adopt a one-variety cotton for the entire county. Farmers Robert Everett, of Goose Nest, and C. Abram Roberson, of Robersonville, have agreed to make the tests and at least one other demonstration is being considered. There is much interest being shown in the one-variety cotton, and if farmers will cooperate in its advancement, the movement will, no doubt, mean extra money in the pockets of cotton farmers.

The next forum will be held on Thursday, April 18, and all farmers are urged to attend. About 35 farmers were present for the session last evening.

Start Drive Next Week For Cancer Control Movement

(Continued from page one)

ctors, and civic leaders, the importance of conveying educational information to the American people and of impressing upon them the necessity for eternal vigilance in this fight for humanity. This fight can be won only when physicians, scientists and public health officials are effectively aided by a public opinion that is well informed regarding the few basic facts of cancer control.

This condition applies to practically the all-important fight against the disease will be started here next Monday. Literature is being placed in the hands of school children for distribution among their parents, and every person is urged to recognize the importance of and lend their support to the movement. This county raised approximately \$65 last year for the control movement which has been heartily endorsed by Governor C. R. Hoey in this State.

Postpone Banquet Out Of Respect To School Leader

Learning of the death of Mr. B. M. Worsley, educational leader and a friend of the school, Oak City juniors immediately postponed their banquet for the seniors, Principal H. M. Ainsley announced yesterday.

Scheduled for this evening, the gala annual affair was postponed until Tuesday, April 16.

J. W. VanLandingham, highway employee, has been transferred to Tarboro.

A Letter of Importance to Every Martin County Farmer

F. S. ROYSTER GUANO CO.
MAKERS OF

Royster

FIELD TESTED FERTILIZERS

Norfolk, Virginia, March 26, 1940.

Peoples Trading Co.,
Dear Mr. Roberson:

"Penny wise and pound foolish" is an old saying, and it's true.

Right now a farmer may save 25c to 50c an acre on his fertilizer purchase and think he is wise; but if by so doing he reduces his yield \$5.00 to \$10.00 per acre, next Fall he may change his mind.

There are bargain counters everywhere loaded with merchandise that nobody wants but the shopper who is looking for price and usually getting what he pays for, and no more.

Satisfaction in quality and value when you buy bargain counter merchandise is the exception rather than the rule.

Every ton of Royster's we can supply this season will be Sterling Quality—one quality only. We don't offer the farmer a cheaper grade to meet a cheaper price.

You can do your customers no greater favor than to remind them that—

THEY GET EXACTLY WHAT THEY PAY FOR.

Very truly yours,
F. S. ROYSTER GUANO COMPANY
WHR-jp W. H. RAY, Manager.
