Navy crepe with white.

By VERA WINSTON  
YOU CAN'T beat the navy blue frock, especially when it is touched up with crisp white. Here is an attractive model of novelty weave navy crepe. It is two-piece, the front embellished with a crisp white bow at the base of the neck and a lacing down the front. The cuffs are also of white pique. The jumper top is drawn into a buckle in back at the waistline in Polonaise effect. The skirt is fully flared with the center seam front and back.
